Ernie Potts, pictured above, realtor at 2772 Sullivant-av, headed a party of eight Columbus hunters into the Perry Sound district of northern Ontario, Canada. He reports a very successful week, with each hunter bringing back a deer. Mr. Potts was successful in bagging a big buck and doe 10 minutes apart. His glory lasted only one day as Tom Crevoiston topped his record by killing three deer the next morning.

St. John Lutheran Dedication Rites To Be Sunday

The new basement addition of the St. John Lutheran Church, W. Broad-st, near Hague-av, will be dedicated Sunday, Nov. 18, 3 p. m. An open house will continue until 5 p. m. Rev. C. T. Langholz, pastor, will be in charge of the service with Rev. C. E. Linder, editor in chief of the Sunday School literature for the American Lutheran Church, as speaker.

The new addition, second step in an expansion program, will be used primarily for educational purposes. The first step was a new heating system and plans for the future include an East addition for a pastor's study and church office, and a new auditorium.

Entertainment for the dedication will include music by the church choir and the male quartet. The church has a communicant membership of 550 and a Sunday School enrollment of 230.

Death Ends Medical Career Of Dr. Howard Whitehead

Dr. Howard Whitehead

Funeral services held Wednesday in Glenwood Methodist Church at 2 p. m. marked the end of 58 years of service to the community as a physician and benefactor for Dr. Howard Whitehead, 83, of 2239 W. Broad-st. Death came to the widely-known Hilltop physician at his home Saturday, Nov. 10.

In recent years, Dr. Whitehead became the recipient of many honors in recognition to his devotion to the practice of medicine and his interests in church, civic organizations and youth activities.

Prominent in Methodist church circles, he was one of the founders of Glenwood Methodist Church and was once a trustee of the Methodist Union. A staunch supporter of the YMCA for 20 years, he served as a board member of Central YMCA and at the time of his death was a board member of Hilltop YMCA. His interest in youth activities brought him the honor of honorary citizen of Boys Town.

He was a founder and at the time of his death a director of the First Federal Savings and Loan Co. At one time he was president of the Columbus Academy of Medicine and maintained his affiliation with the Ohio and American Medical Associations although he had officially retired as a practicing physician.

Dr. Whitehead first came to the Hilltop in 1893 with his father from Westerville. He began the study of medicine at old Starling Ohio Medical School, now incorporated into Ohio State University. He is listed as an alumnus of Ohio State University.

Dr. Whitehead was a lifetime member of the Hilltop Kiwanis Club in which he was very active. He was also a member of West Gate Lodge 623, F&AM and of Scottish Rite.

Camp Fire Girls Learn Art Of Doll Making

Camp Fire and Bluebird girls are pictured above as they receive instruction from Mrs. Lillian Taylor, 129 Southampton-av, in the art of making dolls. On Saturday afternoon Mrs. Taylor will again be at Hilltop Branch library to again instruct the girls, each of whom takes a half yard of muslin scissors, needle and thread. Mrs. Taylor cuts the patterns and aids the girls in making dolls like those she displays above.

Strikes Again Halt Westgate School Work

Union versus non-union labor is continuing to halt any progress on the new Westgate School to be located at Westmoor and Parkside-dr. According to the contractor, Angelo George, work has been stopped for about three months. Actually, a very small beginning was made on the site.

Mr. Cromer, engineer with the board of education, is "provoked." According to Cromer, everything from the public consideration of the problem to the final awarding of the contract was done strictly according to law and yet work is being held up against the will of the public. Cromer stated that he is sure the difficulties are not the responsibility of the contractor and he is confident George would like to see work progressing.

Construction deadline set with the contract was Apr. 1, 1952, which is now obviously an impossible completion date. Cromer also pointed out that extensions must be granted contractors for interferences beyond their control which includes—strikes.

West Broad-st. Widening To Be Finished Early

According to the contractor for the improvements on Broad-st the project may be completed before the Nov. 30, 1952 deadline, it was reported Friday. Gildo Gusso, operator of the Complete General Construction Co., which was recently awarded the $448,775.69 contract, is taking the optimistic attitude.

The project includes 50 to 60 feet on W. Broad-st, from Hague-av to Roys-av, widening nine feet on each side with concrete base and resurfacing with asphaltic concrete. The city (15%), the state (35%) and the federal government (50%) will share the costs.

Title Award Is Delayed After Central Hi Forfeit

There's an air of hopefulness round about West High School these days and in all probability by Monday there'll be an outright explosion when West High School is announced as the champions of the City High School League football campaign which ended last Friday night.

Tuesday afternoon L. K. Replogle, assistant superintendent of schools partially cleared the air surrounding the 12 day old controversy over the eligibility of Central High's stellar end Ted Alexander whose presence in the Central lineup on Nov. 2 was protested by East High School just prior to the East-Central clash.

Revised Standing

Here's a revised standing of the City High Football League II so further errors are found in the other six eligibility lists.

City League Standing

Team	W.	L.	Rtg.	Pts.	Op.
West	6	0	12	111	44
East	4	2	8	116	86
North	3	3	6	103	88
South	2	4	4	83	108
Linden	2	4	4	38	121
Aquinas	2	4	4	27	77
Central	2	4	4	26	27

In Tuesday's session with principals of Columbus high schools, Replogle said, "Mr. Slager of Central has submitted a statement that Ted Alexander has been ineligible for inter-scholastic athletics this semester because of a violation of the semester rule. It is apparent there was no intentional violation upon the part of anyone in connection with Central High School to violate any rules and the incident is unfortunate and regretable. It is my understanding that under the OHSSA rules in case of playing an ineligible player that forfeiture is automatic and may not be waived by the opposing school."

Under an agreement reached by the principals of City League schools the award of the championship for the season just ended will not be made until all schools have made complete checks of their eligibility lists in order that a repitition of the incident may not occur again.

The huge new store which has recently risen on W. Broad-st is slated to be ultra-modern in every conceivable manner and offers to

Mrs. Thompson Declares Ad Kept Family Busy

Mrs. Martha Thompson, 272 N. Warren-av, sold a model A Ford by placing a classified ad in the Hilltop Record and West Side News. She said, "Busy—we surely were."

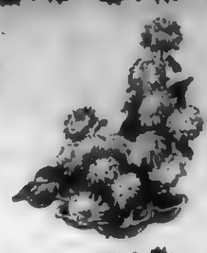
The following ad, "For sale—Model A. Ford, good condition, RA. 4458," Kept Mrs. Thompson's mother and son busy all day answering the phone. She sold the car on the first call.

If you have anything to sell, rent, or if there is something you need, call us at RA. 1125 and we will be glad to serve you.

West Reserves Win City Loop

The West High Reserve eleven defeated the Tiger Cubs of East Tuesday to finish the season with a record of five wins and a tie (North) and to take the city reserve league. East, which scored first in the bout, went down 20-6 to the victorious Cowboys on their own field.

West tied the score 6-6 in the second period when Bob Steffens hurled a touchdown pass to Ken Harper. The lead went to the Hilltop boys when Larry Nafziger passed to Bill Smith for a 60-yard gain in the third quarter.



Another pass, this time from Bob Steffens to Bill Smith, finished the scoring in the final period. Tom Ongaro made good by placement kicks two of the three extra points.

ANOTHER FROST

Just yesterday this maple tree
Was garmented in leaves of flame
And now they lie a fireless heap
Upon the earth from which they came

When April's promise warms again
And quickens sap which now is thinned
A host of other leaves will bud
And lean against the summer wind.

Another frost will strike them red
And drip their crimson life away
Around the feet of one who stands
And meditates as I today,

And holds the summer to her breast
A moment in a robe of leaves
Denying sound of running feet,
Rebellious, smiling while she grieves.

"I Remember Grandma." I always remember her, but on Ohio's "Grandma's Day" I rembered some little things about her that I had almost forgotten. The gay nineties were not so gay for farm women. Their kitchens were drab and inconvenient. My grandmother was a farmer's wife but her kitchen was the favorite of all the rooms in the rambling old house. In an era when most kitchens were painted a dull brown, Grandma had dared paint her walls bright yellow. My grandfather has told us that the first thing Grandma did when he took her to his parents' home as a bride, was to take down heavy curtains that kept out the sunlight (it faded carpets, you know) and hang yellow dotted swiss curtains at the windows, much to the amazement of his mother and the neighbors. Grandma thought a house should be lived in; since most of her time was spent in the kitchen she wanted it bright. She later had the "parlor," which was of course used only for funerals and weddings, heated and lighted and turned into a living room, a rather daring and rare thing in those days I'm told. Grandma raised six boys. She also raised six orphaned grandchildren. She weighed approximately ninety pounds and had no help, except when her children were born. I remember her best as a tiny lady sitting by the window, "watching" her beloved hills and listening for Grandpa's steps to come from the barn, and feeling her grandchildren's faces. For Grandma was totally blind the last three years of her life. She always worried that she was a burden to her family. She thought that since she couldn't see and couldn't work with her hands she wasn't doing anything. But the things she did! We all went to Grandma for advice and comfort, not only her family but neighbors; even the minister and doctor talked things over with Grandma. Nobody ever left her home unfed, uncomforted, or feeling unloved. All of us remember Grandma, and not just on "Grandma's Day."

WINS TRIP

One of the senior girls at Hilliards High School has been going around in a happy daze these days. Why? Because she's won a trip to National 4-H Club Congress at Chicago. It will be held Nov. 24-30.

Helen Kidwell, our happy senior, was the state Canning Achievement winner. The trip to Chicago was the state award.

Along with winning, she was a guest on a radio program, Nov. 7, over WOSU. It was Hometime, a program for women. She was interviewed on her canning project and her other 4-H activities.

FOREIGN FARMERS VISIT
By Kay Carmichael

On Monday Nov. 19, a group of 26 farmers from North Africa, Italy, France and Scandinavia will be guests at Hilliards High School.

They will be accompanied by Dean Hutchinson, associate dean of the college of Agriculture at OSU and Dr. Ralph Bender, chairman of the Department of Agricultural Education at Ohio State.

Their object will be to visit and observe a rural elementary and grade school which includes a balanced and complete agricultural education program.

Farms of representatives from the Agricultural classes at Hilliards High School, the Young Farmers group, and the Adult farm group will be visited and observed. The visitors will also attend the regular weekly meeting of the Young Farmers group on Nov. 19.

Hilliards Home Ec. Department under the leadership of Miss Mary Kohler will cook and serve dinner for the 26 foreign guests, Franklin County Superintendent George Beery, Dr. Bender, Dean Hutchinson, Supt. M. D. Hartsook, agriculture instructor Leon Boucher, and the local F.F.A. president, George Miller.

RAT BANQUET

Farmers of the Hilliards Community were well supplied with the main course for the county-wide rat banquet held Nov. 9. The generous supply of food on hand for the banquet was due largely to the efforts of the Hilliards F.F.A. Chapter. Members of the chapter enlisted the aid of their farmer friends and neighbors to sponsor the important farewell banquet for all the rats in the community.

The Future Farmers secured orders for 230 pounds of the poison which contains Warfarin, one of the most modern rat poisons. The bait is compounded by the U. S. Bureau at Wildlife Labratory in order to acquaint farmers with the action of Warfarin.

The chapter awarded pest hunt credits of 25 points per pound of poison sold. LARRY HETRICK was the highest scoring salesman, earning 750 points by selling 30 pounds of the bait. Runner-up was DONN KRIEGER, who sold 25 pounds to earn 625 points.

Several members of the chapter recently attended a demonstration on setting bait conducted by a Federal Wildlife Specialist. These boys will in turn demonstrate correct bait-placing to their fellow chapter members and farmers in the community.

INITIATIONS
By Stella Butcher

One of the outstanding club events of the year took place recently when the Tri-Hi-Y and the Hi-Y held their joint initiation at the high school auditorium. The Hi-Y held their initiation first, then the Tri-Hi-Y. Both ceremonies were by candlelight. This is a special initiation service for new members of the Hi-Y and the Tri-Hi-Y.

After the ceremonies the clubs were honored by having four guest speakers: John Winkler, Glaze Thompson, M. D. Hartsook and James Williams, who were representatives of the Town and Country Branch of the YMCA. They commented upon the excellent candlelight initiation service.

Delegates from Grove City, New Albany and Canal Winchester were present as guests of the evening. All parents, ministers and special guests were invited to the tea table arranged in the rear of the stage. Committee chairmen in charge of arrangements were: Social—Evelyn Polis, House—Mary Hoffman.

Girl Scout News

A Girl Scout Uniform Exchange has been established and girls who would like to purchase or sell a Brownie or Girl Scout uniform are urged to contact Mrs. John Neff, 811 S. Harris-av. Her telephone number is RA.8820.

To renew friendships this year the girls of Troop 149 invited all their mothers to a tea at the home of Mrs. Leroy Hunt. They presented pin cushions they had just completed, to their mothers. At present they are making shoulder bags for themselves, which they hope to have completed before Christmas. They are made from various materials such as felt, corduroy and plastic.

The girls in Troop 149 are Janet Gove, Connie Yerian, Marsha Calahan, Sandra Sue Smith, Carolyn Mitchell, Emily Spangler, Judy Howard, Lora Sparks and Susan Turner. They are all working very hard to finish their requirements so they can "fly up" and become intermediate scouts in the near future. Mrs. Carl Frazier is the leader and Mrs. Lester Yearian has been assisting her.

Troop 368 has just welcomed a new member to their troop. On Nov. 8, Rosemary Stafford was invested by Mrs. L. G. Shaver the leader. The girls of troop 368 recently enjoyed a wonderful party given at the home of Mrs. Stan Noel the assistant leader, and now they are working on Christmas presents for various members of their families.

Cold winds and rain did not dim the spirits of Troop 228 as they held a wiener roast on Nov. 6, at the home of their leader, Mrs. George Ralph. However they did have to boil the wieners on the stove and drop the marshmellows in hot chocolate. After consuming the food the girls enjoyed contests and games, planned by Mrs. Darrell Johnson, assistant leader.

The girls in Troop 228 are Frances Bell, Karen Cline, Patty Everitt, Bonnie Grashel, Karen Hogg, Janet Irion, Bonita Johnson, Katherine Lemery, La Donna Prillerman, Ruthanne Ralph, Elaine Wunderle, Sandra Mielke, Doris Flewellen and Lana Case. Mrs. W. F. Cline, a new member of the troop committee, was kind enough to furnish transportation for the girls.

Rome's Mayor Race Decided; Roesch Quits

The controversy in New Rome's election was "settled the day after election," according to Mrs. Giddon Roesch, wife of the incumbent mayor. There was no need to flip a coin says Mrs. Roesch for her husband, Giddon Roesch, had stated even before the election that he was not a candidate and he positively would not accept the post. Roesch has officially conceded the election to his opponent, Joseph Smith. Both the Smiths and the Roeschs are staunch Rome boosters.

The election difficulties arose when both men received two votes on a write-in ballot. All the Rome posts were filled by write-in because an insufficient number of persons to form a caucus was present when the ballot was made up, according to the board of elections.

According to election officials many ballots contained write-in names of non-residents of the actual village of Rome and many others had eligible write-in names but failed to mark an X as well. This was given as explanation for the four votes for mayor when it is estimated that 50 people participated in the election.

The Christmas Seal Fights TB

The jolly pixy Santa Claus with dashing cap and copious beard peers engagingly from the new 1951 Christmas seal.

But mischievous as he looks, Santa has a very serious purpose.

Saving lives — perhaps yours, or your child's!

You see, here in Franklin County, those gay little seals raise the money to support the entire program of your local TB association. The Columbus Tuberculosis Society, sponsors of the countywide Christmas seal sale, conducted entirely by mail, receives funds from no other source.

Take a quick look at their record!

The Christmas seal has bought nearly 30,000 free chest X-rays, just since last November, in Franklin County industries, communities, and schools — discovered TB or other chest abnormalities among more than 1,200!

In 1950 alone, all students at West High and Holy Family School, 159 Hilltoppers, and nearly 600 high school students and residents of Hilliards received this free service.

The Christmas seal has financed a health education program for local schools and professional and civic groups. The Christmas seal has furnished a rehabilitation program; research in TB; and fought for better legislation in tuberculosis control.

Amazing that this little seal — originated 45 years ago as the first in the U. S. — can do so much? Perhaps, but don't forget! It is YOU who make this possible. Every sheet of Christmas seals you buy insures a better TB control program for your community.

When you buy — and use — Christmas seals this holiday season, you will be saying thanks for the blessings you have, and you will be giving the blessed gift of health to others all during 1952.

Some people like to walk. It is good exercise and it gets you to many places where you want to go. There's nothing wrong with walking except that nine or ten thousand pedestrians walk themselves to death each year. There's something wrong with walkers who permit such a toll. You can keep out of these grim statistics and keep your walking useful and pleasant by consistently observing a few common-sense rules as outlined for the current pedestrian safety campaign by the Safety Council of the Columbus Chamber of Commerce. Cross streets only at corners or where there is a marked crosswalk . . . crossing in midblock is one of the most common causes of pedestrian accidents . . . Before you cross a street look to the left and right and then keep watching for turning cars and reckless drivers . . . Never dash in front of or behind a bus or other vehicle. Be careful—and take steps to keep living!

"SMALL BUSINESS"

By C. WILSON HARDER

The government anti-trust suit against professional football leagues has observers in Washington wondering.

• • •

There is probably violation of anti-trust laws in professional football just as there is in professional baseball. In fact, Senator Ed Johnson (Colo.), interested in the Western league, has been trying to break down the anti-trust laws for organized baseball.

C. W. Harder

• • •

However, monopoly practice in professional football is not the issue raised in the suit. The suit is over the refusal to permit televising of home games.

• • •

It is felt the action may be a ruse whereby an attempt is being made to discredit the anti-trust laws in the public mind.

• • •

If a group of men promote an athletic event on a private risk basis, there is no obligation on their part to see that the event is televised so that those who do not feel like buying a ticket will not miss a game. The establishment of anything else could lead to many, many things.

• • •

For example, if this suit is won under the cloak of anti-trust laws, it could be possible for small boys everywhere to file suit demanding Barnum & Bailey and other circuses, to televise the circus when it comes to town. This would delight small boys but bankrupt the circus.

• • •

It is also curious that government action is directed against professional football.

• • •

The universities also have a clamp on televising football games, for fear of hurting box office receipts. But there is this difference: State universities are supported by public taxation.

• • •

If it is illegal to refuse to permit televising of a game, then it is felt that action should be first directed against tax supported schools with football teams.

• • •

However, the big question raised is this: Why is the government so anxious to provide free shows for the people, and yet reluctant to enforce anti-trust laws in the manner intended.

• • •

In ancient Rome, when political corruption became too great, free circuses were provided to divert the minds of the masses.

• • •

There is probably a touch of both ideas in this action. There is growing resentment among voters on government failure to vigorously follow up the anti-trust suits in the oil industry.

• • •

The complete unanimity of price structures between supposedly competing oil companies has long caused public wonder.

• • •

And the motoring public knows that in a business operated completely without conspiracy, and without monopoly practices, there should be at least a tiny bit of price competition somewhere. This same situation prevails in many other industries.

• • •

Therefore, it is felt, this suit against the professional football clubs is not only an attempt to win voter's favor, but is also an attempt to becloud and confuse the public on the real purpose of the anti-trust laws.

• • •

But most thinking Americans would rather have freedom of enterprise created by the enforcement of anti-trust laws, than free football created by the misuse of the anti-trust laws.

Cowboys Upset Favored East Tigers In Grid Season Finale By 24-12 Score

As this scene was being enacted on the West 45-yard line last Friday night a big sigh arose from the West stands. Charlie Hunter, high scoring ace of the Cowboys, is prone on the turf and there is plenty of consternation to be seen on the faces of Coach Pemberton at left and West players. (Record Photo)

In this bit of ruinous action Jerry Johnson sneaked across the East goal line from one-yard out to rack up the first of West's four touchdowns in their upset victory last Friday night. Johnson, incidentally, is somewhere beneath that pile of players, just over the goal line. (Record Photo)

The West High Cowboys, playing one of their best games of the season, upset the speedy East High Tigers by the score of 24-12 last Friday in their final game of the year. The Cowboys scored twice in the second and fourth periods as their running and passing game was working perfectly.

West threatened twice in the first period but couldn't score until early in the second period Charley Hunter returned an East punt to the 20 yard line. Whitey Smith drove to the 18 and three plays later Hunter went for a first down on the three yard line. Smith and Hunter carried to the one-foot line from where Jerry Johnson sneaked across for the score. West's second score was set up by a 37 yard pass play with J. Johnson throwing to Ted Johnson. Hunter rammed up the middle from the six to make the score 12-0.

East came to life in the second half when early in the fourth period the Tigers climaxed a 60 yard drive with a 20 yard touchdown pass from Bob Salmans to Norm Ingram.

West took the fight out of the Tigers when Count Bayse cut inside his right end and raced 62 yards down to the East three yard stripe. Two plays later he fought his way into the end zone to make the score 18-6.

Two minutes later, line-backer Eddie Gleibs intercepted a Tiger pass and went to East's 11 yard line. Hunter drove to the six and then romped through a big hole in the Tiger line to score his second and West fourth T.D. of the night.

East took Gleibs' kickoff on the 16 yard line and behind timely blocking Homer Wallace raced 84 yards to end the scoring for the night. The Cowboys gained 201 yards rushing and 108 yards passing as compared to East's 107 rushing and 60 passing. West hit five of 16 passes while the Tigers had five of 17. West had 14 first downs and East eight.

Score by periods:

East	0	0	0	12—12
West	0	12	0	12—24

Pictured here is a sopping wet but extremely happy trio. Cowboy coaches, Fred Heischman, Mack Pemberton and Dave Randall beam their happiness at the West victory over East. All three had just emerged from the showers where they were tossed by the jubilant West players.

Scatback Charlie Hunter is pictured above as he barrelled his way across the East Tigers' goal Friday night to add more points to his season total and to garner high scoring honors in the City League.

Hilliards Outscores Hamilton-Twp.

Hilliards gridders again showed their appreciation for their new athletic field last Friday night in downing Hamilton Township 38-35 in a free scoring tilt that had spectators wild during the last half.

During the first half of the contest both teams were fairly even with the score 12-7 in favor of Hilliards during intermission. The second half however, was a different story with both elevens displaying a wide-open free scoring brand of football.

Kappy Evans of the Hilliards squad was in his glory by racking up scoring runs of 56, 48 and 15 yards. Bill Boden also scored twice for the winners, once on a 70-yard gallop and again on a one-yard line buck.

Churches Aid Christmas Seal Sale

During the next few weeks, 70 churches in Franklin County will use 25,000 special bulletins during their Sunday morning services to commemorate the 1951 Christmas seal sale. The skeleton programs, bearing a replica of the seal, have been furnished the churches free by the Columbus Tuberculosis Society. The annual Christmas seal sale provides the sole support for the Society, its free chest X-rays and other anti-TB measures.

Pictured at Hope Memorial Presbyterian Church, 29 S. Eureka-av, where the programs are being used as song sheets, is David Morris, son of Mr. and Mrs. T. R. Morris, at 171 S. Roys-av, who is a member of the newly-formed junior choir.

SPORT SLANTS

By "Duck" Jaques

The West High Cowboys ended their 1951 football season with a very impressive victory over East High last Friday. This game extended their winning streak to four straight, and their overall record for the season to seven wins and only two losses.

The Cowboys opened their season with a 19-7 conquest of Marion Harding. Marion was the only team to defeat Central on the playing field this year. West then outscored Arlington's Golden Bears 21-12. They took their third straight, when they upset a highly touted South eleven 33-13. Charley Hunter had the best night of his career as he scored all five of West's touchdowns.

Mac Pemberton's crew were the victims of some bad breaks and over-confidence the next time out and they dropped their first game of the year to an aroused Central team 26-7. The next week they traveled down to Hamilton, where they lost to one of the best teams in the state 34-21. They learned a lot of football in this game even though they didn't get a victory.

The homecoming game had the Cowboys showing a new found spirit as they defeated Aquinas 19-0. They showed North that they had the desire to win when they scored on the last play of the game to upset the Polar Bears 20-19. Playing on a snow covered field, the Cowboys skated to victory over hapless Linden 13-0. They proved they were of championship caliber last week when they completely outplayed East to the tune of 24-12.

The Low Down On High Ridgers

By One of Them

Well, Thanksgiving is coming up, the Thanksgiving dinner is going down, and Halloween has completely disappeared. But, speaking of Halloween, we mustn't overlook that young DICKIE SMITH won the prize for wearing the most original costume for his age group, that night.

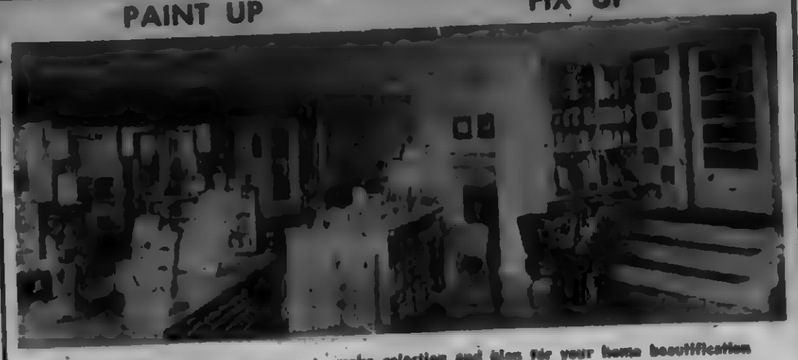
LT. LOWELL COOPER is enjoying his furlough at home with his family. He flew home in such a jiffy he even left some of his clothes back in Japan. But who cares? We hear he may be stationed in the States. Hurrah! He traveled from Tokyo, to Alaska, Tacoma, Chicago and Port Columbus.

We offer congrats to MR. AND MRS. DON REYNOLDS who brought a new son home from Mt. Carmel this week.

CAROL, the daughter of MRS. AGNES ROBINSON, has accepted the "voice scholarship" during the rest of her school year. "The Lord's Prayer" was her entry composition, and she sang it beautifully. Future star, neighbors. Just watch!

If you are doing your Christmas shopping early, don't do what LELIA HIMPF did last week. Brought home a doll last Saturday, set it down too hard, and cracked her skull. 'Twas a case for the emergency squad but LELIA just simply bought a wig for it. Little JANICE wanted real hair on her dolly anyhow, so now she'll have it for sure.

Guess who went to the Pittsburgh game Saturday. Yes—MYRNA and BILL HAYDEN. They're in Pittsburgh for a week now with BILL'S family. Have fun!



Popping corn, AMELIA BROWNLEE got burnt by a kernel. She lifted the lid of the skillet and pop! right out onto her eye-lid. And you know how tender your eye is! It swelled up all night and the next day. But now she is as good as ever.

See you next week, folks!

Looking Ahead with J. W. Worrel

"I believe in insurance," a man said to me the other day.

"That's fine", I said. "I wish everyone were like you."

"Yes," he went on, "I'm sold on it. I've covered my house against fire for $4,000; I've covered my car for $1,000; I've covered my furniture for $2,000; I've got some nice antique stuff, you know."

"Do you reckon you'll be able to replace the damage if you have a fire," I asked.

"Just about," he said. "And, by the way, I've got a life assurance policy, too."

"Splendid," I said. "And, if it's not being impertinent, how much life assurance have you?"

"Five thousand bucks," he said proudly, grinning all over his face.

"And you reckon that will replace the damage if you die?" I asked, perhaps a little grimly.

Of course, my friend had made a common mistake. When thinking of his house, his car, his furniture, he quite properly figured their value before he insured. But when it came to his own life, he just thought that $5,000 looked nice on paper. It was better than nothing, of course, but it didn't take him long to realize that he was worth more than "five thousand bucks."

You too, are probably worth more life assurance than you now carry. Think it over — then give me a call. I will gladly discuss — in confidence — any problems concerning your life assurance arrangements.

Thanksgiving

The pilgrims who inaugurated Thanksgiving Day left their homes to make the perilous trip across the Atlantic for more than a piece of land. They risked their lives and wealth to win the right to worship freely — to live democratically. It was on these basic principles of liberty that our great nation was founded. It was for these principles our forefathers fought so long and so valiantly.

We, who are the inheritors of this fine tradition, are faced by a threat now, too. So this Thanksgiving Day, when we sit down to our laden tables to feast and give thanks to a benevolent Lord, let us add a determined resolution to rededicate ourselves to these democratic principles. Let us resolve to preserve for our children the very same freedom our forefathers fought to give us, freedom which has brought us such abundance.

Vows Exchanged In Huron, O. Unite Miss Slyker, Mr. Cave

Mrs. Richard K. Cave

Marriage vows were exchanged by Miss Yvonne Slyker and Mr. Richard K. Cave on Saturday, Oct. 27, 2:30 p. m. in the Evangelical United Brethren Church of Huron, O. The bride is the daughter of Mr. and Mrs. Clarence E. Slyker, Huron, and the groom is the son of Mr. and Mrs. Ray Cave, 603 Crescent-rd.

Miss Marilou Taggart of New York City, former roommate of the bride at Union Seminary, was the organist for the wedding.

A gown of traditional white Skinner satin designed princess style, with a mandarin collar was worn by the bride. The long sleeves tapered to points over the hands and the tight bodice with tiny white buttons down the front accented the full skirt made with a peplum in the back and ending in a train. The veil made of imported French illusion was held in place by a crown of seed pearls and consisted of a double net veiling edged with lace. The bride carried white phalaenopsis orchids on a white Bible, gift of the groom.

Miss Margaret Johnston of Columbus attended the bride as maid of honor. Miss Martha Berndt and Miss Barbara Zempel, both of Willoughby, O., were bridesmaids. The former Miss Slyker was preceded down the aisle by two flower girls, Miss Kathie Slyker of Huron, niece of the bride, and Miss Kathy King of Findlay, cousin of the groom. The attendants' dresses were patterned after the bride's gown. Miss Johnston wore green satin and carried a crescent shaped bouquet of gold chrysanthemums. Miss Berndt and Miss Zempel wore gold satin, and carried crescent shaped bouquets of deep red and orange chrysanthemums. The flower girls wore dresses of green satin also patterned after the bride's gown and carried small fall bouquets of chrysanthemums.

The guests were seated by Mr. David Stewart of Evanston, Ill., and Mr. Paul Howland of Youngstown, both fraternity brothers of the groom; Mr. Henry Slyker of Huron, brother of the bride, and Mr. Paul Silcox, of Brewster.

The first evening the coach outlined a few things that he wanted in a player. The first practice session was held the following night after school. Four of the first 10 men from last year's squad are back. They are Larry Evans, Dick Link, Don Fluor and Carl Sally. The latter two are lettermen. The squad will eventually be eliminated to 15 players.

There is a committee to make the stage base, one for the home scene, one for the hospital scene, and one for the scene at Uncle Chris' home. As much as is possible the pupils are making everything that is to go on the stage, furniture as well as dolls to represent the characters.

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Editor:

On the editorial page of the Columbus Dispatch a few days ago was an article written by Sokolsky on "The need of a moral revolution."

The article was timely and spoke the truth. But why is our nation and the world in the grip of war, selfishness, crime and subversion?

There are enough churches in our country to reach all the people, but only half of them are members.

Our schools touch every home where there are children.

The church stands for spiritual uplift and the schools are supposed to mold character.

In spite of these two institutions our country is enwrapped in sin and inequity.

Recently an evangelist in a "Back to the Bible" radio broadcast said that there are three classes of people in our country.

First the natural man who has not accepted Christ; second, the spiritual man who has accepted Christ and walks with Him in spirit; third, the carnal man who is a church member but is no different from the natural man. He goes to church and makes his contribution, but it is only a form, a mantle to cover up his questionable life.

Ministers know this, but too many are afraid to speak the plain truth lest they offend some liberal contributor.

Schools are failing in upholding a high standard of morality, because authority has been taken away from the teachers. We have many sincere teachers who would insist upon obedience if parents would cooperate. Right there lies the main difficulty. When children are disobedient and teachers punish for it, the parents enter the picture and uphold the children.

According to F. B. I. reports the major part of the crimes committed are by children of teen age.

Churches and schools are spiritual and moral builders, but there is the record of the FBI. Why the record? Draw your own conclusions.

Another factor enters the picture. We have lax law enforcement by our public officials. This is true from Washington down through state and municipality. Too many public officials are in league with crime and corruption. Instead of punishing the culprit, whitewashing methods are used. So all along the line, there is a general let down. Too much indifference on the part of the people. They have tolerated it too long.

So the timely article by Sokolsky. But there is hope yet. The light of an aroused public is shining through the darkness as was indicated in the last election. May this spirit grow till November, 1952.

J. A. Downey.

BECAUSE FATE MAKES NO APPOINTMENTS

"Heaven from all creatures hides the book of Fate,
All but the page prescribed,
their present state."

It is never a question of WHETHER one will some day own a burial plot. It is rather a question of WHEN—and UNDER WHAT CIRCUMSTANCES.

Shall it be "some other time" because the need does not seem imminent today? Or now when, by a single, simple act, you can GUARANTEE that the hasty getting of burial space will not be the first agonizing responsibility of a day already dark with grief?

Daily, the obituary columns remind us that Fate is no respecter of ages. That it is she, not we, who chooses the day of need. That she is just as likely to strike suddenly and unexpectedly as to number our years by generations.

Shall we tempt Fate by playing guessing games with her—or knew the peace of mind that comes from having forever settled one of Life's most important obligations?

Decide TODAY to solve this important problem. Visit

Garden Club To See Slides

Colored slides of her Western trip shown by Mrs. Floyd Martin, 1969 Sullivant-av, will set the theme of the Highland Garden Club, scheduled for 1:30 p. m. Monday, Nov. 19, at the home of Mrs. H. R. Gibson, 269 S. Brinker-av. Besides pictures of cacti in bloom and gardens in Mesa and Phoenix, Ariz., where she and Mr. Martin spent the winter, there will also be pictures of scenic trips of California and the National Parks. Mrs. Martin will need no introduction by the program chairman, Mrs. W. L. Monaghan, 2915 Olive-st, since she is a member of the club.

A post mortem of the late mum show was held in October at Schmelzer's Restaurant, will be discussed by the president, Mrs. C. V. Williams, 126 W. Shreyer-pl. The social committee assisting Mrs. Gibson includes Mrs. C. J. Randall, 80 N. Terrace-av, and Mrs. C. V. Williams.

Directed Course

Do you know any people who are afraid of joining a church?

Perhaps they aren't actually "afraid." Yet they do admit a fear that the principles sponsored by churches might be "too confining" for them.

Those people have their answer in this picture. Like all rivers, this one, too, is confined—confined by banks on either side.

Yet without those banks, what would any river be?

A swamp. That's all. . .

Just a swamp.

Mental confinement is not the church's purpose. Aiding men and women to expand the channels of their lives into a steady stream of conscious, productive living—*that is* the mission of the church most fully realized by those who join its rolls.

The banks of the mightiest rivers are so narrow at their source that a man may step across. But at the river's mouth are great, useful harbors and bays that form the climax of its course.

So it is with the life of every man who accepts the church and the word of God.

A man's heart deviseth his way: but the Lord directeth his steps.—Prov. 16:9.

THESE FIRMS INVITE YOU TO ATTEND THE CHURCH OF YOUR CHOICE.

"I stalled the car right on a railroad crossing," a woman driver was telling her friend, "and there was a train coming." Her husband interrupted, "There was no train coming." "Of course there was," wifey continued. "A train was coming *sometime*." That wasn't such a dumb statement, either. The Safety Council of the Columbus Chamber of Commerce says many people are killed and injured at railroad crossings because drivers carelessly depend on the law of averages and their luck. It would pay every driver to keep in mind that woman's simple statement — "There's a train coming *sometime*." And that sometime may be the minute you try to cross without being sure there is no train coming. Slow down and look carefully. If there is more than one track, be sure a second train isn't coming. Watch for that train that's due *sometime*—and live to drive for a *long* time.

Victim of Excitement Creates More of Same

Excitement ran high at the West-East game Friday night and above is pictured a victim of the excitement who created quite a stir herself. When this girl passed out from over-excitement and it was necessary for police officers and ambulance workers to come to her aid, odd stories of fights, falls, and other catastrophies circulated through the crowd.

Here you see her being lifted over the curious crowd and away from all the football excitement. Not as easy a job as it looks at this point for the girl had to be lifted, hand over hand, down over the heads of the crowded spectators.

Ross Cleaners Giving Away Free Turkeys

Big, fat turkeys will be given away next Tuesday, Nov. 20, at Ross Cleaners stores, Charley Ross, president, announced this week.

"We're doing it in a spirit of fun . . . and appreciation for the good business our friends have given us in neighborhood stores," Mr. Ross said.

Just drop in at a Ross Cleaners store; ask for a free turkey raffle ticket, fill in your name, address, phone number and drop in a box prominently on display at 1195 W. Broad-st and 2826 W. Broad-st.

A drawing will be held at 5 p. m. on Nov. 20 in each of these stores. You need not be present to win. A Ross Cleaners representative will phone your home; a Ross Cleaners truck will deliver your turkey to your home in plenty of time for roasting for Thanksgiving dinner.

State Youth Rally Scheduled For Thanksgiving

Every Protestant clergyman in Columbus and Franklin County has been listed as a registrar for the State Youth Rally to be held in Columbus Thanksgiving week-end, Nov. 23, 24 and 25, when ten denominations will hold state rallies and gather at Memorial Hall for three interdenominational mass meetings or rallies, at which between 2,000 and 3,000 Protestant young people are expected.

"Every young man and woman is important to us," the headquarters arrangements committee urged. "This meeting is one of the most important youth gatherings ever held in this state. It comes at a time when the theme 'God's Power — Our Strength' is one that needs vital emphasis. Confusion that reigns in all strata, the world over, looks to youth and the future in hope, and youth and the future must look to God, our strength, or fail."

National youth leaders of the Methodists, the Baptists, the Evangelical United Brethren church, the Evangelical and Reformed church, and the National Council of Churches will attend, giving their denominational gatherings and the mass meetings extraordinary importance.

Times Are Changing

It was interesting reading but to all who have been in the service it surely must have brought a chuckle. It hardly seems possible.

We have reference to the story last week that the "avy says it is making a careful study of a recommendation that its officers be rated on their ability to conserve men, money and materials.

Our guess is that it will never get beyond the study stage.

Think This One Over

A government report just issued shows that the CCC price support program has resulted in a net loss of $31,252,000 for the first three months of the current fiscal year ending June 30, 1952. The net loss for the fiscal year ending at that time was $345,599,000. That's what the taxpayers are paying to keep prices up!

East Refuses Grid Title After West Hi Forfeit

BULLETIN

East High School's Principal Austin Beeancon declared late Tuesday, "Let's forget all about the championship. We don't want it. After all, we lost to both Central and West."

"It was one of the most difficult things I have ever had to do in my life" was the comment of West High School Principal Irvin Young, Monday morning as he left the stage of the school following a special assembly in which he announced the forfeiture of all but one of West High's grid victories.

Immediate forfeiture of games was made by West High officials when they learned of the ruling of the state athletic board that West's stellar tackle Tommy Thomas was ineligible for athletic competition under Rule 8, Section 1.

The state board ruled that Thomas who moved here last summer from Oklahoma was not eligible to play for West. Thomas, whose mother is dead, has been living with friends of his father on the Hilltop. His father is due to move here next month.

Thomas was cleared as a West student and his tuition waived by the city school board early in September but the case was never presented to the state athletic board. West officials had believed that his acceptance as a student by the city school board constituted a reasonable basis for his eligibility.

Here the little known rule under which the case of Thomas a former All-Oklahoma High tackle was decided:

Rule 8—Section 1: If a pupil who has been a member of a team or a candidate for a team transfers to a school from a district in which his parents reside without a corresponding change in the residence of his parents, he shall not be eligible until one year from that date of enrollment has elapsed."

The state athletic association has the power to waive transfer requirements in the case of orphans, students from broken homes and those who are wards of the state, but in the Thomas case no waiver was made inasmuch as the matter was not brought to the attention of the board until after the close of the season.

As a result of the forfeit of its league victories by West, the City League race of this year is more muddled than before. Prior to West's forfeitures, Central too, had been forced to relinquish its victories and the title because of the ineligibility of Ted Alexander on a protest made by East High officials.

With West and Central erased from the picture via the forfeit route East was handed the league title although they had been whipped by both Central and West. It marked the second time that East has taken the title from West by virtue of forfeitures.

Charles Bennett Dies Suddenly At Phoenix, Ariz.

Charles Bennett

Funeral services for Charles Bennett, 38, who gained local prominence as music director at West High School, will be held Friday, Nov. 23, at 1:30 p. m. in Woodyard Funeral Home, 255 E. State-st. Bennett who left here in 1949, died in Phoenix, Ariz., where he was making his home.

A graduate of South High School and Ohio State University where he held a master's degree in music, Bennett brought the spirit of his college alma mater to the West High marching band and the know-how of Charlie Bennett's college band, to the West High swing band.

He was a veteran of World War II, a member of Columbus F&AM No. 30; Columbus Federation of Musicians; accompanist and assistant director of the Orphans Club of Phoenix, a member of the Phoenix Lion's Club and a former member of Hoge Memorial Presbyterian Church.

Survivors include his wife, Helen; one daughter, Karen Jo; parents, Mr. and Mrs. Ben Bennett, 653 Rinehart-av, and a brother, Harry, of Worthington.

FIREMAN HURT

Fire Lt. Ralph Burden, 36, of 139 Parkside-dr was treated at White Cross Hospital after receiving a punctured left thigh in attempting to enter a building at 541 N. High-st to douse a fire. His leg was cut on glass at the Lorenna Eastern Industries. A gas stove located too close to a wall caused $5 damage.

Workman Hurt In Fall Still Serious

Norfman Richardson, 41, 344 N. Warren-av, was in "fair" condition at Mt. Carmel Hospital, Monday, after suffering a fractured skull Thursday when he fell from a scaffold while working on his new home at 3060 Steele-av. He hit a stone when the 12-foot-high scaffold fell.

His father-in-law, Otto Schatz, 68, of the N. Warren-av address, also fell but was treated and released from Mt. Carmel Hospital for less serious head injuries.

"Community Beautiful" Is HBA Slogan For Decoration This Year

"Make the Hilltop, The Community Beautiful" is the slogan adopted by the Hilltop Business Association and other organizations as they make final plans for the erection of the annual Christmas decorations on W. Broad-st and Sullivant-av.

With $2,000 tied up in the annual yuletide decorations consisting of 106 plastic electric units, the association also sounded an appeal to all individuals and civic organizations to aid them in defraying the costs of decorations this year. Last year the HBA financed the decoration scheme alone, but increased costs have caused them to ask for aid from public spirited individuals this season.

C. E. Campbell, executive secretary of the organization, this week said many have already contributed to the Christmas Decoration Fund as well as several organizations and that with the aid secured thus far, plans are now being mapped to decorate W. Broad-st from Wheatland-av to Binns-blvd and Sullivant-av from Wheatland to Huron-av. Erection of the decorations will begin within the next week, he said.

Original plans to decorate more extensively have been curtailed by lack of sufficient copper wiring to cover the originally planned area.

Anyone wishing to contribute to the decoration fund may do so by attaching their contribution to the blank below and mailing to the Christmas Decoration Fund, c/o Hilltop Business Association, 3163 W. Broad-st, Columbus 4, O.

News Photo of War Prisoners Brings Hope To Local Mother

Lee Murray, 21-month-old daughter of Lt. Jack L. Murray, kisses her daddy's picture goodnight every night before being tucked in bed. Lt. Murray was unofficially identified by Mrs. Murray, pictured holding the baby, as the prisoner of war shown in a newsphoto sent her by a friend. The magazine on her lap is open to a story of other such identifications by women all over the United States.

After almost a week Mrs. Jack L. Murray (Betty Evans) is still wondering if the newsphoto sent her by a friend is that of her husband, Lt. Jack L. Murray who has been missing in action since Aug. 24. The issue was confused when the young mother saw a picture in a current edition of Life Magazine with another lady identifying the same man in the picture as a brother.

Lt. Jack Murray

"It sure looks like Jack"; declared Mrs. Murray. "He had a habit of standing with his thumbs in his pockets and the man in the picture is standing just like he did." The picture, showing six prisoners of war in North Korea, is blurred and the faces aren't clear enough to make positive identification. The missing man also kept his hair cut short "so that he almost looked bald." "The man in the picture has this same kind of crew-cut."

The airman's wife had a previous belief that he was still living because she was told by a friend in the air force that 11 parachutes were seen opening from the stricken B-29 which Murray was piloting in a bombing raid on Rashin. Recent atrocity stories, however, made her worry more and wonder for his safety.

Mrs. Murray and little Lee Murray, 21 months old, reside at 782 S. Wayne-av.

Standard Oil Terminal Is Near Completion

The Standard Oil of Ohio's new $750,000 terminal on Wilson-rd just north of W. Broad-st is now in partial operation and will be in full swing early in 1952, J. P. Sharkey, division manager said this week.

The terminal site covers 40 acres. The company sold 30 acres to the Westinghouse interests who are currently constructing a multi-million dollar plant a mile west on Phillipi-rd.

The new terminal replaces the current one at 3445 W. Broad-st. Equipment at the W. Broad-st terminal including huge tanks will be moved to the new site, according to Sharkey. Employment will continue with from 50 to 60 men.

Standard has a line from the fields near Lima which it will tap in front of the new site. New tanks are being put in all above ground.

The company will eventually abandon the W. Broad-st terminal and put up a service station there, according to Sharkey.

Texas High School Honors The Late Lorayne Kirchner

The L. A. Kirchner Memorial Scholarship Fund has been established at Austin High School, El Paso, Tex., in memory of the Late Lorayne Kirchner, who was band director at Austin High for 22 years. Mr. Kirchner was the son of Mr. and Mrs. Charles Kirchner, 566 Columbian-av.

The scholarship fund will be used to aid promising band students to continue their musical education in college. Initial funds establishing the scholarship were provided by a memorial concert given by the Austin High School Band.

In addition to perpetuating the scholarship fund, the school has placed in Mr. Kirchner's memory an upholstered chair, properly inscribed, in their Memorial Room. They are having an oil painting made of him to be placed in the school and are also placing a marker on his grave.

During his 22 years at Austin High School, Mr. Kirchner developed one of the finest high school bands in the Southwest. His bands won over 70 consecutive first place awards in competition with other bands. They entered the annual San Carnival Parade 12 times, winning first place each year.

WANTED — A Fighting Chance

Three-Year Old Billy Bumgarner In Battle For Life Against Ravages Of Rare Disease

With eyes bigger than those of his favorite teddy bear, three-year-old Billy Bumgarner seeks comfort from his mother, Mrs. Neil Bumgarner, as he rests on the hospital bed loaned him by the Columbus Cancer Clinic. Young Billy has been ill six weeks with dreaded Ewing cancer.

Billy is a very sick little boy, for that matter even the best doctors cannot tell his mommy and daddy, Mr. and Mrs. Neil Bumgarner, 31 S. Burgess-av, if Billy will continue to live. And Billy needs a place to live. If you please, a place that mommy and daddy can afford.

Six weeks ago Billy, a typical three-year-old, began to limp slightly, he was in pain, then he refused to walk. No . . . it wasn't polio. It was "Ewing cancer" or "bone cancer" a little known disease that rarely strikes the young. Since that time the Bumgarners have averaged $80 to $200 a month for doctor bills and some doctors, said Mrs. Bumgarner, "Haven't even mentioned the fees—yet." Billy, who has cancer-clinic ambulance-service, rides to and from the doctors and hospital all week long.

All this frightens the lad and he must have his mother close at hand. That is why the Bumgarners found it necessary to hire a girl to care for the home and take care of Billy's little brother, Tommy, 18 months old. The girl lives in and receives room and board and $15 a week.

Blue Cross and Blue Shield have paid almost $400 in hospital bills.

Fred Lanch, president of the West Junior Hi-Y Club, is shown presenting the history to Mrs. Emrick of the Hilltop Public Library and to Mrs. Lumley, the librarian of West High School. West Junior High and West Senior High library each received a copy.

Only six percent of the money raised goes to the national organization—and that for rehabilitation, research, and better legislation to fight tuberculosis.

Gun accidents go up with a bang during this season of the year. That's an explosive hint to hunters from the Safety Council of the Columbus Chamber of Commerce.

West Side Business Enterprise Expands; Will Hire Workers

John Maclam, 672 S. Eureka-av, well known on the Hilltop and West Side for his business affiliations, has expanded the building at 368 W. Park-av, which houses Bemco, the Buckeye Engineering and Manufacturing Co., it was announced recently. Maclam has been noted since he first organized his small parts business at his home in 1943, for his cooperation with local business people. He is always willing to buy and hire, first, from a Hilltop or West Side source.

The expanded building will be landscaped along the total 85 foot frontage and W. Pat Mulholland, office manager, points out that they left room in the rear to expand more if necessary. The growing business which does sub-contract work for large firms in Columbus will hire from 15 to 20 more persons, increasing its employees to about 30.

Maclam, who with his wife, Pauline, has resided on the Hilltop since 1922, is a member of the War Veterans Republican Club and the Columbus Chamber of Commerce.

Bumgarner—

(Continued from Page 1)

mostly for the operation which Billy had to have. Now his trips to the hospital are for redressing and x-rays and unless he can be coaxed into staying all night (24 hours) the family's insurance doesn't pay.

Mrs. Bumgarner thinks everyone has been wonderful. When her son needed blood they received more donations than they needed. The boy has many new toys which he enjoys and he treasures the many cards sent him by well-wishers. "But it's hard to imagine," said Mrs. Bumgarner, haltingly, "just how difficult it is to find enough money. It just stretches so far."

Doctors do not give the family much hope, they don't dare, they know so little about the disease themselves. There is no known cure. The disease which started in the baby's left hip had been cleared up to some extent and when things began to look hopeful doctors then discovered the cancer had traveled into the elbow and ribs. "Whenever it hits a vital spot . . ."

Billy's daddy is a "sound tester" at Timken Roller Bearing Co. He's worked there about four years. He is forced to admit they can't afford the apartment where they are presently living. Rent is $85 a month. He thinks they could afford around $50. And they need another bedroom or at least three bedrooms. Little Tommy is sleeping with daddy and neither one gets proper rest. Mrs. Bumgarner is close by the bed on which her son tosses in pain almost every night. The second bedroom in their present home is occupied by the hired girl.

The Bumgarners with what time they can spend from their work and from Billy's bedside have searched fruitlessly throughout the Hilltop for a home that is within their current financial means. The grandparents, Mr. and Mrs. Herman Shurr, 554 Whitethorne-av, and other friends have also sought a new home for Billy and his parents, but to no avail.

With doctor and hospital bills still mounting, a high rental and food prices still soaring the Bumgarners have reached that point of financial crisis, that they must cut expenses somewhere along the line if little Billy is to receive every medical attention necessary in his fight for life. They're willing to sacrifice everything to give the youngster a chance.

With the holiday season drawing nearer, there could be no greater cause for Thanksgiving by the Bumgarners than to know that their neighbors and friends in the Hilltop community are with them in their efforts to give three-year-old Billy Bumgarner every fighting chance. A home they can afford, is the first necessity.

Famed Lecturer To Visit Hilltop Church of Christ

Mrs. Virgil Sly

Mrs. Virgil Sly, writer, lecturer, and world traveler, will show colored slides of her recent trip to the Belgian Congo at the Hilltop Church of Christ 122 S. Burgess-av, this Sunday evening, Nov. 25, at 8 p. m.

Mrs. Sly and her husband, who is chairman of the Division of Foreign Missions of the Disciples of Christ spent five months in Europe and Africa in 1949. They met Protestant leaders in England and Belgium and spent some time at Geneva, Switzerland, at the World Council of Churches. They then visited all the stations of the Belgian Congo Mission of the Disciples of Christ where they gained an understanding of the needs of Christian missions in Africa.

Mrs. Sly's particular interest is the Christian home. She has published a pamphlet entitled "Toward a Christian Home." She writes not from theory but from the practices of a family that includes two girls and a boy. She also has prepared study materials for young people and adults in the church school curriculum. This year she edited the program materials for the Christian Women's Fellowship of the Disciples of Christ.

All members of the Community are cordially invited to attend this informative evening with Mrs. Sly.

Amputee Said Guilty of Bus Driver Assault

Richard D. Holliday, 24, 344 Midland-av, was found guilty in Municipal Court Monday of assaulting Charles Goodrich, driver for the Columbus Transit Co., when an altercation occurred on the bus Goodrich was driving on Nov. 14.

Police said that Holliday entered the bus at Chapel and High-sts using his crutches since a right leg has been amputated. He is reported to have become angry when the driver started the bus before he was seated, the jolt throwing him to the floor of the bus. The passenger then accosted Goodrich and allegedly struck him in the face, cutting his lip.

Some local areas are so dry that they have even taken the nip out of the air.

The Low Down On High Ridgers

By One of Them

Happy Thanksgiving, folks! We know all of us had a lot to be thankful for.

Especially did CLYDE and CECILIA LIBEL, who celebrated their 10th wedding anniversary yesterday. And after all this time they are still like bride and groom.

MRS. FLAG HALL reminds her Circle 5 not to forget their meeting next Wednesday. She promises them an enjoyable evening.

A nice present came in handy during the Thanksgiving season for MIRIAM SHEA. In fact two gifts! An automatic Westinghouse washer and dryer, FRANK bought for his wife.

For her birthday, MARIE GALION got a new TV—screen size 20 inches. "Quite a difference from her 10-inch her husband traded in," she says. Goodness! I'd be lucky to get a 7-inch one. My radio has to do, until I get one. In fact I don't need a radio, even,—wifey is yapping at me all day and night.

Last week when TOM GLEASON bought the family groceries, he lost the list his wife had written for him, and guess what? He brought home all except two things.

Good thing he read it over before he lost it. He did better than my wife does. She's always forgetting my tobacco.

Making another crack at finishing his basement redecorating, MAC WELLERMAN bought more Bondex and completed painting it Saturday. He's already now to tile his floor. Won't be long before he'll have his green and black job done to his satisfaction.

See you next week, folks!

Women In the Services

The nation-wide campaign to increase to 112,000 the number of women in the armed services has pointed up, once again, that manpower includes womanpower.

At least it does as far as the Department of Defense is concerned.

With the Armed Forces expanding to three and a half million by July of 1952, the need for WAC, WAVE, WAF, Women Marines, nurses and medical specialists of all types likewise has expanded. "Assigning women to jobs they can do so that men in turn can concentrate on jobs that require men is simply a case of using manpower to the best advantage.

Appealing especially to women in the 18-34 year age group who are high school graduates and have no dependents under 18 years of age, Assistant Secretary of Defense Mrs. Anna M. Rosenberg has emphatically stressed the factor of equal service in the services.

"The selected young women who have chosen to serve America in the Armed Forces have done so in the finest traditions of the services," she said. "The demand for more women to fill more and more jobs is a sincere compliment to their ability, loyalty and devotion to duty."

Having served efficiently in World War II, women have now become a permanent part of the national military establishment. Today, 40,000 women are filling important assignments essential to our military readiness and national security.

The realization of what women can do has been slow to gain recognition in this country. As recently as the beginning of World War II, it was felt women could fill only four jobs in the military service: clerks, telephone operators, typists and cooks. Today, military women perform literally thousands of useful jobs. Even in the highly technical Air Force, no less than 90% of the different skills performed by that branch can be capably assigned to women.

Young women, with their capacity for progress, should join the service men and women already contributing their share of service for freedom.

The Armed Forces now, more than ever, offer to women a challenging career of prestige, opportunity and deep satisfaction.

Women working alongside the men of our services are an important part of the team that keeps America free.

The Columbus Tuberculosis Society conducts its annual campaign entirely by mail. It is not a part of federated financing, and its sole medium of raising funds is the Christmas seal, which the National Tuberculosis Association originated 45 years ago as the first seal for charitable purposes in the United States.

Christmas seal funds are spent throughout Franklin County in two chief ways: for free chest X-rays to find TB in its early, curable, stages; and for health education programs dealing with the treatment, prevention, and cure of tuberculosis.

In 1950, TB killed 122 Franklin County people!

"SMALL BUSINESS"

By G. WILSON HARDER

Up in Alaska the term "varmints" is still used. Sometimes it denotes predatory wolves; sometimes bureaucrats.

* * *

But regardless of how used, the fiercely independent, individualistic businessmen serving the territory believe there is only one remedy for any varmints . . . extermination.

* * *

One of the leading exponents of free enterprise in the ranks of Alaskan independent businessmen is Amos Heacock, president of Air Transport Associates, Inc., an independent Alaskan airline.

G. W. Harder

* * *

As reported in this column some weeks ago, the Civil Aeronautics Board, the American Gestapo of the air, has classified independent airlines who serve the public without benefit of fat mail subsidies, as irregular.

* * *

Over the protests of the Senate Small Business Committee, headed by Sen. John Sparkman, (D. Ala.) the CAB arbitrarily ruled out of existence independent airlines found scheduling too frequent flights.

* * *

A death order was handed to Heacock's Air Transport Associates, to take effect in 60 days.

* * *

What CAB bureaucrats failed to realize, however, was that old Alaskan sourdoughs don't relish the idea of being told to drop dead.

* * *

So Heacock did not wait for thirty days; he immediately suspended operations.

* * *

A serious backlog of fresh food intended for Alaska piled up.

In addition, Alaska Airlines, who has CAB blessings, plus rich government subsidies, discontinued daily DC-4 service to Fairbanks and Anchorage and substituted C-46 service three times a week.

* * *

Paralysis attacked the Alaskan economy. The Senate Small Business Committee re-opened the issue, with the result that suspension of Air Transport Associates, Inc. has been cancelled.

* * *

But Chairman Nyrop of the CAB has complained to the Senate Small Business Committee staff that Heacock acted unfairly in going out of business before he was supposed to. This marks one of the few times in history when the hangman has criticized his intended victim for dying before the trap was sprung.

* * *

However, the Senate Small Business Committee will probably make this a cause celebre in establishing how personal bureaucratic whims are exercised to wreck small business.

* * *

Heacock heads independent airlines association, and strongly opposed Senate confirmation of Nyrop to his exalted position.

* * *

In addition, Heacock made an offer of the type which horrifies any bureaucrat.

* * *

He offered to fly the mail to Alaska with no subsidy from the government, and to a bureaucrat any individual who spares the public purse is guilty of promoting an idea akin to treason.

* * *

It is a long way, both in time and geography from the Minute Men of Lexington to Amos Heacock of Alaska. But both have one thing in common.

* * *

Neither hesitated to employ the methods at hand to strike a blow for freedom from the tyranny of bureaucracy.

New Shelterhouse Started At Westgate Park

Pictured above is a portion of the construction now under way at Westgate Park where a new year-round shelter house is now being built. The new shelter of stone, concrete block and wood is expected to be completed within the next 60 days according to city officials and will then be made available to public use.

Cowboy Cagers Open Campaign Against Newark Five Nov. 30

West's 1951-52 basketball team opens its season on Friday, Nov. 30, when they travel to Newark. The Cowboys will be out to avenge last year's defeat, but will be playing a team who is annually a cage power in the state.

George Williams has three returning lettermen from last year's starting five which came along strong at the end of the year to reach the semi-finals of the district tournament. They are Jerry Johnson, 12A, who is playing his third season; Jerry Trabue, an 11A, who last year won the City League scoring championship, and Bob Thornton, 11B who adds plenty of height under the basket.

The Cowboys will also play Saturday, Dec. 1, when they meet Bexley at the east side gym.

Christmas Seal Campaign To Open Nov. 19

Fred Learey

Fred Learey, general commercial manager of the Ohio Bell Telephone Co., southwestern area, will chair the Franklin County Christmas seal sale for 1951.

The annual sale, sponsored by the Columbus Tuberculosis Society, will be held Nov. 19 through Dec. 24.

"Christmas seals furnish the sole support of the Columbus Tuberculosis Society, serving all of Franklin County," Learey said today. "The Society does not participate in federated fund-raising or receive funds from any other source. The campaign is conducted entirely by mail without widespread use of volunteers."

Since last November, through Christmas seals, the Columbus Tuberculosis Society has X-rayed 30,000 Franklin County persons and found TB or other chest illnesses among 1200. Its year-round work also includes health education programs; rehabilitation work; medical research; and better legislation to fight TB.

Tuberculosis is as much a community responsibility as police protection, Learey stated. And Christmas seals, he pointed out, are a common-sense investment. They save employer and employee many working hours and the taxpayer the high costs of hospitalizing TB patients.

A lot of people can't get into high gear because they are shiftless.

World War I Draft Recalled By Finding Of Old Summons

Shades of the draft! R. D. Ferris, 4100 Big Run-rd, found his 36-year-old summons for a physical examination for World War I.

Instructions with the summons were to (1) take an all over bath; and (2) leave money, watch, and other valuables at home. Ferris states he appeared for the exam complete with bath but didn't pass because of a football knee injury.

The man who has money to burn always has a lot of hangers-on ready to light the fire.

Experience is a thing that keeps right on going up in price.

Pirates And Cowboys Tie For All-High Grid Teams

Central and West High School, although neither were declared as champions of the City High School league by virtue of having to forfeit games because of ineligibilities, each placed four men on this newspaper's selections for All City High.

In first team selections Central placed four men; West, four men: Aquinas, East and South one each. In second team selections East placed four men; South two; West, Linden, Central, North and Aquinas one each. Honorable mentions saw West with five; Central, three; North, three; East two; and South, Linden and Aquinas one each.

Selections by this newspaper were based upon all games played the aggressiveness of players, spirit of teamwork, and sportsmanship displayed in games viewed. While most sportswriters select teams on the basis of an offensive and defensive team, or the platoon system, it is felt that balance of such a mythical team should be the prime factor and selection should be made upon the abilities of the players to play a brand of football commensurate with teams of the past, before the era of two platoon systems.

Selected as the best all-around player from both defensive and offensive standpoint is Central High's "Hopalong" Cassaday, while honors for representing the most potential scoring threat go to West's "Chuck" Hunter, who led the City High League in scoring honors.

Selections by this newspaper are:

First Team

End	Jerry Trabue, West
Tackle	Vic Bellisari, Aquinas
Guard	Jim Kimball, West
Center	Dick Radcliff, East
Guard	Don Hadden, Central

Second Team

Guard	Chuck Korzenborn, Central
Tackle	Bob Reese, East
End	Bill Truss, East
Back	Homer Wallace, East
Back	Ben Fath, Aquinas

Blackford, North; Terry Johnson, West; Bill Hairston, Central; Paul Orem, Central; Ted Johnson, West; Paul Evans, North; Chuck Robenson, South; Carl De Vessele, Central; Eddie Gleib, West; Terry O'Mahoney, Aquinas; Don Wright, East; and Jim Bovie, North.

Sometimes we wonder if baseball is a sport or big business.

SPORTSLANTS

By "Duck" Jaques

It was a sad day at West High last Monday when Principal Irvin F. Young announced the school was forfeiting all of its league victories except the Linden game, because the school had played an ineligible player, All-City tackle, Tommy Thomas. That makes twice that the Cowboys have had to step down from the top of the City League race and hand the championship to East High School. The first was back in 1933, when it was found that West used a player who was over the age limit.

This time it was because of a rule of which the board of education had no knowledge. At least West's principal and coaches admitted their mistake and didn't beat around the bush for two or three weeks before they announced it. The Cowboys may lose this time but we pity a certain team next year when they play West.

Football isn't the only sport that the boys from West like. It seems that last Thursday on the first day of hunting season there were 144 boys absent from school, including myself.

Holy Family Loop Champs

Holy Family won the Catholic School Middleweight League title Wednesday, Nov. 14, by a hard fought 28-14 victory over St. Ladislas. The Family team, coached by Dick Knipfer, opened the scoring with a 96 yard ramble by Vacheresse and were never headed. Later in the first half Vacheresse rolled again for 60 yards and paydirt. Dorrian converted both times. Halftime score was 14-7.

Family drew first blood in the second half on Devereaux's jaunt of 40 yards, Vacheresse converting. St. Lad's second score by White gave the Southsiders a glimmer of hope. But it was short-lived as Devereaux tallied the final count, Redd converting.

Vacheresse was easily Family's star as he brought his season point total to 103 and over a thousand yards gained. It was, however, perfect downfield blocking that made the difference.

West Broad St. School News

Sixth grades at West Broad Street Elementary School were recently asked to write a composition on "Why I Like Books" and from the compositions submitted during "Book Week", Roma Waymer, a sixth grade at West Broad, has selected the three which she believes outstanding for children of that school age.

The three best compositions as selected by Miss Waymer are:

WHY I LIKE BOOKS

As most people know, this is Book Week. So I went to the library. I found some very nice books. I don't know how we could get along without books. If we didn't have books, it would be very hard to get along in school without them.

What I like about books is that you can find anything from them you want to know. Some books you read seem so real that you can take an imaginary trip to any land.

Joyce Henry
West Broad School
Room 201 6B

WHY I LIKE BOOKS

My pastime is books. I could pick up a book and read and never want to come to the end.

When it rains or snows, or somebody is sick, there is always a book to pass the time.

Books give us needed information. Invalids who can't get around can spend their time reading.

There is a lot of enjoyment to be found in books.

Harriett Slabaugh
West Broad School
Room 201 6B

WHY I LIKE BOOKS

I like books because they are interesting. A long time ago people did not have any books to read. Now many people can get books by just going to the library or getting them at home. Books today tell about Jesus, people of long ago and many other interesting things. What would America be without books? They tell us how to fix things and how to cook things, like in cook books. People use books everywhere. I don't see how we could have church without song books and the Bible. Lots of people use dictionaries in the school. People can use books for millions of things. That is why I like books.

Alice McChesney
West Broad Street School

Mr. and Mrs. Alfred Teeter, 97 N. Hague-av, daughter, Sunday, Nov. 18, St. Ann's Hospital.

Mr. and Mrs. Delbert Mills, 242 S. Huron-av, son, Friday, Nov. 16, St. Ann's Hospital.

In 1900 more people died of TB than of any other cause. Today, the work financed by Christmas seals has cut the TB death rate by 85 percent! Yet tuberculosis still causes more deaths than any other disease among persons from 15 to 24 . . . almost twice as many as heart disease . . . more than twice as many as cancer.

Hilltop Men Holding Key Posts in Charity Newsies

Two Hilltop men are taking key roles in the Charity Newsies' advance solicitation campaign. This early campaigning will be climaxed when the welfare organization holds its 45th annual street sale of "Have a Heart" special edition newspapers in mid-December.

They are Robert L. "Bob" Durham of 199 S. Brinker-av, the Newsies' second vice-president and drive chairman, and L. S. "Lee" Wiegand of 3181 W. Broad-st, chairman of the factory-office lists committee.

Under Weigand's supervision, check lists of factories, large offices, stores, wholesale houses, etc., have been laid out for use by the membership in soaking early contributions. These sheets and other campaign materials have been furnished the some 135 members and probationers.

Green and white buttons will be handed every donor when a Newsie member accepts the contribution.

All proceeds go to a fund used for outfitting needy children of school age with new shoes, new clothing, and the like. All contributions go direct to the Charity Newsies treasury. Campaign expenses are paid out of special events staged by the organization, such as its annual fall stag outing at Beulah Park.

"Our drive is 100 per cent for charity, a claim we can make without fear of contradiction," it was declared yesterday by Mr. Durham, who is in over-all command of the field operations of the traditional pre-Christmas drive.

JUNIORS PLAY FLATS UP

By Lynn Holder

Hammers, nails, ropes, weights and paints were the order of the day as Delmar Simcox and his fourteen lusty stage crew Juniors raised the flats for the Junior Class play, "Cheaper by the Dozen" to be presented Nov. 20, at 7:30 p. m. at the Hilliards High School auditorium.

No one will want to miss this jolly story of family life and enjoy the special music planned for between acts.

The Hilliards High School special chorus of 55 voices, the Girls' Glee Club and the Green Wood Boys with their hillbilly music will also be attractions.

Charter Member Of Many Rome Groups Approaching 84th Year

Mrs. Belle Boucher, who will celebrate her 84th birthday Nov. 27

By Mrs. James W. Whalen,
Hilltop Record Rome Reporter

The twinkling blue eyes of Mrs. Belle Boucher, 37 Pasadena-av, bright with memories of the past and keenly aware of the present, sparkle at you when talking with "Rome's Remarkable Reporter," who can boast charter membership not only in the Rome Study Club but the Rome PTA and the WSCS of the Columbia Heights Methodist Church as well.

Mrs. Boucher has been the "Rome Reporter" for the Grove City Record and the Columbus Citizen for over 23 years. Other newspapers she has served are The Hilltop Record, West Jefferson Star and Madison Press. This remarkable reporter war born on Nov. 27, 1867, in Franklin Township near Salem Church and will celebrate her 84th birthday next Tuesday.

Mrs. Boucher has always had a great interest in people and shared her interest in poetry with her brother, the late Alon Newton Bodle, known as "The Bard of Darby."

On Thursday afternoon Mrs. Boucher was overwhelmed by the affection represented by Mrs. Grover Kaderly's second grade class, when the children gave her a special ovation. The "Happy Birthday" greeting led by Virginia Emerson, Whalen, Barbara Copley, and Raymond Salyers, the November children (children who had birthdays in November) brought tears of appreciation to her eyes. They also presented her with her special November crown and cake and welcomed her into their honored group.

Because of Mrs. Boucher's progressiveness and great interest in the community, he was surely deserving of the recognition accorded her not only by Mrs. Kaderly's second grade class, but also by the expression of affection by the leading ladies of the community represented by the Rome Study Club, who presented her with a beautiful chrysanthemum plant in honor of her natal day.

"MARY, I HAD A RUDE AWAKENING TODAY"

"I saw the haste with which Mrs. B had to select a cemetery lot for her deceased husband's burial tomorrow. I decided then and there that we would select our family burial estate in advance of need."

You, too, should make this important decision today and let us assist you in making your selection.

Our first post office opened in New York November twenty eighth, seventeen hundred eighty three. Jerry Spears opened the first complete funeral home and straight ambulance service on the Hilltop in nineteen hundred twenty eight.

Time is not important, but an understanding that makes the desire of the family, relative to time, details and complete costs, the first order, is of supreme importance.

Reformers are super-idealists who believe that the world could be perfect by rectifying a million or so slight faults in humans—which they take the trouble to point out.

A Thanksgiving Wish...

There will be much written and said about Thanksgiving Day this year, just as there is every year. For this is one of our great days....

The story of the Pilgrims will be retold. The long voyage in the little ship, the Mayflower. The freezing winter. The fight for food, for survival. And then, the spring, the summer, and the harvest... Thanksgiving Day.

There will be the speeches, telling of America's might, of her place in the community of nations, of her plenty, of her people. Great speeches that will be reprinted in the papers—for every one to read... Thanksgiving Day.

There will be the visits, perhaps from neighbors a few doors up the street who have dropped in for a chat and a piece of pumpkin pie, or perhaps from far-distant relatives who always return to spend this holiday at the old home... Yes, Thanksgiving Day.

And yet, the whole story of Thanksgiving is also here in this little picture. A man and his wife have asked God's blessing on their food, and happy in each others' love and work, they are enjoying the day together.

Your neighborhood church—which is helping to mold the lives of such fine young people as these—has this wish for you: that your Thanksgiving Day will be as happy and content as theirs'.

I exhort therefore, first of all, that supplications, prayers, intercessions, thanksgiving, be made for all men.
I Tim. 2:1.

THESE FIRMS INVITE YOU TO ATTEND THE CHURCH OF YOUR CHOICE.

JOE BRIGGS Says:
There's one thing about money . . . it talks but it never gives itself away.
It's a cinch you won't have anything given to you if you are forced to rebuild your home after a fire loss. Present high costs are far greater than many people realize and they don't have nearly enough fire insurance to cover their possible losses. Why not look into the matter today and call us for a consultation.

PRAYER OF THANKS

Lord of my life, can life be bare
With beauty springing everywhere?
Can I forlorn and lonely be
With sweet bird-song from every tree?
Can I succumb to doubt and fear
With tasks to do and friends to cheer?
What matters it that I am poor,
With roses blooming at my door!
Can I complain, by sorrow pent,
Knowing I have the boon, content?
Trouble shall flee and fear take wing,
For life still brings me songs to sing.
Lord of my days, how thankful I
For a thankful heart, as life goes by.

Thomas Curtis Clark,

A copy of Volume 1, Issue 1 of "The Mario Lanza Fan Club News" came today. As the title of this really interesting magazine indicates, it is published by a group of teen-aged girls who are fans of the great Mario, and edited by my clever little fifteen-year-old friend Sandra Marshall, 783 S. 18th st, Columbus. The magazine is hectographed by Sandy (pardon me, Editor Marshall) and she also does most of the typing, newsgathering and mailing. It is neatly done; I've seen magazines published by adults that couldn't compare with it. Naturally, most of the text concerns Mr. Lanza—his records, movies, etc., but there are thumb-nail sketches of some of the club's members, notes about local d-js, and other well-planned items. Editor Marshall is to be congratulated, and I'm sure Mario is proud to be the inspiration for this group's latest venture. As reported here last summer, Sandy has seen "The Great Caruso" seventeen times and has more than 90 photographs of her favorite singer. If any of you slightly older ladies dare to think these girls are silly, just do a little quiet reminiscing! Remember Rudy Vallee and Valentino and The Great Profile, and my own particular hero (and this will date me) Wallace Reid? Here is a story from T.M.L.F.C. News that will amuse you: "One of our Columbus members' (who wishes to remain unnamed) has a foolproof diet. She has her favorite picture of Mario hanging within eye-view of the kitchen table. When she reaches for that second helping she sees his eyes saying 'Uh uh.' So far she's lost five pounds. So that's why we have so many skinny members!" In my opinion, it is a good sign when youngsters do something constructive and educational about their hero-worshiping, "instead of jist dreamin'" and languishing dramatically—to the disgust of their families, especially their brotheral That's what we used to do, remember? These girls are getting experience that certainly won't harm them, and I think they should be encouraged. Some of them plan to take journalism later. From the stories about him in this magazine and newspapers, Mr. Lanza must be worthy of his popularity. His is a great responsibility, and I hope Too many bobby-sox idols have, he never lets the kids down.

If you ever come ona my house and see knives, scissors and other deadly weapons on the highest piece of furniture in the room; empty glasses sitting around, and a small blonde Hoppy clutching a headless doll in one arm and aiming at your middle with a very real-looking gun, and if you think you have stepped in a bear-trap, just keep calm. Things are not what they seem. The bear trap will be gobs of worn-out bubble gum; if you examine the empty glasses you'll find they contained nothing more potent than choc'lit milk; the gun ain't loaded and the knives, etc. have gained altitude so little hands can't reach them. For all this will mean that three-year-old Linda Jean is visiting Grammaw Weakley. L. J. and G-ma are practicing "Jingle Bells" to surprise the family when it convenes Thanksgiving Day. As mentioned here before, L. J. will probably be a music critic when she grows up. She was singing "Jingle Bells" to my dubious one-finger piano accompaniment when she said "Oh Grandma, you make me nervous." So that ended the rehearsal for that day, much to the relief of the neighbors, I suspect.

A stanza from Harriet Prescott Spofford's "Every Day Thanksgiving Day:"

Dear the people coming home,
Dear glad faces long away,
Dear the merry cries, and dear
All the glad and happy play.
Dear the thanks, too, that we give
For all of this, Thanksgiving Day.

Thanksgiving Day Play Is Given At West Broad

History was brought to life Wednesday, Nov. 21, when the children in Ruth Michaelis' 3A and 4B class at West Broad Street School gave a play in the school's auditorium. The play consisted of five scenes or episodes in the lives of the Pilgrims which led to the establishment of Thanksgiving Day as one of our national holidays.

Announcer of the program, Barbara Seagle, stepped before the audience and said, "We hope our little play, 'Pilgrim Days,' will help us understand the true meaning and spirit of Thanksgiving and will establish in our hearts a deep appreciation of the spiritual strength, courage, fortitude and vision of our forefathers, the Pilgrims, and help us value our great American heritage."

Two children, Susan Sutphen and James Combs, met Bonita Dorsey who was dressed as a pig history book. The children asked history to tell them why we celebrate Thanksgiving. History explained to the children about the Pilgrims in England in 1607 who wished to worship God as they pleased, but were compelled to flee to Holland in order to do so because of the lad King James I made which said all his subjects must attend the Church of England. Then History said, "Now, children, I am going to show you five scenes in the lives of the Pilgrims which will explain to you why Americans celebrate Thanksgiving Day."

Scene I shower the Court of King James I, Michael Krouse as King James, inquires of his officer, David Davis, what he had heard of the activities of the Pilgrims. On learning of their refusal to attend the Church of England he commanded his scribe, James Smiley, to write down a law which said everyone must attend the Church of England.

Scene II showed the Pilgrims in Holland discussing the possibility of going to America. Characters in this scene were, Karin Roivas, as Mistress Brewster, Donna Fry, as Mistress Winslow, Sue Distelhorst as Mary Chilton, Patricia Jones as a child, Charles King as John Alden.

Scene III showed the Pilgrim men assembled in the cabin of the Mayflower signing the Mayflower Compact which has been called the cornerstone of American democracy.

In Scene IV Orville Bailey, as Squanto, showed the Pilgrims how to plant corn.

Scene V was the Thanksgiving feast at which David Watts as chief Massasoit, Orville Bailey as Squanto, LeRoy Rathburn, as Samoset, and a number of Indian braves were invited.

Other characters in the play were: Douglas Hale as Governor Bradford, David Levering as Elder Brewster, John Graham as Captain Miles Standard and Martha Weatherhead as Priscilla. Richard Banker, Marvin Darling, Stephen Eckle, Thomas Masslow were the other Pilgrim men. Jean Haywood, Judith Hunt, Patty Jones, Sally Parriah, Sharon Pool, Ruby Mausch, Saundra Thompson, Sharon Tillis, Vickie Vencill and Martha Weatherhead were Pilgrim women and maidens who served the Indians at the feast. The Indians were David Watts as Chief Massasoit, Orville Bailey as Squanto, LeRoy Rathburn as Samoset, Daniel Ankrum, James Bechwith, Carlos Caldwell, Jon Hunt, Robert Saint, Billy White, and Edward Workman. All of the children were in costume.

Between the scenes the children in Miss Maxine Barnes' sixth grade recited the poem, "The Landing of the Pilgrims" and the whole school sang the following songs: "Three Hundred Years Ago," "We Gather Together," "Our God of Harvest Praise," "Swing the Shining Sickle," "Come, Ye Thankful People, Come", and the Doxology.

Cub Scout News

Cub Pack No. 56 met at Hoge Memorial Church last Thursday at 6:30 p. m. for its November meeting in the form of a pot-luck supper. Each den decorated its table with nice hand-made place cards and seasonal, Thanksgiving things. Norman Line, chairman, conducted the meeting in a fine manner in the absence of George Thomas, cubmaster. After everyone had plenty to eat including delicious pie and cake they sang Cub songs and then went into the theme of the month.

It was "puppets" each boy making his own. Two dens made vegetable puppets and put on "vitamin" skits Puppets were judged according to age groups.

Those in the eight year old class who won ribbons were Pat Burr, Jon Tuttle and Steve Anderson. In the nine year old class were Denny, Charles, Russell Marx and Jim Woodyard. The ten year old awards went to Eugene Jenny, Steve Miller, and Frank Adams.

Advancement program is going along fine and these boys were presented awards by Lloyd Schroy; Teddy Miller, Glenn Redick, Bruce Benton, Eddie Roberts, Louis Williams, Jim Woodyard, Arthur Wentworth, Pat Burr, Jerry Smith, Russell Marx, Ronald Line and Jon Tuttle.

"Bobcats" are Steve Ballinger, Glen Withers, Dick Nash, Carl Lauer, Steve Anderson and Eugene Jenny.

"Thank You's" were given to those working in the pack and particularly to the activities man, Roy Miller, who has made song sheets and to Howard Tuttle, secretary, who has been busy getting out notices to each family.

Mrs. Gene Burr, dressed in her new Den Mother's uniform, closed the program, using the Cub Scout prayer.

The next regular pack meeting will be held on Thursday, Dec. 20, at 7:30 o'clock at Hoge Memorial Church.

TREASURE CHEST NIGHT

By Betty Benson

The Y-Teens World Fellowship Treasure Chest night was held Thursday, Nov. 15, at the YWCA. The Y-Teens made collections of jewelry, ornaments, trinkets, etc., for the treasure chest of gifts which were sold that night. The gifts were not to be sold for more than 50 cents.

The money from the treasure chest goes to the YWCA to help people here in the United States and abroad.

Girl Scout News

All registered Girl Scout adults are urged to attend the annual council meeting on Nov. 27, 8 p. m. at the City National Bank, on Olentangy River-dr. Due to a change in plans this year the dinner will not be held as usual. Instead a meeting and election of officers will take place, with Mrs. Richard Springer, a missionary who has been serving in China, as the speaker.

In District 8 we would like to form several car pools so everyone can attend. If you are able to furnish transportation or if you need transportation please contact Mrs. Paul Blakely at RA. 9958.

In October the girls of Troop 178 accompanied by their leaders, Mrs. Howard McVay and Mrs. Howard Hedges, journeyed to Camp Kenjockety to spend the day gathering leaves to add to their collections. After hiking through the bright fall sunshine, they returned to the lodge, played games, and then enjoyed hot chili prepared by Mrs. Margaret Prior, Mrs. Sam Wiseman, and Mrs. Vernon Fiscus.

At their next meeting the girls are planning to use potatoes, colored construction paper and pipe Cleaners to make turkeys, which will be used as tray favors at the Hilltop Community Hospital.

The girls of Troop 178 are Virginia Cash, Delpha Shaver, Delores Miller, Diane Bergman, Susan Wiseman, Shirley Larkin, Marilyn Prior, Joyce Hedges, Jerry Brown, Carol Sue Fiscus and Linda McVay. They have just recently welcomed two scouts who transferred into their troop, Linda Kerr and Mary Ellen Murphy.

Brownie Troop 110 has been very busy making lovely scrap books for the patients in Children's Hospital. Each troop member is compiling her own scrap book and a prize is to be awarded to the best one. The girls have just completed whisk broom holders made from various colored oil cloth, which they gave to their mothers.

The girls in Troop 110 are Diane Burden, Betty Bryant, Janyce Dodson, Sharon Easterday, Ann Elliott, Barbara Hicks, Carol Harper, Melinda Weber, Rita Ward, Ruth Ward, Penny Szalay, Vicky Kegg, Rose Wise, Nancy Farley, Beckey Riley and Carole Bauermeister. The leaders are Mrs. Thomas Bryant and Mrs. F. E. Bauermeister.

As most troop dues are only five cents per week, many of the troops are selling Christmas cards and calendars at this time of the year to raise money to increase their treasuries. Then later in the year this money can be used to finance field trips, craft supplies, public service projects and Day Camp.

In the John Surroughs neighborhood the girls have been quite successful with the Christmas card sale. The 22 troops have sold over 900 boxes of cards. The committee in charge consists of Mrs. Ralph Hunter, Mrs. Howard Hartranft, Mrs. L. L. Ward and Mrs. Joseph Chesser. The troops have already sold 400 calendars and expect to sell a few more before the sale ends. Mrs. L. G. Shaver is in charge and the final date to turn in the money from the sales was Nov. 13. All troop leaders were asked to cooperate.

It is significant that Communism makes its greatest inroads where ignorance and injustice rule.

The average man's conception of equality is a state in which he will be considered an important citizen.

That Man Is Coming Again

Don't look now, but that man is almost here again.

Yes sir, in just a little more than three weeks time that rollicking pink faced old gent with the white white whiskers will be performing his annual miracle of coming down the chimneys without getting his suit dirty.

Of course how heavy a load the old gent carries will depend on a little advance preparation on your part in visiting the stores and seeing all the fine merchandise available.

And on this point why not stop to consider at

The Philosopher's Family

This week the annual Hilltop Record Gay Philosopher calendar is making its appearance and again we introduce our popular character.

"There's so much good in the worst of us,
And so much bad in the best of us,
That it hardly behooves any of us
To talk about the rest of us."

Even though he didn't write it the Gay Philosopher might well have done so. For, since his ruddy, rowdy likeness first appeared in American art circles, less than 10 years ago, his popularity has reached unbounded heights. Apparently there was good in the worst of us. Folks like the guy.

So now Henry Major has grouped the gang in a family portrait which includes Pa, Ma, son and Daughter. They are a frowsy lot, to be sure, but the gang joins the Record in wishing you well in 1952.

P.S. A limited number of small calendars are available to the public by calling at the Record office.

Union Difficulties Again Delay Westgate School

The site of the new Elementary School at Wicklow-rd and Parkside-dr has just become a hole in the ground glorified by a maze of concrete block foundations, as a result of strikes again called by union officials because the electrical contract for the building was awarded a non-union firm.

Rapid Progress Made On W. Mound St. School

In contrast to the photo of the work stoppage at Westgate school is this scene above at the new West Mound Street Elementary school where work of construction is proceeding at a rapid pace and workmen are on the job. Krause and Pogura are the contractors.

Train Hits Truck At Crossing

A New Plymouth, O., truck driver, Harry E. Hardesty, 41, escaped possible death and is reported as recovering in Mt. Carmel Hospital after the truck he was driving was hurled 50 feet when struck by a passenger train at the Harrison-rd and McKinley-av crossing early Tuesday morning.

Sheriff's deputies reported that the truck loaded with nine tons of agricultural lime was hurled into an adjoining field wher Hardesty apparently unaware of the passenger train's nearness drove onto the tracks in front of the oncoming train.

Hardesty told deputies, "I don't know where the train came from. I was going mighty slow. I even glanced down the track. I didn't see the train and I'm sure it didn't blow its whistle.

A Hilltop man, Ray Torth, 54 N. Burgess-av, conductor of the train that was heading into Columbus from Toledo said Hardesty drove in front of the train as though he didn't see it.

Torth said he estimated the train speed at between 30 and 40 miles per hour at time of the collision. There is a 60 mile per hour speed limit at the crossing.

At Mt. Carmel Hospital Hardesty is reported in good condition from the back and rib injuries he suffered in the mishap.

53 Telephone Calls Convince Hilltopper Of Want Ads Worth

Mrs. Helen Carroll, 381 S. Ogden-av, is firmly convinced that it pays to advertise in the Hilltop Record classified section. And what's more she has proof that Record Want-Ads are read and have tremendous pulling power.

Mrs. Carroll's advertisement in the classified section read:

Want to Give Away Five Cocker Puppies.

That's all the advertisement there was, and the proof that Hilltoppers read these want ads was expressed all day Thursday, Nov. 15, when by 5 p. m. Mrs. Carroll had answered her telephone 53 times in answer to that one 'ine advertisement.

"Don't tell me that the folks in the Hilltop don't read the Record's classified ads, for I know," says Mrs. Carroll.

If YOU have something to sell, rent, trade or give away call the Hilltop Record, RA. 1125 and ask for Classified Advertising. The results will prove that you couldn't make a wiser choice.

FOREIGN FARMERS VISIT
By Kay Carmichael

Hilliards High School was honored on Monday, Nov. 19, by the visit of 29 young farmers from six foreign countries. They represented Indonesia, North Africa, Tunisia, France, Italy, Norway and Denmark. They visited two farms in the community, those of C. R. Arnold, operated by F. M. Lewis and Charles Lewis. Mr. Lewis is a member of the "Adult Farmers" group enrolled in short-course work at Hilliards and his son, Charles, is a member of the "Young Farmers Group."

Alvin Rings a senior at Hilliards, completing his fourth year of vocational agriculture, represented a student's farming program. The group attended a "Young Farmers" meeting in the evening.

These foreign farmers operate farms in their own countries ranging from 200 to 2600 acres. The men, each of whom previously stayed on two American farms in other parts of the country, were escorted to Hilliards from Ohio State University by members of the agricultural education staff.

The group was given its first introduction to vocational agriculture by observing the classroom teaching of parliamentary procedure to the freshman and sophomore class. Interest in the school centered around the cafeteria, school equipment, classroom facilities and bus transportation.

A splendid ham dinner was served to the guests at a banquet in their honor prepared by the home economics department under the direction of Mary Kohler. The girls serving the dinner were candidates for the State Homemakers Degree. They were Doris Brown, Gail De Wolfe, Edna Wuertz, Patty Hart, Alice Ray and Leona Brown.

After the dinner, a speech was given by M. D. Hartsook, superintendent at Hilliards Schools, entitled "Vocational Agriculture in Our Community." Dr. Ralph Bender, chairman of the department of agricultural education at Ohio State University, spoke on "Vocational Agriculture in Ohio". George Beery, Franklin County superintendent of schools also attended.

Some opinions expressed by the foreign farmers were, they think we are wasteful, especially in making use of fertilizer. We do not make complete efficient use of machinery. They definitely prefer American tractors on their farms. These cost them twice as much as we pay for them.

The group was shown a movie demonstrating the use of Ferguson farm equipment.

The visitors enjoyed their day at Hilliards very much and expressed gratitude for hospitality extended to them.

STUDENTS! BEWARE
By Helen Kidwell

Hilliards High School has acquired a new "ditto" machine. According to Mr. Boucher, this will lessen the teachers' headaches, and give the students a few more.

The reason for this is that a teacher can write out a test in longhand, run it off in a hurry, and there it is—ready to give.

It is much cheaper and quicker than the mimeograph machine, because a stencil doesn't have to be cut. It can't be used for documents or articles that have to last because the print isn't permanent. It will ge a big help to the coaches as plays can be diagrammed much easier. It is also a help on math tests as small figures and per-cents can be made.

So students—beware, you may have a test awaiting you now. Ditto!

TRIP TO T.V.
By JoAnne Landis

The Hilliards High School Mixed Chorus, led by Robert White visited the Big Bear Dollar Derby WLW-C television program on Nov. 15. They sang two songs, the "Battle Hymn of Republic," and "Somewhere Over the Rainbow."

Gail DeWolfe and Robert Kent put on a short skit for the T.V. audience. The audience was also entertained by the WLW-C TV singing star, Lynn Ballard and the singing star, Jean Turry, now appearing at the Deshler-Wallick Hotel.

According to listeners, the group performed with honor for their school. Mr. Hartsook, Mrs. Walter Brown, Mrs. C. H. Brown, Mrs. Roy Brown, Mrs. Harry King, Mrs. Eugene Bohlen, Robert White and Mrs. Harold Michel furnished the transportation and watched the performance.

SENIOR DRAMATICS
By Helen Kidwell

On Friday, Nov. 16, the Hilliards High School Senior Dramatics Club met. The meeting was called to order by the president, Lynn Holder. Dues were collected. Suggestions were made for the assembly the club will give on Feb. 27. A committee was appointed to make the final plans.

A Christmas program in pantomime was announced with Marc Brown, Russell Snyder and Bob Thompson to be in charge.

The program was presented by the committee on radio. They were Joy Travis, Helen Kidwell, Phyllis Ball and Lora Lu Lisle. A short radio play entitled "Am I Late?" was presented. The cast consisted of Joy Davis, Helen Kidwell, Phyllis Ball, and Stella Butcher.

TWO HONORED
By Marvin Evans

We are very proud of two senior boys from Hilliards who were selected on the second team of the All Mid-Six football league.

They were Kenny Evans and George Miller. They will attend an All-High Football Banquet to be held in the Neil House Monday, Dec. 3.

ORCHIDS TO JUNIORS
Stella Butcher

Orchids to the Junior Class and all who helped put over a fine play titled "Cheaper by the Dozen" a hilarious comedy.

After the performance and the bows were taken, the Junior Class presented Mrs. Smith (their director) with a lovely rhinestone bracelet.

Before the play started the Mixed Chorus, directed by Robert White, opened the evening, followed by the Girls Chorus between acts 1 and 2.

Everyone enjoyed the Green Weed Boys between the second and third acts.

St. Paul's Children's Choir Entertains

On Sunday, Nov. 25, 1951, the Children's Choir of St. Paul's Evangelical and Reformed Church, and Rev. Kaefer, pastor, presented a program of religious music at Columbus State School.

The Robed Choir, under the direction of Mrs. Brinkman, sang various numbers suitable for children and young adults. The audience of approximately seven hundred enjoyed the entire program and expressed thanks to Rev. Kaefer and Mrs. Brinkman for bringing their choir to the school.

Millionth Man Could Be You

The Millionth Man to Die in traffic could turn out to be a West Side resident. Safety experts predict that this millionth fatality will occur not later than Dec. 22, 1951.

If the tremendous increase in vehicle accidents don't slow down, Mr. One Million will go to his grave several weeks ahead of the scheduled day. The National Fatality rate is 7% higher than in 1950, but Ohio's deaths are only 1.5% higher than a year ago.

According to Edwin H. Davis, president, Ohio State Safety Council, traffic on a comparative basis is the brightest spot in the state's accident picture. This year to date shows 124 more fatalities than in the same months of 1950; traffic deaths are up 16, occupational fatals rose 35, public accident deaths increased 63, while home fatalities jumped 74. Deaths from unknown accidents declined by 64, perhaps showing that investigation and reporting of accidents is more efficient.

Davis said that traffic is losing the race for killing honors, home mishaps producing 28 more deaths than the auto so far this year. 797 persons have died from falls, 153 by fire, in our homes.

Pedestrian injuries lead the traffic death list. These casualties have been increasing for the last 12 months. Collisions between motor vehicles have been reduced. But collisions of vehicles with railroad trains have climbed almost beyond reason. Collisions with fixed objects and other "loss of control" accidents are much higher than previously.

The council head fears that 1951 will show over 4900 persons lost their lives in an accident here in Ohio. "It is all so needless, so wasteful," he went on. "Here we are facing the most critical manpower shortage of all time, and we kill almost 2,000 workers—by accident—in one year. Ohio just cannot meet its obligations as a producer of military goods and civilian necessities unless, and until, we drastically reduce this waste of human life and resource."

"At home, in our automobiles, at our recreation, we must apply the principles of safe action—for our own sake, for the good of our families, our communities, and our nation." Davis remarked that each driver held the key to traffic safety, each family controls our home accident situation. Over 300 persons have died because some condition was dangerous, some one didn't do a thing right—at home or on the highway.

We probably will never know who the Millionth traffic victim was . . . because Mr. Million and One will die 15 minutes later than the chap who receives so much publicity now. But each of us can avoid being either of these featured victims by walking and driving according to the rules.

Don't be the Millionth Man. Walk and drive according to the Green Cross Way. The life you save will be your own.

The Old Master Painter

"SMALL BUSINESS"

By C. WILSON HARDER

With a stroke of genius, the Office of Price Administration has now embarked on establishing a dollar and cents ceiling price on holes. So far, no price ceiling has been established on doughnut holes, but it is presumed that progress will be made in this direction as soon as the bureau hires more high priced personnel.

* * *

But the ceiling price on a bunghole has now been officially established by Ceiling Price Regulation No. 96 at 10 cents. Thus, anyone who makes barrels, now knows that he can only charge 10 cents for each bunghole.

* * *

And it is doubted if ignorance on this bunghole decision can ever be used as a defense.

* * *

For this decision of vast import has been spread over the land by vast quantities of government press releases, official printed notices, and other printed matter consuming many tons of precious and scarce paper so all would know the nation's official position on bungholes.

* * *

Of course, the public is confused over just what prices the Office of Price Control is controlling.

* * *

The only squeeze of any consequence has been felt by millions of small retailers who have been forced to consume billions of man hours trying to obey edicts issued them.

* * *

For sheer waste of tax money OPS operations amaze Washingtonians. For example, industry meeting was just held on price ceilings for the electroplating industry.

Present were six industry spokesmen. In addition, fifteen high priced OPS executives were present. No definite decisions were reached.

* * *

However, OPS sometimes makes definite decisions, and they too, are widely published at government expenditure of more tons of scarce paper. An example of positive action is General Overriding Regulation No. 5.

C. W. Harder

* * *

No shilly-shally indecision is found in this forthright edict which exempts from price ceilings butterfly wings, [illegible] burners, bird cages, spinning wheels, and hand painted used bottles. In connection with the last item, a decision is awaited on hand painted new bottles.

* * *

Trivia such as this may cause Congress to either knock out all price controls or else approach the subject from an entirely different slant.

* * *

Many Congressmen are feeling that Big Labor, Big Business, and Big Bureaucrats have formed an unholy alliance to break through the anti-inflation line at will.

* * *

For example, the railroad labor wage increase of $100 million per year was immediately followed by ICC permitting railroads to increase rates an estimated $300 million per year.

* * *

This same triple play just increased milk prices to New York infants 1½ cents per quart.

* * *

Milk deliverymen struck one day for higher wages. Strike mediators were immediately handed an OPS order permitting a milk price increase, so the wage boost was granted.

* * *

Do not be surprised if curious Congressmen investigate cases such as this for evidences of criminal conspiracy.

Men, the Safety Council of the Columbus Chamber of Commerce reports that about one out of four work injuries result from the handling of material. Protect your back by using your head. When you pick up material, squat and lift with your legs . . . keeping the load near your body. Make all movements slow and deliberate. When the load is awkward or very heavy, get help.

PRESS agent is hired to make certain a nationwide tour by a screen actress is conducted with dignity. One of his tasks is to keep the impulsive star from making tactless social error of publicly kissing strange men she meets. It's sort of a disarmament job—no blunder busses.

* * *

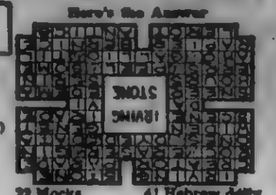
Army Secretary Frank Pace, Jr., has psychologists studying ways to raise the self-esteem of the foot soldier. Maybe what's more needed are chiropodists. Arch of triumph stuff.

* * *

With, presumably, nothing else to shoot, photographers with the President on vacation have come up with a repetitious output of pictures of Truman walking. Little credence has been given to the suggestion that the cameramen are all Republicans who want to be first in the know should Harry decide to run.

* * *

New biography out says that when she hung out her shingle, one of the country's first woman MD's, Hannah Longshore, was told to "Go home and mend your husband's socks." Hannah, leading women forward into the field of medical science, paid no attention to the guffaws because she didn't give a darn; as a result, today, America has probably the greatest number of healthy, barefooted men in the world.



* * *

Annin Company, world's largest flagmaker, has sold more Confederate battle flags in the last six months than in its entire history. This would seem to give a new facet to the old argument of why the South lost the war—misjuding their strength by about a century.

SPORTSLANTS

The 1951-52 West High School basketball team opens its season Friday night, when it faces the Newark Wildcats at the Newark gym. George Williams' three lettermen, Jerry Johnson, Jerry Trabue and Bob Thornton have starting positions cinched but the other two positions are wide open. 12A's Warren Stephens and Dwight Reynolds have the inside track, so far, but they are being hard pressed by 12B's John Chesher, Andy Anderson and 11B's Bill Haire and Dick Hutchison.

Thornton and Trabue will supply the height and scoring punch from under the basket while Johnson, Reynolds and Stephens will keep the defense spread with their sets from out front.

East is easily the pre-season favorite for the City League title, while Central should be the leading choice to upset the plans of the Tigers. South and West will be the dark horse fives while North, Linden and Aquinas aren't given much chance in the race for cage laurels.

The Tigers of East may be the favorites, but that doesn't mean they will win it. If you remember, most people had North walking away before the season started. They ended the season losing four games. Need we say more.

The Cowboys this Saturday night journey to Bexley to meet one of the leading pre-season contenders in the Central Buckeye League. This setto scheduled on the Lions own court will again prove a measure of what may be expected in the City League race from the local lads and at the same time serve as a yardstick for the Lions coach to measure the worth of his cagemen. The game is scheduled to begin at 8 p. m.

Service Station Owner Is Santa For A Day

Johnny Bowsher, 592 Nashaba-av (pictured above), operator of Johnny's Shell Service Station at Sullivant and Hague-ave, feels that too many times the merchants forget the true meaning of Christmas and oftimes forget the little folks in their desire to sell merchandise.

This year he is again following a custom of closing his business at 5 p. m. on Christmas Eve and staging a party for kids only. At that time the entire area of his filling station will be roped off and he'll become Santa Claus for an hour, distributing candies, dolls and other favors to children accompanied by their parents.

Highlight of the party will be a drawing for the fire engine truck he displays in the photo. Having no children of his own, he delights in this annual party for the kids.

The Gate Post

By Pat Martindale

Craft classes at Glenwood Recreation Center are beginning their annual pre-Christmas work shop to make Christmas gifts and decorations. This group has finished making a model of the building and hill on which is placed the Hilltop Community Council Christmas Greeting. The model will be placed in the window of the Hilltop YMCA in the near future. The model was created largely through the work of James Darby and other teenagers and pre-teenagers.

The Buckeye Rhythm Boys have been engaged by the City Recreation Department to play every Thursday night at Glenwood for the square dances. A large group of teenagers have been enjoying the dances. All Hilltop teenagers are invited to join in the fun.

Glenwood Center league schedules are as follows:

Wednesday, Nov. 28, 7 p. m.—Firehouse Five vs. Bruins; 8 p. m.—Stevens Five vs. St. Aloysius; 9 p. m.—Hilltop C of C vs. Bexley.

Thursday, Nov. 29, 7 p. m.—Oakies vs. Highland Avenue Friends; 8 p. m.—Thomas Avenue vs. Glenwood Methodist; 9 p. m.—Five Aces vs. Hilltop C of C.

Friday, Nov. 30, 7 p. m.—Sheas vs. Glenwood Methodist; 8 p. m.—Trojans vs. Atomic Five; 9 p. m.—Firehouse vs. Lazy 5.

HIGH SCHOOL STUDENTS' WORK

By Estevan Hudgins

Many interesting exhibits of student work were on display at Starling's Open House on Tuesday, Nov. 13.

In English classrooms there were booklets and model stages for plays they had been studying. In the typing room there were perfect papers, as well as students actually typing. In math rooms there were graphs of geometry work.

The Latin room had a couple of students dressed like Romans and drawings showing the origin of the English language. Room twenty-one had a display of leisure time activities such as keys, scrap figures, and miniature doll.

Joe Munson had a key display consisting of about fifty keys and included a key to the Science Building of the World's Fair. In the sewing room there was a display of blouses and aprons. The geography room had a display on products in room and thirty-six pupils were discussing various TB civics problems.

Mild Weather Could Be Harbinger Of This Again

With comparatively mild weather experienced during the past week, the folk of this community thought back to one year ago and recalled scenes along W. Broad-st like the one pictured above when winter suddenly descended to bring to an abrupt halt the warm, sunny fall days. After having had one taste of it, though, local motorists are already taking precautions that they won't be caught like this again.

Hilltop Pastor Threatened By Extortionists

Extortionists who threatened Rev. and Mrs. J. C. Kellogg, 3129 Ellis-pl, recently, were theorized by police to be juvenile pranksters when the request for $10,000 gave no instructions on how the money should be delivered or to whom. Mrs. Kellogg was told only to bring the money to Broad and Grant at 10 p. m. Tuesday, Nov. 20.

Police cruised the area but had nothing to report. Mrs. Kellogg informed police after the second call when a man who, according to Mrs. Kellogg, was in his early twenties, said "I mean business. Bring the money or you won't have a husband. Rev. Kellogg was not worried about the threats.

New 1952 Zenith TV Now On Display

Seely's Hardware, 1186 W. Broad-st, this week announced the display for the first time on the West Side of the New Zenith 1952 line of television receivers which comprize 18 different models.

Featuring the new "Electronex" picture tube the new Zenith has also built-in provision for UHF. Seely's point out that there are 1,357 new-type television stations on the way with a greater and better variety of TV programs. Many sets it is pointed out will not be able to receive these stations without a converter, but Zenith guarantees a UHF tuner strip can be easily added to its set so that a new set or external converter is not needed.

Two of the new type UHR channels are proposed for the Columbus area, and Seely's urge prospective buyers see the new Zenith line at their W. Broad-st store when doing their Christmas shopping at their toyland which will open soon.

In Passing

By ESTHER WEAKLEY

DECEMBER

December is a stillness on the hills;
Suspended animation, and the quills
Of the wild geese have grown to giant size;
A softer echo of their southward cries.

December is a quiet on the land,
Emotion tempered with a gentle hand;
A lily smile of white bewilderment
Where snow continues in its mild descent.

The soft and silent snow; the pale still glow
That brightens every hilltop, and and below
The valley listens for its gentle tread.
Oh, let it snow for me when I am dead.

Lucile Coleman

Why is it that adults seldom thank the M.C. for things they win on radio and tv shows (even refrigerators!) but children usually do? Maybe parents are so busy trying to teach manners to their offspring they forget their own.

• • •

It is wonderful when busy people like the Homer Meachums (Dad and Blanche, WTVN) take the time to write notes, just to let you know they are thinking of you. But that's the kind of thing you'd expect from regular folks like them. When they and their cast sing "Let's Go To Church Next Sunday Morning," you really want to go. Speaking of Dad and Blanche, if you aren't saving your sales tax stamps for anyone else, you couldn't do better than save for the Meachums. They send the stamps on to a sightless minister who gets guide dogs for other blind people. Anyone who sends stamps becomes a member of their Guide Dog Club. You could do a lot of good with very little effort.

From Tonics and Sedatives (AMAJ): Bruised and bleeding man, to policeman: "Of course I can describe my assailant. That's why he hit me!"

We had our annual House-divided Day the day of the Ohio vs. Illinois game, due to a week-ending nephew alumnus of Illinois. Now I know how other peace-makers feel: kind of futile! Especially since the game was a tie.

MOMENT

What were you but an hour ago
And what, tomorrow will you be?
I only know I will no know
And more you will not know of me.

Yet, being human, dumb and blind,
Brave dreamers, we must pretend
Our love will watch the years unwind.
There is no end. There is no end.

A west coast daily recently conducted a poetry contest for school children. Poems entered were to urge giving blood for Korea. One child, aided and abetted by Tennyson, submitted this one:

"Howe'er it be, it seems to me
'Tis only noble to be good.
Kind hearts are more than coronets,'
So go today and give a pint of blood."

And that is good advice, it seems to me.

From Stolen Laughter, London Prison Farmer: Two Indians had been much interested in the building of a lighthouse on the rocky coast near their western reservation. When it was completed they stood watching it every night. A thick fog came in one night and the siren blew continuously. "Ugh," said one Indian to the other. "The light she shine—the bell she ding-dong—the horn she whoo-whoo—but the fog she come in just the same."

Cowboy Bandsmen Prove To Be A Feature Of Annual Christmas Parade On Nov. 28

West High School Band was one of the highlighted units in the big Christmas Parade, Wednesday evening, Nov. 28.

Under the leadership of Clair Bernard, the band with drum major Bernard Dishong and drum majorettes Karen Griffith and Pat Manos paraded down High-st from Mound to Chestnut-st in the annual civic pageant sponsored by The Columbus Citizen.

West Homecoming Queen, Sally Billingsley, and her court also were in parade. Dozens of bands, members of the Armed Forces, giant balloon figures, clowns, floats and animated characters entertained children of all ages in the city's biggest parade.

King of the night, though, was Santa Claus, who reigned supreme over this Winter Wonderland. It was the Christmas send-off—the night of nights for children two to 82.

Looking Ahead

with

J. W. Worrel

We are all interested in the other fellow's job. If you don't mind I am going to tell you something about my job . . . the job of selling life insurance.

Some of you think of a life insurance man as a high-pressure salesman who hasn't any thing to do but waste your time. But there are others of you who know the real value of an insurance man. Someone once said that the life insurance man is the unsung hero of a better way of life. All he strives to do is to offer you security, if there is any such thing in a world gone haywire. Life insurance is the average man's estate. It is peace of mind — and sounder sleep, your family's support and comfort in your final absence. It is your own tangible link with the future . . . your nearest approach to immortality. To anyone with a family, it is as much a necessity as bread, or shoes, or shelter. And, because our indiv. ual insurance needs vary about as widely as our finger-prints, the Sun Life insurance man must be much more than a fast-talking salesman with a mind for figures. He must be a financial analyst and counsellor, father-confessor and expert on trusts, taxes, wills and human nature. But his hardest job is finding prospects who desire accurate knowledge and sound advice on the subject. If he can catch them in a receptive mood, gently win their confidence and make them face their responsibilities like men, then he is a happy man because he has done a good job of making life happier for those who follow after. That is MY job. Won't you let me help you, tomorrow?

Big Bear

(Continued from Page 1)

grocery level will be 11 electric automatic check-out stations which will practically eliminate long waiting time at check-out counters. For shoppers who wish to do further shopping in the basement level a checking center is also established so that the patron need not be bothered with many parcels while shopping in the huge center.

Hilltopper Lawrence Mack, 176 Algonquin-av, a veteran of 18 years service with the Big Bear organization and assistant supervisor of a number of stores, this week pointed out the many features of the new supermarket which has come to the Hilltop.

All produce, Mack said, will be kept on chipped ice in the 120 foot long vegetable counters. This method, he said, is the latest approved manner in which vegetables are kept at garden freshness. In addition, he pointed out that the 120 feet of meat counters are also of the latest type wherein the purchasers serve themselves with exception of special cuts, which may be ordered at a window to the meat cutting rooms. Thirty-six feet of counter space is devoted to dairy products and 54 feet to frozen foods to give the widest array of such products for any store in the city.

Ray Evans, the store manager, also called attention to the custom built grocery shelving which is designed to conform with the shaping of containers and packaging of various products.

The huge parking lot, Evans said, will accommodate more than 300 cars.

The advent of the new store on the Hilltop, Mack said, will provide employment for approximately [illegible] persons in the grocery department alone. Many of these persons are already on duty busily engaged in stocking of shelves and getting ready for the not too distant opening.

The huge new market, although complete in every detail for an ultra-modern grocery, goes beyond that stage by providing a one-stop shopping center for the busy Hilltop shopper. The basement level of the store, which is managed by Robert W. McCrie, 2861 Wicklow-rd, is a complete variety and department store within itself, featuring everything from toys, notions, hardware, hosiery, drugs, electrical supplies, sporting goods and cameras to television and other electrical home appliances.

Big Bear officials said this week, "We've tried in every conceivable manner to make this store a dream place in which to shop, with only one stop being necessary for the shopper to supply his every need."

Christmas Gifts

ons, games, pencils, puzzles, stationery, soap, washcloths.

"For men: Billfolds, cigarets, cigaret cases, handkerchiefs, gloves, nail clippers, pipes, smoking tobacco, scarfs, shaving lotion, socks, ties, tieclasps, tobacco pouches."

Packages need not be wrapped individually. If they are, Mrs. Bateman asked that contents of the package be designated outside.

Donors may leave gifts at Seiler's Department Store, 2404 W. Broad-st, at the hospital, 1960, W. Broad-st, or at The Hilltop Record, 2465 W. Broad-st.

Christmas Seal Sale Not Aided By United Appeals

The Columbus Tuberculosis Society was not a part of the recent campaign to raise funds for 70 local agencies, Fred D. Learey, chairman of the 1951 Christmas seal sale, said today.

"The reason is that Christmas seals, distributed only by mail—for which recipients make free will contributions—are the sole financial support of the local TB association," Learey said. Learey made this statement in answer to queries concerning the Society's position in the recent United Appeals campaign, and further explained the organization's position as follows:

"The Christmas seal sale, conducted only by mail, makes no pay roll deductions, employs no pledge cards, does no personal solicitation.

"Beyond this voluntary approach," Learey said, "the Christmas seal—first in the U. S. for charitable purposes — has a distinct educational value. It has become a 'fight tuberculosis' trademark over the years. And the letter, accompanying Christmas seals, is a report going directly into the home on existing problems and progress made in overcoming them."

The chairman explained that the seal sale is a uniform method of raising funds for 3000 TB associations across the country. This method, he stated, plus the coordinated efforts of these associations, are responsible for the growth and strength of the nation-wide voluntary tuberculosis movement.

"The Columbus Tuberculosis Society respects the purpose behind federated fund-raising," he concluded, "but it does not feel that the Christmas seal sale is in competition with other worthy local fund-raising organizations."

Dorcas Welfare Society Aids Many Needy

Thirty needy individuals and families were made happy at the Thanksgiving season by receiving large baskets of food from the Senior Dorcas Society of the Eastwood Seventh-Day Adventist Church, the leader, Mrs. Rose Wilson, 1544 Clara-st, reported today. These 30 baskets contained fresh fruits and vegetables, canned goods and staple foods. They were given to needy individuals, families, widows, the aged in private homes and rest homes and to shut-ins.

Members of the local church Junior Dorcas Society under the leadership of Mrs. Agnes Geiger, 4197 Agler-rd, visited the County Home at Thanksgiving time and served fruit to 146 in the hospital.

The Dorcas Welfare Society of the Eastwood Seventh-Day Adventist Church sent 26 boxes of clothing, shoes, towels and bedding to the flood victims of the Kansas City area last month. The Ohio Conference of Seventh-Day Adventists sent a large truck loaded with relief supplies which had been collected from the denomination's central churches in 13 principal cities of Ohio.

During the first nine months of this year, 78 local people were given aid by the Welfare Society of the local church, Mrs. Rose Breunig, secretary, reported. Her report also included five pairs of shoes and 13 new garments made and 350 garments mended and given to the needy; 16 baskets of food given; 168 letters and cards sent; 179 visits were made to those ill or shut-in; 14 bouquets and three gift boxes were given to the sick; six boxes were sent to foreign lands and 1328 missionary papers and books were distributed.

OPTOMETRIST
2434 W. Broad St. RA. 6991

"Give us clear vision that we may know where to stand and what to stand for—for unless we stand for something, we will fall for anything."

These great words echoed across the hall of the Senate of the United States a short time ago. Great words—that have been reprinted many times since first uttered in prayer by the Senate chaplain.

Yet there are many of us who believe in this thought, but find it hard to follow in these perplexing times. Can our churches be of help here?

If you are a member of a church, you need no answer to that question. You know that your church does not try to tell you *how* to stand on a question. That is your personal choice as a free American. But it does help you to separate the wheat from the chaff, the right from the wrong, so that you may stand for the right, knowing and unafraid.

Someone has said that the human race is divided into two classes—those who go ahead and do something, and those who sit back and inquire, "Why wasn't it done *this* way?"

Therefore, brethren, stand fast, and hold the traditions which ye have been taught...
II Thes. 2:15

Stand for something! Your church will help you with the most powerful incentive and champion that anyone may have—the knowledge that you are making your stand on the moral code of your God.

THESE FIRMS INVITE YOU TO ATTEND THE CHURCH OF YOUR CHOICE.

This question has been asked me several times in the past: Are Korean veterans eligible to join the Veterans of Foreign Wars organization?

The office of the Adjutant, Quartermaster, Department of Ohio, Veterans of Foreign Wars, informs me that they became eligible for membership in June 1950.

So if you are a Korean veteran who has served in Korea after June 1950, you are now eligible to join the VFW Post of your choice, all that is necessary is to request a membership application form from any VFW Post or member, fill it out and present it to the Post you wish to join.

If you do not know where your nearest VFW Post is located you can apply at VFW State Headquarters, 21 W. Broad-st in the Wyandotte Building. They will aid you in filling out your application card and will tell you where your nearest VFW Post is located.

My two sons joined the VFW in the last war, while serving in Iceland and they inform me that it was the best move they have ever made; may I suggest to the mothers, fathers, wives, sisters and sweethearts of Korean Veterans, that you send him a very merry Christmas present if you send him a paid up membership in the VFW. May I also remind the ladies of the family, mother, wife, daughter and sister, that you are eligible to join the Ladies Auxiliary to the VFW, if your loved one is eligible to the VFW.

To Dad: You don't have to be a veteran, you can join the Dads of Foreign Service Veterans if your son is a Foreign Service Veteran; your Dads Post in Columbus is 2393½ W. Broad-st

A Korean veteran may become a member at large, till he gets home and chooses the VFW Post of his choice; may I remind each of you that all of the major veterans organizations are constantly working for the passage of laws benefiting all veterans and that right now they are working for passage of laws, giving the Korean veteran the same rights and benefits that are accorded all other veterans, so join the ranks of the organized veterans and aid in promoting legislation, beneficial to all veterans, of all wars.

Good-will, will not secure passage of such legislation but depends on each of us doing our part and only through organization can these things be accomplished. It's strictly up to you, don't be one of those who say, "Oh, why worry, the government owes us these things, they will take care of us." It just doesn't work out that way. Your veterans organizations have fought for all the present benefits that the veteran now receives (you need them and they need you, just as you needed that buddy in the armed forces to protect your back while you protected the one ahead).

EGGPLANT STUFFING

Eggplant is stuffed for tempting individual servings. Mince liver sausage and season with chopped onion. Cut eggplant in half length wise and scoop out part of the pulp and mix it with meat mixture. Place the mixture in the eggplant halves, then in a baking dish and cook for one hour in a 300 degree F. oven.

Don't pull a gun through a fence. Hand it over to someone or carry it over with you, being careful where it is pointed.

Transportation Should Be No. 1 Item in 1952

Coming events cast their shadows before them and a growing Hilltop can anticipate the need of a better transportation system in the next year. To secure better service over the community should be the No. 1 project of the Hilltop Business Association in 1952.

The development of the new Westinghouse plant just west of the city and the attending growth in housing facilities for that neighborhood will mean that an extended and enlarged bus service will be of vital importance to the Hilltop.

The expansion of the Hilltop south of Sullivant avenue and in quite an area south of Mound street finds quite a large number of families without any bus service to the Hilltop business areas.

We feel that the idea of a "round the Hilltop" bus service provided either by the present utility or by private interests or the local business association certainly bears merit and should be fully explored. Such transportation facility that will make it possible for residents of the community to get from one section to another without the present long delays should become a reality in 1952.

It's Time To Speak Up

Last Saturday night we had occasion to listen to one of the most stirring and forthright addresses to a public assemblage as has been our privilege in many years.

National Commander of the American Legion, Donald R. Wilson, in speaking to more than 325 Legionnaires, scored the general apathy and unwillingness of U.S. leaders to truly assert themselves in the current Korean conflict as well as their willingness to condone the duplicity which has been prevalent in cease-fire talks and other UN negotiations. Wilson expressed concern over the manner in which our diplomatic leaders were willing to negotiate an armistice at the sacrifice of American soldiers' lives.

The Spectator believes it is high time that more of America's leaders became as frank and honest in expression of public opinions as was the National Commander of the Legion last week.

Investigation of Col. State School Death Is Slated

The burial of a youth who apparently leaped from an unprotected window at the Columbus State School, 1601 W. Broad-st, last Saturday, was halted Tuesday at the direction of Dr. Robert A. Evans, coroner. The body of Ernest Keppel, 22, has been returned from Tiffin, O., to Columbus for an autopsy in connection with the investigation of his death.

State Welfare Director John H. Lamneck sent letters Tuesday to Dr. Evans and County Prosecutor Ralph J. Bartlett, asking them to investigate the death. An investigation is being conducted also by Dr. Calvin Baker, chief of the Welfare Department's montal hygiene division and by the State Highway Patrol.

Reports given to the coroner stated that the youth was pronounced dead by Dr. Lester Imboden, a staff physician, who gave causes as internal injuries and a broken leg.

Dr. Baker refused to comment Tuesday on the possible action against any of the staff of the institution. Prosecutor Bartlett said that he might ask city detectives to enter the investigation which was begun 55 hours after the fatal plunge.

Past Commanders Form Camp Chase Banquet Committee

Announcement was made Wednesday by Commander William Ferguson of Camp Chase Post 98 of the American Legion of the appointment of a four-man committee to have charge of the annual Past Commanders Banquet which is to be held in the near future.

Appointed to the committee were four past commanders of the post who will supervise all details of the annual affair. Larry Scales was named as chairman and will be assisted by Arthur J. Bellar, Mose Williams and Chester W Wagner.

Ferguson also called attention to the fact that for the first time in many years Camp Chase Post failed to reach its required quota by the Nov. 11 deadline. He urged all members of the post who have not paid current dues for 1952 do so as soon as possible.

Hilltop Kiwanians Will Launch Annual Christmas Newspaper Sale Campaign Next Thursday Nite

General Chairman Bob Cramer (center) views proof pages of the annual Hilltop Kiwanis Club Christmas edition of The Hilltop Record with Tom Boyer (left), advertising chairman, and Franklin Sparks, publicity chairman. The drive begins on Dec. 13.

Typical of the many Kiwanians who next Thursday night will be ringing Hilltop doorbells and selling the Kiwanis Christmas edition for the benefit of child welfare in the community is Sam Alford, pictured above. Alford or one of the 299 other Kiwanians and friends will be at your door next Thursday night to ask your aid in this worthy project by selling you a copy of the newspaper.

Last minute details and plans were being thoroughly reviewed this week by Hilltop Kiwanians as they prepare for their annual Christmas Edition newspaper sale on Thursday, Dec. 13. Approximately 300 "newsboys for a day" will take to Hilltop streets in a house-to-house canvass to sell this annual edition, the proceeds of which are used for local Kiwanis Club child welfare work.

Kick-off time for the sale has been set for 6:30 p. m., when the huge gathering of Kiwanians and their helpers will convene on West High School where the assemblage will partake of a dinner served by the Kiwanikwe Club and auction off first editions of the newspaper before beginning a house-to-house canvass of Hilltop homes. Every home from Central-av, west to the city limits, will be visited in the annual drive which is expected to be completed within a space of two and one-half hours time.

Proceeds of the newspaper sale furnish the funds by which the local Kiwanians do child welfare work in the Hilltop community. Some of the projects aided by this drive are YMCA, Christmas Decorations, Boys' State, Big Brothers Camp and scholarships for deserving high school graduates of this community.

Bob Cramer is the general chairman of the drive for this year, with Tom Boyer as chairman of advertising and Franklin D. Sparks as chairman of publicity.

Members of the Franklin County Agricultural Society in its annual meeting Saturday, Dec. 1, at Hilliards re-elected seven members of the board of directors to new terms of office in the society. Six of the directors were named to three year terms and the other to a one year term.

With the election of directors comprising the main agenda of business the six elected to three year terms are A. E. Bogen, Harold Hart, Charles High, Robert King, Charles P. Roberts and Joseph S. Smith. Elected to serve a one year term was Leon Boucher.

According to Arch A. Alder, secretary of the agricultural society which annually sponsors the Franklin County Fair, the board of directors will meet early in January to elect officers for the next year. At that time election will be made of a president, vice-president, secretary and a treasurer.

Chet Long, popular and well-known radio and television news commentator, has been selected as the principal speaker of the day at the Hilltop Kiwanis Club regular Thursday noon-day luncheon meeting, according to announcement made earlier this week.

Long's presence as speaker of the day will be in observance of Kiwanis International "Radio Week," according to Jack Merriman, chairman of the day.

Announced too this week, by President-elect Harold Fox, was the club's organization meeting for Dec. 18 at Schmelzer's Restaurant at which time all officers and committee chairmen for 1951 are to be present.

Girl Is Burned

Big Bear Stores Supermarket Is Opened Tuesday

Tuesday saw the formal opening of The Big Bear Stores Co., newest and most unusual store on the Hilltop at 2835 W. Broad-st. Throngs visited the new two-level store which is one of the most beautifully decorated and completely equipped super-markets in the state.

The entire first floor is occupied by the typical Big Bear supermarket but equipped with all the latest and most modern conveniences,

Pictures on Page 6

such as electric-eye doors, motor driven check out counters, special lighting arrangements and the most up-to-date food refrigeration equipment and methods introduced.

Occupying the lower level of the building is a junior department store with a complete drug department, dry goods department, electrical applicance department, hardware department and a myriad of other counters including everything from notions to guns, sporting goods, toys, household needs, television, radios and refrigerators.

The new store is the seventh opened by The Big Bear Stores Co. in the last six years and is the firm's third new store in the city in that period of time. Opening of the new store Tuesday brought the total number of Big Bear Stores in the city to eight and to 17 in Central and Northern Ohio.

Wayne E. Brown, president of The Big Bears Store Co., said this week that some of the equipment in the new store is the first of its kind in the country. "We have left nothing undone," he said, "to make this new store on the Hilltop the finest equipped supermarket in the country."

Two Workmen Injured In Fall Still Hospitalized

Two of four construction workers who were injured when a scaffold on the Eshelman Grain Elevator, 4200 Sullivant-av, broke Wednesday, Nov. 28, are still in Mt. Carmel Hospital.

Orvid Turner, 28, and Roland Wilson, 43, are in satisfactory condition at the hospital while William Minnielli, 21, has been released. Harley Brown was not admitted to the hospital he managed to save himself from the 65-foot drop by grabbing and sliding down a supporting cable.

The men, all from Hamilton, O., were employed by James Stewart Construction Corp., 4200 Sullivant-av, to repair the elevator which was damaged by an explosion several months ago. The grain elevator was completed last March.

Traffic Death Increase Mars City Safety Record

With the traffic death rate climbing rapidly within the past month Columbus police this week called attention to the fact that the West Side of the city during this past year has already had chalked up against its safety record six of the 29 fatal traffic accidents.

Especially alarmed at the mounting death toll of pedestrians, safety officers pointed to the record of traffic fatalities within the city which now stands at 29 and revealed that of that total 19 were pedestrians.

Special attention was directed to the fact that there were but three children in that traffic death toll of 19 and that there were one each in the 23 and 25 year old bracket while the balance of persons claimed by death in traffic to this date average 66 years of age.

Sgt. Joe Foster of the Safety Traffic Patrol, this week urged that aged persons at night carry something white in their hands in order to enable motorists to see them better. Foster pointed up the fact that most aged persons generally wear dark clothing and were hard to discern in the darkness. Added emphasis was lent to his argument by the fact that of the 29 traffic fatalities in the city, 23 have occurred when it was dark.

In figures released by the Columbus Police Department this week it was noted that during the months of November and December the traffic death toll generally mounts. Figures cited show that in 1948 there were three fatals in November and 10 in December; in 1949 three occurred in November and six in December. Last year the situation was reversed with November traffic claiming five lives and December only two. This was attributed to snow retarding traffic so much in December. In November of this year seven lost their lives in traffic and thus far in December one traffic fatality has been recorded. Police safety officers are really concerned as to what this month may bring.

Five reasons were listed as causes for fatal traffic accidents in Columbus during this year year. They are, disobeying traffic signals; failure to yield at stop signs; assured clear distance; not walking in the cross walk and finally the major cause, operation of a motor vehicle while drinking. In this latter instance more than 50 percent of the fatal accidents in the city were found to be attributable to the use of intoxicants by one of the individuals concerned in the accident.

Another pertinent fact pointed up by the fatal accident report is that of the six traffic deaths on the West Side five were men and only one a woman.

In the meantime police have launched an intensive drive in this section of the city to curb traffic fatalities and intimated that with the pedestrian death ratio so high, it may be necessary to clamp down on pedestrians to the extent of levying fines of "jay walking" and other violations.

HBA To Elect New Officers At Dec. 11 Meet

Although the main order of business for the monthly meeting of the Hilltop Business Association will be the election of officers for the ensuing year, Christmas too, will come in for its share of attention as will the annual minstrel show, according to program chairman, Jack Merriman. The meeting is scheduled to get underway at Hillcrest Baptist Church, Tuesday, Dec. 11, at 6:45 p. m.

In the annual election Dr. Palmer Cordray and Donald F. Smith are opponents for the leadership of the organization for the next fiscal year.

Other candidates appearing on the ballots are: Jack Alkire and Ray Dethy for first vice-president; Hazel Bercaw and Jerry Watson for second vice-president; Elmer Hegenberger and Robert Knelsley for treasurer and Howard Bennett, Bill Coon, W. H. Coulthard, Harold Fox, Delbert Pack and Gene Wolfe for trustee posts.

Rev. A. L. Roth, pastor of the Hillcrest Baptist Church is scheduled as the principal speaker at the meeting and will deliver the Christmas message to the association. The subject of this address will be "The Commercialization of Christmas."

Other business scheduled to come before the meeting will be a discussion of the forthcoming Hilltop Minstrel Show and promotion of plans for an early sale of tickets to the annual event.

Dentist's Home Is Ransacked

Burglars last week entered the home of Dr. Thomas S. Fox, dentist, 25 S. Brinker-av, and ransacked all three floors, it was reported to police.

The burglary occurred sometime during the early part of the week and was discovered by Dr. Fox when he returned from an out of town trip.

A window in a rear door was broken according to police.

West High Students Win Legion Awards

Winners of the Camp Chase American Legion poster contest conducted early in November are pictured above as they received cash awards for their prize winning entries. Left to right in the photo are Principal I. F. Young of West, Beverly Wilson, Ronnie Cress, Carole Price and C. H. Campbell representing Camp Chase Legion Post 98. Theme of the poster contest was activities conducted by the American Legion in its "Americanism" program.

Silver Dollars Make Their Annual Debut As Hilltop Record Pays Off

A sure sign that Christmas is just around the corner and almost upon us will be much in evidence throughout the Hilltop area beginning tomorrow.

The sign? Every Hilltopper should recognize it by now. It's those round cartwheels . . silver dollars to many of you. Local merchants know that the sudden appearance of those dollars means that the annual custom of the Hilltop Record in paying its staff is again being observed and it's a further indication to them that money earned on the Hilltop is spent on the Hilltop.

The custom began a number of years ago when the idea was conceived to illustrate and prove the fact that many dollars earned by members of this newspaper's family eventually find their way into the cash tills of almost every business house on the Hilltop. The fact was proved and the idea met with such favor that the practice of paying once a year in silver dollars has become an annual event.

Further proof of the manner in which money stays on the Hilltop is evidenced by the fact that many of the silver dollars turn up months after they are initially put into circulation by the Record employees.

As the newspaper has grown more and more in these past few years the size of the staff has also grown in proportion with the result that tomorrow's pay day at the Hilltop Record will see more than 2,000 of the big coins being channeled into local business establishments.

Observance of another custom of previous years will also be made this year. Every silver dollar brought into the Hilltop Record office at 2465 W. Broad-st between tomorrow and Jan. 1 will again be worth a one year's subscription to this newspaper.

To Our Friends and Customers:

We are more than glad to extend this cordial invitation to all of you to visit us in our new home. Our happy privilege over the years, of being an integral part of your Hilltop community, has been one of our most prized possessions. Now that our long cherished hope of a new store has become a reality, we want you to enjoy it with us.

The same policies, courtesies and conveniences which you found to your liking in the old store await you in this new location, but in much greater measure, and we have installed many new mechanical devices for your added comfort and convenience. For the handling of perishable foods, we have installed the finest equipment we can buy, both for electrical refrigeration as well as for natural icing with an ice-machine.

In this new store our self-service meats, our dairy and our produce departments are now completely equipped to supply you with the finest and freshest delicacies on the market. In the grocery department, as before, you will find your favorite brands of nationally advertised foods, but now in even greater variety. And we pledge you our continued effort to maintain prices at the lowest possible level.

As another convenience to save you shopping time, may we direct your attention to the complete junior department store on the lower level of this new building. Here, in wide and varied selection, you will find merchandise to fill your every need from household furnishings, toiletries and drugs to hardware, sporting goods, notions and toys.

But beyond all questions of quality, variety or the economies which you may effect by dealing at our stores, there is still another cardinal principle of our Company which I wish to re-emphasize -- the principle of complete satisfaction with every purchase. At Big Bear no sale is final. If, for any reason, you are not completely satisfied with any item you have purchased, you have only to bring it to the attention of the store manager and your money will be refunded without question.

Only by such methods of fair dealing may we hope to deserve the continued trust and confidence which you have reposed in us.

JUNIOR DEPARTMENT STORE OCCUPIES ENTIRE LOWER LEVEL

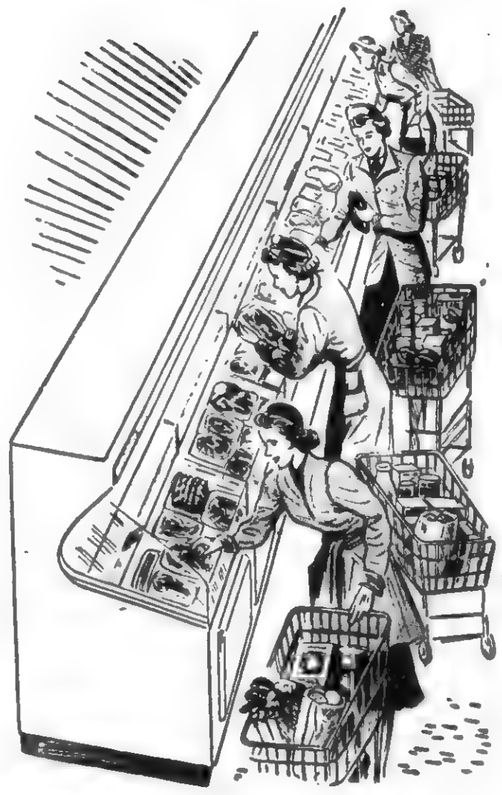
The Junior Department Store on the Lower Level makes this new Hilltop store a one-stop shopping center in every sense of the word. This department store will offer merchandise in both hard and soft lines in many departments. A complete drug and prescription department with registered pharmacist in attendance and equipped with the latest refrigeration facilities to keep biological goods at the proper temperature; toiletries, cosmetics and health aids; a tobacco counter with a complete line of tobacco accessories—cigars kept under humidification to insure freshness; house dresses, work clothes, rugs, curtains, lamps, dishes and silverware, a large stock of Revere Ware, hardware, sporting goods, and a full line of nationally advertised Du Pont paints. The electrical appliance department includes famous brands of television sets, radios, washers, irons, toasters, refrigerators, kitchen ranges and many other household appliances; all these and many other items will be found in this big Junior Department Store.

TREMENDOUS BRAND VARIETY FAMOUS QUALITY FOODS

All of your favorite brands of famous foods will be here—quality foods like Libby, Del Monte, Stokely, Food Club, Heinz, Freshlike, Swift's, Butter Kernel, Campbell—names that you have come to know and depend on from Big Bear.

FRESH-FROZEN FOODS IN ENDLESS ARRAY

You'll find forty-eight feet of frozen food cases—deep-well units that keep these highly perishable foods at a constant low temperature. You can select from an almost unlimited variety: fruits, vegetables, juices, meats, fish, fowl, pastries and fancy specialty foods. Self-service ice cream is in a separate case.



MOTORIZED CHECK-OUT LANES FOR SPEEDIER SERVICE

Eleven automatic check-out lanes enables shoppers to quickly complete their transactions with a minimum of delay. Motorized and mechanically controlled by the cashier, purchases are quickly checked-out, packed and delivered to the shopper's car.

100% SELF-SERVICE MEATS

In the 100% self-service meat department shoppers may choose from the greatest array of top quality meats—fresh, cooked and cured—found anywhere in the city of Columbus. Arranged for Mrs. Housewife's convenience, the self-service meat counters extend across the back of the store and along one side—114 feet in length; 94 ft. for fresh meats—20 ft. for smoked, luncheon and cured meats.

NO WAITING . . . the SELF-SERVICE MEAT way

There's no guessing! You can select from a dozen different cuts and get exactly what you want. Weights and prices are plainly marked on every package. Weights shown on package indicate weight of meat only and do not include weight of container or carton. If the particular cut you wish is not in the case the hostess on duty will quickly handle your order, or you may place your order at the service window provided for that purpose. The "backroom" where the cutting and self-service packaging is done—weighing, pricing and wrapping of meat—is completely sanitary with spotless white Marlite walls and stainless steel equipment.

CHEESE LOVERS! Here is PARADISE!

Along one wall are thirty-six feet of triple-decked refrigerated self-service dairy cases—with cheese from the four corners of the earth. Whatever your cheese taste—zesty or racy, mellow or mild, imported or domestic—you'll find your favorite—packaged and priced for your selection. Many of these cheeses (you may choose from over 100 varieties) are prepared and wrapped in a modernly equipped preparation room. Company trained clerks—experts in dairy techniques are there to serve you when needed.

PRODUCE—SO FRESH IT SPARKLES

Experts today say that ice itself is the best refrigerant for keeping vegetables moist and crispy fresh. Forty-five feet of open-top cases with produce packed in crushed ice assure the customer the finest in freshness and flavor. Delivered daily to the store, produce will be kept field fresh.

WIDE, ROOMY AISLES

Wide, roomy aisles permit convenient and leisurely shopping for the customer. All shelf merchandise is sensibly located—the prices are clearly, accurately marked. Shopping in this new Big Bear Store will be truly an exciting adventure.

DIETETIC FOOD

Salt-free, sugar-free fruits and vegetables for special health diets at money saving prices.

PERPETUAL AIR CONDITIONING

Whether the days are warm and humid or bitter cold, shopping in this new Big Bear Super Market will always be pleasant and comfortable. The store is always so clean, too—no dust or dirt from the heating plant with perpetual air-conditioning.

MAGIC EYE DOORS

After Mrs. Housewife has completed her shopping she steps on the "magic carpet"—the door swings open automatically and closes when she has passed through.

A Worthy Project

The Columbus Junior Chamber of Commerce will have more than 100 of its members on the downtown streets of Columbus Saturday, as it sponsors a blood donor pledge campaign. Columbusites will be asked to sign pledge cards indicating their desire to give blood through the Red Cross Regional Blood Center. This blood will then be used to fullfil the local quota of 7500 pints per month. Pledge card signers will not be asked to make a definite appointment next Saturday, but rather to sign a pledge card which will indicate their desire to give blood in the future. Thereby these pledge card signers will join the much needed reserves of Columbus citizens who will be enabled to give their blood at some subsequent time.

The young men of the JayCees, many of whom are veterans, have signified they feel that the need of adequate supplies of blood and blood plasma, for the present and future, are essential for the well-being of Columbus and its citizens as well as the future of America.

Many of these young men have had first hand experience with the morale-building experience which an adequate supply of blood gives our men when at the battle front. Others of them have needed blood for their families and themselves right here in Columbus. Their desire to see that our civic responsibilities are properly carried out is the reason that they are so interested in the success of this campaign.

All Columbus citizens in downtown areas Saturday, will be approached by members of the JayCee's and asked to sign blood donor pledge cards. They have set a goal of 1000 pledges for that day. Your assistance in this campaign will be appreciated.

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Editor:

A few weeks ago there appeared in one of our leading magazines an article under the caption "Bottlenecks."

There is one part of the article that in my opinion stands repetition and consideration. In substance, here it is:

An unqualified man through favoritism and conniving became the head of an institution that touched the welfare of many people.

This individual called his personnel together and proceeded to give a lecture on bottlenecks.

Said he in part, "No business can be run successfully with bottlenecks in it. I comand you to get rid of any that may exist."

Having finished the lecture, he asked for comments. A moment of silence followed, then one of the old employes of the establishment spoke up. He said, "In my experience with bottles I have observed that the necks are at the top."

We wonder if the writer of the article was thinking of the condition of our country and the many bottlenecks created through mismanaging the affairs of our nation.

As the old employe said, the necks are at the top.

As I pondered over the above, these lines came to me. I pass them on to any one who may read them. When will our good old days return

And our homeland be at par?
When the bureaucrats are ousted,
The aftermath of F.D.R.

When they stop the Fair Deal orgy
That has caused so much dismay;
Return to days of good old horse sense.
And let nature take its way.

Then America will have plenty,
Have abundance and happy be,
When from regimentation freed
And the terrific spending spree.

Down with the Fair Deal fallacies,
And their crack-pot theories ban;
Reclaim the good old U.S.A.
And return to America's plan.

Away with Fair Deal bottlenecks
And all that tommyrot;
Down with bureaucrats and bureaus,
And the necks that are at the top.

Arise, America, and go to battle
For the liberties our fathers gave
To a trustful, peaceful people,
Before we're made a dictator's slave.

A Great Lever of Scientific Advance

"SMALL BUSINESS"

BY C. WILSON HARDER

Washington observers watch with interest results of Churchill's January trip to Washington.

* * *

It is believed actions resulting from meetings will indicate how strongly American government has gone toward Socialism, or towards monopoly.

* * *

C. W. Harder

Here is the background. Washington Socialists working for socialized medicine in America, and for nationalization of many industries were willing to support the British Socialist government to the last American tax dollar.

* * *

Now, however, the Churchill government is back in power. British finances need bolstering as the drain of free false teeth, free aspirin, and other Utopia programs have wrecked Britain.

* * *

Churchill is saying Britain needs more American help to carry out the defense program.

* * *

Apparently Churchill is reluctant to disclose how much damage was done by Socialism.

* * *

The defense needs plea is largely a smoke screen.

* * *

Out of the billions of Marshall Plan aid delivered to 16 European nations, England received almost 30%. Significantly, 80% of this was received before Korea, during time when Stalin was called "good old Joe" in Washington, and the Marines and the Navy were being scrapped.

* * *

Therefore, the bulk of the billions that Washington allocated to England were devoted to a "noble" experiment to make Socialism work in an English speaking nation, and establish an example for America.

Many government officials feel any additional help to England should be on these conditions. 1) That England reverse its trend toward Socialism. 2) That the British system of business be changed to encourage free enterprise; outlaw monopoly.

* * *

Responsible officials feel the American tax limit is reached.

* * *

They feel the nation can no longer finance British exploitation of overseas possessions, nor finance socialized medicine; other socialistic schemes with which England has been saddled.

* * *

Neither are responsible officials willing to continue aiding British monopolies.

* * *

The memory of how British tin and rubber monopolies hiked prices right after Korea and how British interests traded with the enemy is too fresh.

* * *

So a three cornered fight is in the making.

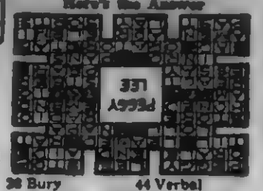
* * *

In one corner are American Socialists who would rather see a non-Socialist Britain fail. In another corner are those interested in British monopolies not yet nationalized, who want American dollars used to bolster them. In the remaining corner are those who insist any further British help be based on the establishment of a free enterprise system in England.

* * *

For the first time, since 1812, the issue of Anglo-American relations is clear cut.

* * *



The action taken will decide the question of world peace or war; world prosperity or poverty, for generations to come. Never before have the American people had such an opportunity to uncover and drive out of Washington the planners for world monopoly and/or world Socialism.

STRICTLY FRESH

REPUBLICANS want to keep investigations into Administration affairs going on the theory that "scandals" are of little political use unless kept fresh in the public mind. Well, Washington's got the deep freezes to keep 'em fresh in.

* * *

Report says Winston Churchill will purchase a hearing aid. Knowing the stormy old orator one may be expected to sound extremely reasonable in asking why.

Food for thought in many cases is something on a restaurant table

which the proprietor in humorous moments has, it seems, often mistakenly thought for food.

* * *

The old U. S. defense theory of "balanced" air, navy and ground forces is to be ditched. It's reported that no one in Washington seemed to know what the word meant, it's been so long—

* * *

To assassinate someone is to kill them. And the word assassin can be traced back to the word hashish. It has been gaining credence by many who are forced to eat the Monday evening hodgepodge of a frugal boarding-house cook that the ish is an addendum to the word totally unnecessary.

Christmas toast: "Eat, drink and be merry, for tomorrow it's turkey hash."

Christmas Seal Reminders Sent To Thousands

"Hope to hear from you soon."

That's the keynote of thousands of postcards mailed this week to persons on the West Side and throughout the county who have not yet contributed for their Christmas seals.

A slacking off of receipts in the 1951 Christmas seal sale has prompted the Columbus Tuberculosis Society to post reminder cards a week earlier than usual.

The remainder is based on the assumption that local residents want to remit for their Christmas seals, but pre-holiday and business affairs absorb their attention.

Fred Learey, Franklin County Christmas Seal Sale chairman, urged all local residents to remit for their seals immediately. The 1951 Christmas seal sale completely supports the Columbus Tuberculosis Society and its anti-TB work throughout the county.

Someone has observed that it takes a student some twenty minutes longer to say what he thinks than to tell what he knows.

Cowboys Drop Cage Opener To Newark

A six foot five center named Charley Deeds and a six-foot four forward named Lou Mitchell, rocked the West High Cowboys with 41 points between them as they led Newark's Wildcats to a 60-49 victory in the season opener for both teams. The game Cowboys couldn't cope with Deed's hook shots nor Mitchell's sets from the side.

West's Jerry Trabue scored 19 points. The big center couldn't get the support that was needed to outscore the Wildcats.

Big Bob Thornton and Captain Jerry Johnson each came through with 12 points, but Coach George Williams couldn't come up with a working five-man combination.

The Cowboys were never in front. They sprinted last in the first period to come within three points of the Wildcats, but they were outscored by six points in the second quarter to trail at halftime 37-28.

The second half was evenly fought as both teams showed good offensive punch for the first game of the year.

West Reserves Cagers Capture Opener 49-31

The West Junior High School Bucaroos broke a 25-year jinx as they beat Barrett 49-31 on the West court.

Chuck Koterba's South side school was completely outplayed as Orrie Lehman's well-coached Bucs took over where they left off last year. With mid-year graduate Jim Vincent racking up 25 points and Larry Nafzger's fine floor game the spirited Bucs showed they are a team to be reckoned with in the race for the Junior High title.

"Pardon me, but are you taking the right hat?"

"Do you think I'd take a hat like this if it wasn't my own?"—The Pointer.

SPORT SLANTS

By "Dusk" Jaques

The West High School basketball team opened its 1951-52 basketball season as it has for the past few seasons by losing to Newark. The Wildcats are always represented by an outstanding ball club and this season they should be one of the big powerhouses of the state.

The Cowboys played good ball while losing to Newark, but George Williams' boys didn't look too impressive in their victory at Bexley Saturday night. They made numerous turnovers and mental errors and it was this that made the contest as close as it was. If Coach Williams can come up with a good combination before the City League race opens, the Cowboys will be a threat to any of the city [redacted].

West Junior's 1951-52 edition showed great team play in its victory over Barrett Junior High last Friday.

Orrie Lehman should be proud of his current five as they did what no other West Junior team could accomplish under his coaching when they beat Chuck Koterba's Southsiders. The Junior Cowboys will be the team to watch over at the Powell Ave. school when you talk of championships this year.

West Outscores Bexley 56-50

The West High Cowboys sneaked to their first win of the season over the Bexley Lions by the score of 56-50. Bexley lost the game in the second quarter when West outscored the Lions 23 to 12, to lead at halftime 31 to 21.

The Cowboys won the game at the foul-line as Jerry Trabue hit seven of eight fouls and seven baskets to lead West's scoring with 21 points. Junior Bob Thornton chipped in with 16 points, as he controlled the boards for most of the game.

Bob Stone, the big center of the Bexley five, led all scorers with 10 buckets and three fouls for a total of 23 points.

The Cowboys set up a tight zone defense which held the Lions' leading scorer, Chick Wahoff, to a scant five points.

The reserve tilt went to Bexley as the little Cowboys came from behind late in the game, only to lose out in the final seconds 30 to 28.

Many Hilltop Residents With Big Bear Stores

Formal opening of the beautiful new Big Bear Supermarket at 2336 W. Broad-st this week required very little "getting acquainted" for the majority of Hilltop residents. Estanished since 1936 at 2596 W. Broad-st, Big Bear's entire present store personnel, plus many new faces, simply moved a few blocks out W. Broad-st to their new location. This brand new up-to-the-minute supermarket is staffed almost entirely with Hilltop residents. In addition to these Hilltop employees there are also a number of Hilltop residents who occupy executive positions with the company.

Serving as secretary and comptroller of Big Bear Stores Company is Roger Yaple, 203 S. Brinker-av, who has been with Big Bear since 1941. Lawrence Mack, 176 Algonquin-av, and Forrest Sparks, 1546 Thomas-av, were among the original personnel who started with the company in 1934 when the first store was opened on Lane-av, opposite OSU stadium. Mack is now one of the company's store supervisors and has supervision over this new store. Sparks is manager of Big Bear's E. Main-st store.

Others in the Big Bear family who make their home on the Hilltop include Charles Hacker, 89 S. Powell-av, assistant manager of Big Bear's Lane-av store; Kenneth Pound, 344 N. Ogden-av, manager of Big Bear's Cleveland-av store; John Anderson, 316 Chase-av, meat department manager of Big Bear's Grandview store, and Lee Dicken, 129 Letchworth-av, assistant advertising manager at the company's general offices.

Between the ages of fourteen and twenty-one more than half of our American boys choose their own clothes without any help from their parents—except the money to pay the bill.

THROWN BY BUS

Roy Steele, 50, of 119 S. Oakley-av, suffered hip and shoulder injuries Monday night when, police said, he caught his foot in a trolley door and was thrown against a parked car in the downtown area.

He was taken to St. Francis Hospital.

Hilliard Cagers Lose Opener To Madison 45-42

Hilliards High School dropped its opening game of the current basketball season to Madison Rural High, Tuesday night on the latter's floor by the narrow margin of but three points. The Hilliards five lost by a 45-42 count.

Madison captured a quick lead in the first quarter of the game which they never relinquished. At the first quarter they led 10-6 but were pressed at half time when Hilliards edged to within one point of them to end the first half 17-16. The second half saw the count at the end of the third canto 35-31 with Hilliard making a valiant rally in the last stanza to come within three points of tying the count.

Bill Boden of Hilliards and Dick Clark of Madison shared scoring honors with each counting 15 points.

1952 Dog License Tags Now on Sale

The office of the County Auditor this week announced the opening of the sale of 1952 dog licenses. According to law every dog three months of age or older must have a license and wear it at all times.

Officers of the Humane Society of Columbus are cooperating with the auditor's office in the dog license sales.

"A dog license is important to the safety of your dog," said Tom Justice, Humane Society General Manager. "During this cold weather many dogs were found wandering the streets and because they were not wearing license tags, it was impossible to locate their owners. Often, dogs are injured or killed and we have no way of notifying their owners because the animals are not licensed."

Dog licenses may be obtained at the office of the County Auditor in the Court House. Applications may be mailed in, containing a description of the dog together with the proper amount for the license fee. Dog license fees are: $2 for male, female, and spayed female dogs; and $10 for a kennel license.

Cowboys Down Grandview Five For 2-1 Record

George Williams' basketball Cowboys outclassed Grandview, 78-42, Tuesday evening, for the second consecutive victory as against one setback. An offensive trio of Bob Thornton, Jerry Trabue and Warren Stephens, accounted for 56 of the Cowboys' 78 points with Thornton's 23 pacing the attack.

Trabue blistered the nets for a total of 19 tallies, while Stevens followed with 17. Guard Pete Mattis and Center Ned Herriott the only two bright spots for the losers, weren't able to cope with the superior height of West's forces.

Junior Achievers See Chrsitmas Market As Gift Item Prospect

With an eye on cornering at least a piece of the Christmas gift market, Columbus' twenty-four Junior Achievement companies are turning out everything from television stools to telephone book covers.

These articles are being displayed at the Achievers gala Christmas gift showing, to which the public is cordially invited. This event will be held at the Junior Achievement Business Center at 79 N. Third-st. Friday, Dec. 7, from 7 to 9 p. m. as part of a drive to acquaint Columbus with the high quality products being manufactured by its teen-agers in their own little companies.

Junior Achievement, sponsored and supported by business men of Columbus, is an educational program designed to give our Columbus youth (boys and girls 15 to 21 years of age) actual experience in ownership, management and sound business procedure through the operation of their own miniature companies. These young people through their volunteer adult advisers develop an understanding of the relationship and function of the essential parts of America's private enterprise system.

The Low Down On High Ridgers

By One of Them

Believe me, folks—if MRS. GERRY RENTSCHLER would jump in the ocean, she wouldn't get wet! Yes, sir! After the Folgar coffee man gave her a Westinghouse television set, the very next day she won $5.00 in cash in a radio contest.

She has a streak of luck running in her veins ever since she came out of the air force in World War II. She did her part then, and now she is getting the breaks! Good for her!

Congrats! are given to MR. AND MRS. ROGER HANNERS. Mother is now back on schedule with her housework. Her little new son didn't cause too much of an upset, and they're certainly enjoying this addition to their family.

"I do" promises CONROY MOORE and BARBARA L. SMITH to each other. Third finger, left hand, bears the symbol of their contract. Lots of happiness to you both!

During the coming holidays, LORETTA LIMOTTA will be married. Her Christmas shopping isn't bothering her in the least since it's practically done. Her main interest is getting her wedding arrangements completed. We're all invited to the marriage on Dec. 29. See you there, LORETTA, when you will become MRS. ROY COCHRAN.

MRS. BILL SCHAEFER is settled down awaiting Christmas, after various trips this past month. She stayed at her dad's in Kentucky for a while, came home and did up some washing and ironing, and again the family was off to Detroit where they spent four days. Then back home again only to start off for Indiana, where they enjoyed their Thanksgiving dinner.

LOREN HIGHFILL has built himself an outside stove in the rear of his backyard. If they plan to roast corn and meats out there next year, mmmm! Think how many of us will be smelling those aromas and be over to see if we can join in their repast. Ah!

RAY ALLSGOOD already has seen his Christmas present, although it was a mistake that he opened it. After the large box arrived at his home RAY thought it contained the toys he and his wife had ordered for their children.

Since SARAH, his wife, was out shopping at the time, he opened up quite a display of work tools. He confessed to SARAH as soon as she got home and the whole neighborhood laughed about it.

So now Sarah says she'll just have to get RAY some kind of surprise if it's only an ash tray.

Girl Scout News

District 8

The girls of Troop 15 have been very busy Brownies the past month. They just finished painting and glazing figurines and plaques. On Nov. 27 they celebrated their troop birthday with a grand party given at the home of their leader, Mrs. Russell Sellars. Their mothers were all invited and the girls were awarded their two-year pendants. Five of the girls also received prizes because they had sold the largest number of Christmas cards. After many games were played the girls enjoyed ice cream, cake and punch served by Mrs Elmer Look, assistant leader. Two Brownies were invested at the party, Frances Edwards, a new Brownie, and Carolyn Hatfield, who just transferred from a Grandview troop. The girls in Troop 157 are Jud. Sellars, Carol Ann Look, Patty Heischman, Bonnie Veit, Mary Pauline Thorn, Sharon Armore, Bonnie West, Sharon Williams, Deanne Schubert and Jody Whitsell. The troop committee consists of Mrs Fred Heischman and Mrs. Theodore Amore.

The month of November has been a month of birthday parties for the Girl Scout troops at Wilson School.

On Nov. 8 Brownie Troop 200, under the leadership of Mrs. John McConahay and Mrs. Kenneth Vincent, celebrated its second birthday by inviting the teachers, mothers and leaders of other troops to a party. After a short program two new Brownies were invested, Rebecca Smiley and Helga Bush. Then Mrs. Hale Cline, the neighborhood chairman, invested the following ladies as new members of the troop committee: Mrs. William Schneider, Mrs. George Clark and Mrs. Wayne Sigler. The girls of Troop 200 recently enjoyed a hamburger fry at Blacklick Woods.

On Nov. 19 Intermediate Troop 342 enjoyed a pot luck supper in honor of their first birthday. Their mothers were all present and Mrs. Nellie Gardner, their teacher, was a guest. A lovely program was given, consisting of a piano solo by Karen Grimm, a reading by Teresa Boggs, a piano solo by Janice Wichterman, and an accordion solo by Sondra Cline, a guest of the troop. Following a court of awards, Mrs. Alfred Justus was then invested as a new member of the troop committee. Mrs. Paul Wichterman is the leader of Troop 342.

On Nov. 28 a tea was given in honor of Brownie Troop 343. They celebrated their first year of scouting under the leadership of Mrs. Fred Grooms and Mrs. George Goodrich. At their party a very impressive reading of "The Brownie Story" was given by Patty Holshue. Following the program, seven new girls were invested. They are Karen Wilburn, Sharon Cartwright, Joyce Grimm, Wilma Lemaster, Shirley Ross, Phyllis Spurlock and Marilyn Pennehill. Then Mrs. Hale Cline invested a new assistant leader, Mrs. A. E. Dever, and three new members of the troop committee, Mrs. Charles Aye, Mrs. Warren Wilburn and Mrs. Benford McNeal. Mrs. Paul Blakely, district chairman, was a guest.

TRANSMUTATION

The beauty of a breaking wave,
The gull flight's flashing wonder,
The miracle of Spring's rebirth,
A wild storm's booming thunder,
The Bitter-sweet of Fall's last fling,
The pageant of October,
The requiem of the dying year,
November — pensive, sober.
From these the poet seeks to ensnare
Through mere words, worn and tarnished,
Life's strangeness, beauty, wonderment,
The pathos of days vanished.

The recipes she sent Peg were compiled for the book which was published by Exposition Press, Inc., 386 4th-av, New York 16. The book would be a suitable Christmas gift for a new bride if you happen to know of one.

Robert Morris Installation Held At Westgate Temple

In the East a gold cloth was hung, against which a picture of Christ in the Garden of Gethsemane was unveiled, for the installation of Robert Morris Chapter No. 372, OES, 1951-52 officers held Tuesday, Nov. 27, at Westgate Temple, 2925 W. Broad-st. On either side of the picture were crosses made of yellow chrysanthmums and green fernery with seven-candle candelabra.

A lighted broken column was in the East at the associate matron, conductress and associate conductress stations. In the West was a painting of the head of Christ by Alma Ross, an installation gift to Ida Hegenberger, worthy matron.

The new officers wore yellow taffeta with Bible escort and three pages in green taffeta. Each officer wore a rhinestone necklace and wrist-corsage, a gift of the worthy matron and worthy patron. Kathryn Evans, a past worthy matron, pinned Mrs. Hegenberger with an orchid corsage, the gift of her three nieces and nephew. As the worthy matron stood by the altar the chorus sang, "Asking God to Be Her Co-pilot." The Melody Girls, 17th District 1951-52 matrons sang as the worthy matron and worthy patron were escorted to the East. A lucite gavel was presented the worthy matron by the worthy patron, Elmer Hegenberger.

The installing officers were Robert Draner, Katie Shroyer, Ira Suartz, Ursula Roberts, Nell Jane Price, Alice Goodall, M. Fern Sharp, Ruth Draper, Goldie Miller, James A. Ware, Fern Johnson, Kathryn Evans, Lilly Hulls, Agnes Wolfe, and Marie Patton. The grand officers wore violet colored dresses trimmed in silver and wore wrist corsages, a gift of the worthy matron and patron.

In addition to the worthy matron and worthy patron, Martha and Elmer Hegenberger, the following officers were installed: Ruth Frizzell, associate matron; Herbert Pfaltzgraf, associate patron; Ethel Cranford, secretary; Etta Timma, treasurer; Helen Nemes, conductress; Catherine Hakola, chaplain; Juanita Steele, marshall; Josephine Nowell, organist; Mary Mick, Adah; Margaret Taylor, Ruth; Joanna Allen, Esther; Marilyn Wiseman, Martha; Dorothy Saunders, Electa; Betty Doelker, warder; Edward Rigby, sentinel; Jane Jones, Bible escort; and color bearers and pages, Alverta Colburn, Evelyn Shroyer and Denvy Smith.

Following the installation the worthy matron and worthy patron sang a duet to the Melody Girls. The Robert Morris Chorus, under the direction of Ida Grinstead, sang, "Bless This House," "O Master Let Me Walk With Thee," and "This Holy Hour", after which the Star Point Addendum was given honoring the station of Martha. The benediction was given by Dr. Joseph Shellhaas, past patron. "The Lord's Prayer" was sung by Marilyn Ring Wiseman.

Among those present were P. R. DeVore and Robert Robert, past grand patrons, and Myrtle Coffman, Alma Allen, Cecil, J. Randall, 33rd degree; Fletcher Wright, Audry Kalbfleisch, Charlotte Drake, Agnes Shaffer, Virginia Watts, and many visitors from out of town. Wilda Bailey, president of the hospital circle, was presented as was the worthy matrons and patrons of Robert Morris and members of the "46" officers.

Jean Ellen Hulls November Bride

The new Mr. and Mrs. Gene Sherman Harris

Vases of white pompons, gladioli and tapers, intermingled with huckleberry foliage, fan shaped fern and lighted candelabra were used in St. Paul Evangelical and Reformed Church on Saturday, Nov. 10, for the marriage service uniting Miss Jean Ellen Hulls, daughter of Mr. and Mrs. Clarence E. Hulls, 166 Binns-blvd, and Mr. Gene Sherman Harris, son of Mr. and Mrs. Clifford Harris of London, O.

Rev. Paul C. Kaefer officiated the 7:30 p. m. nuptial service.

Escorted by her father, the bride approached the altar through a candle lighted aisle. Her dress was of lustrous white satin with a sheer yoke of illusion, featuring a fitted bodice, high neckline and long fitted sleeves which came to points over the hands. The bodice of the gown fastened in the back with tiny self-covered buttons. The very full skirt fell over an old fashioned satin hoop and extended into a long cathedral train.

Her fingertip veil of imported French illusion fell from a lace and satin bonnet. She carried a white Eastern Star Bible belonging to her aunt, Mrs. Leo Hulls which was topped with a single white orchid surrounded by a loose cascade of stephanotis.

Mrs. Thomas Tilsley of Cincinnati, O., sister of the bride, served as matron of honor. She wore a peacock-blue satin gown featuring a fitted strapless bodice, lace jacket, mandarin neckline and cap sleeves. The very full skirt was worn over a hoop. She carried a cascade of yellow mums tied with mauve satin streamers.

The bridesmaids, Miss LaDonna Distelhorst, Miss Shirley Zollinger and Miss Pat St. Clair wore identically styled gowns in mauve. They carried cascades of bronze mums tied with peacock blue satin streamers. The attendants' head pieces were matching flowers pinned in their hair. Their only jewelry was gold bracelets, gifts of the bride.

Mr. William Myers of London served as best man for his cousin.

The ushers were Mr. Danny Davidson of London, Mr. Jay Jeffries of Cambridge and Mr. Jack Hulls.

The reception, immediately following the ceremony was held at Mrs. Root's Party Home. Hostesses were Miss Suzanne Kaefer, Miss Ruth Armstrong, Mrs. Kenneth Rasmussen and Miss Eunice Bettinger.

The bride's mother wore a navy blue moire taffeta dress with navy accessories. Her shoulder corsage was of pink rose buds. The bridegroom's mother wore a copper taffeta dress with black velvet accessories and a corsage of yellow rose buds.

For their wedding trip to the Smoky Mountains the bride donned a gray suit with red accessories. She wore the white orchid from her bridal bouquet.

The new Mrs. Harris was graduated from West High School and prior to her marriage was associated with the Ohio Fuel Gas Co. Mr. Harris was graduated from London High School and attended Ohio Northern University. He served two years with the United States Navy, and is now employed at Wright Patterson Air Force Base. The new Mr. and Mrs. Harris are at home to their friends at 165 Washington-av, London, O.

Briggsdale And Brown Road

By Mrs. Harry Downing

Tuesday evening, December 11, is the date for the minstrel show to be given by the pupils of the music department of Briggsdale School. Mrs. Jean Clark is directing the show which will be given at South Franklin School.

The annual Christmas bazaar and chicken dinner sponsored by the Briggsdale WSCS will be held Friday evening, Dec. 7, from 5 until 8 o'clock at the church.

About twenty members of the Briggsdale MYF attended the square dance a week ago Saturday evening which was given by the Harrisburg PTA.

The Young Adult Group of the church sponsored a skating party Wednesday evening at Rollerland.

Revival services will continue until Dec. 8 at Walton Chapel, corner Brown and Frank-rd.

Funeral services were held last Wednesday for Mrs. Erma Marshall who died after a long illness. Burial was made in Union Cemetery. Mrs. Marshall who resided at 1378 Harrisburg-pk, is survived by her husband, Curtis C., one son, a daughter, two grandchildren and one sister.

Mrs. Charles Dellinger, 1632 Harrisburg-pk, spent about a month in Springfield recently when a new grandchild arrived. Her son-in-law and daughter, Mr. and Mrs. Kenneth Lones (Katherine Dellinger) became the parents of a baby boy.

The Briggsdale roommothers will sponsor the 50-50 dance Friday evening, Dec. 7, at Rea-Bow Hall.

Donna Lee Blila, 2806 Clime-rd, and Mr. and Mrs. Marvin Fitzgerald and daughter, Carolyn of Pleasant Corners spent the week-end with Mr. Fitzgerald's twin brother, Mr. and Mrs. Myron Fitzgerald and family of Cincinnati.

It's new . . .
and it's wonderful news!

At the evening service at 7:30, the District Prince of Peace Contest will be held. Several contestants from numerous churches throughout the district will participate. Judges are being supplied by the speech department of Ohio State University, according to Dr. Donald Timmerman. Churches taking part in the program and their respective entrants are Grove City Methodist, Jane Landis; Oakland Park Presbyterian, Ruth Thompson; Maynard Avenue Methodist, Anne Shuttleworth; Dublin Community, Katherine Miller; Upper Arlington High School, David Sharer; Indianola Church of Christ, Melba Worthington. Rev. Lane will be presiding over the entire program.

Servicemen

Pvt. Jack L. Martin, 435 S. Richardson-av, is stationed in Austria after completing his training at Camp Kilmer, N. J.

A local member of the 1st Division's 8th Cavalry Regiment in Korea has been awarded the Combat Infantryman Badge, symbol of the front line fighting man which distinguishes the combat soldier from rear area and service troops. The badge, consisting of a miniature replica of a Revolutionary War flintlock rifle mounted on a blue background and superimposed on a wreath, has gone to Cpl. Eugene H. Cowgill, 1333 Wilson-rd.

Bible Exhibit To Be Shown At Hillcrest Church

An exhibit of rare and interesting Bibles will be a feature of the evening service at the Hillcrest Baptist Church this Sunday, in recognition of Universal Bible Sunday. The Keystone Bible Class, John Raugh, president, will be a sponsoring group promoting the service.

The subject of the pastor's address, "How Can We Know the Bible Is Trustworthy?" was chosen by vote of the congregation for the service, which opens at 7:30 p. m. Entries for the one-evening Bible exhibit are requested, the exhibit to be in charge of Mrs. Harry Starcher and Mrs. Leola Evans.

Girl Scout News

Girl Scout Troop 146, whose leader is Mrs. H. C. Booth, completed its Red Cross Jr. First Aid Course under the direction of Olen R. Rumfield of Grove City. Eleven girls from this troop worked in the gym for the Halloween Party, October 31. They were assisted by three Senior Scouts from Troop 8.

Troop 113, under the direction of Mrs. Mearl V. Weaver, went to Camp Ken-Jockety the week-end of October 12, 13, 14. While they were there, they cooked three meals over an open fire and completed the camp craft badge. They are selling Christmas cards.

City Furniture Will Sponsor Demonstration

A special washer demonstration is being held at City Furniture, 2288 Sullivant-av, Friday, Dec. 7, according to E. H. (Curley) LeFever.

The special demonstration takes just five minutes, and an actual eight pound load of clothes is washed. The clothing is soiled and stained with iodine, hair tonic, etc. The amazing new 1951 Bendix agitator automatic washer does this work so quickly that you, too, will call it a five-minute miracle.

City Furniture is giving absolutely free a gift to reward for watching this demonstration—a $1 value plastic clothes dampening bag. With it, dampening clothes becomes as easy as watering a house plant. There will be a continuous demonstration.

Bible Comment:

Best Preparation For the Ministry Is: Know Thyself

FOR any theological student who sincerely wants to be a part of God's ministry the best preparation that can be suggested is the age-old advice: "Know thyself."

This greatest of all students of religion, Jesus, started His education with Himself. He found His preparation in His own soul. And His first step was the fulfillment of the outward rite of baptism.

Jesus' next step was in His mind the only logical second step—to conquer temptation. This is something that usually has to be done alone because temptation is an individual thing—a fierce thing. Temptation, no matter where it may be found—in a single person, alone many miles from civilization, or in the midst of the greatest crowds in the world's largest cities—must be fought in the soul. It is a battle that every man must fight for himself.

And Christ was "in all points tempted like as we are, yet without sin," the authors of the Hebrews tell us. And it was because Jesus had Himself suffered the agonies of temptation that He was "able to succor them that are tempted."

This greatest of all teachers began His ministry in Galilee and Nazareth and soon His fame had spread far and wide. His townsmen marveled at the truths and wisdom revealed by this humble carpenter's son.

But these same people cried out in derision and attempted to cast Him down a hill when Jesus declared that the democratic realities of religion that the prophet Isaiah preached were being fulfilled in Himself.

His townsmen had failed Him, but Christ knew that others of more noble stature of soul would respond to His teaching.

To all who seek truth and who would begin their pursuit of learning with a knowledge of themselves, which is the only right way, Christ stands as their foremost inspiration.

The train was about to leave.

Passenger: "Have I time to say good-bye to my wife?"

Conductor: "That depends, sir, on how long you've been married."

Red and Silver Annual Covers

Members of this year's annual staff are: Barbara Furry, editor; Mary Frances Young and Ruth Starky, assistant editors; Shirley Dunham, copywrite editor; Charlene Souslin and Carol Echols, assistant copywrite editors; Diane Renollet and Olympia Pappas, Class Prophecy; Jack Taylor and Terry Hitt, art.

The members of the staff have been meeting frequently lately to gather new ideas and plans for this year's annual. They have chosen a clever theme this year which will add much to the 1952 annual.

The colors of red and silver have been chosen for the cover of this year's annual.

The annual drive ended November 16, but annuals may still be ordered in room 236.

Choir Presents Afternoon Concert

The choir of West High School, together with the Beginning Girls' Chorus, Girls' Trio, Boys' Quartet, and Mixed Ensemble, will present a program of Christmas music in the West High Auditorium, Sunday, December 16, beginning at 3 o'clock.

Come and hear the choir sing "'Twas The Night Before Christmas," and the Boys' Quartet sing "Jingle Bells," the Girls' Trio sing "Winter Wonderland" and Mixed Ensemble present their arrangement of "Let It Snow."

A program such as this is not complete without a candlelight processional and to top it off Bob Johnson will accompany the singers on his own Hammond organ.

A free will offering will be taken.

And Lo, The Star—

"And Lo, The Star", a Christmas play in one act by Helen M. Roberts, has been chosen by the 12A dramatics class for presentation at a Christmas assembly program.

It has been traditional with mid-year classes to present the Christmas program as a last remembrance before graduation.

Mrs. Hall, senior dramatics coach, said, "This year's play is a lovely new version of the Christmas story and I'm sure this class will render a performance equal to the occasion."

The old saying "beautiful but dumb" has no foundation in fact. In one test, hundreds of beautiful fashion models were given intelligence tests. They scored better than the average American college student.

Latin Club Awarded Hildesheim Vase

Ruth Gern, George Brown.

The West High Latin Club was awarded the "Hildesheim Vase" for outstanding work during the past year.

The Hildesheim vase is a replica of a vase taken from the Hildesheim Treasure, a collection of Roman silver plate found in 1868 at Hildesheim in South Hanover, Germany; and the collection is now in Berlin.

This vase was given by the Oberlin Classical Club of Oberlin College to the Ohio Classical Conference (a Latin Conference) in 1925. This rare prise is granted each year to a high school in the state for a long continued devotion to the classicals and for outstanding extra curricular activities.

West High School has had a number of students who have continued their study of Latin in college. The Latin Club members have had a number of Roman banquets and have given skits in assemblies. There has always been a large and active Latin Club because of the efforts of the teachers who have tried to make the study interesting and worthwhile.

This is the first year this award has ever been won by a Columbus High School. West will keep the cup for one year, and at the end of that period, the name of the school and the date when the award was won will be engraved on the vase.

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Editor, Hilltop Record.

For over thirty years we have listened to the comments of the veterans of World War I and have often wondered just how sincere many of them were, how much justification there was in their objections to joining some one of the major veterans organizations.

Here are just a few of the highlights of their gripes and here is where we call their bluff, for the majority of their objections to present veterans organizations were based on their own contentions that there was no veteran organization limited to the World War I veteran.

Veterans of World War I of USA, is strictly an organization of World War I veterans and limited to veterans of that war.

The local post is known as Barracs No. 7. They hold monthly meetings on the second Sunday of each month, at Veterans of Foreign Wars, Post No. 3424, in Lynn Alley, the first alley north of E. Broad-st, between N. High and N. Third-sts.

All meetings are open and if you are a veteran of World War I, you can attend any and all of their meetings, you do not have to be a member to get in.

It will be of interest to all veterans of the first world war to know that the above organization is holding its next meeting on the Hilltop, in the VFW Hall at 2393½ W. Broad-st.

To all of you who have offered a wide variety of excuses for not joining some veterans organization, many years ago, permit me to say this, here is your opportunity, to show that you were not simply alibying your way out of paying dues for the past 30 years when you contended that you didn't like this or that veterans order for the many reasons you have put out to us over the years.

A national officer of (YOUR ORGANIZATION) will be present at this next meeting Dec. 9, 1 p. m., 2393½ W. Broad-st, and you can come and ask him all the questions about this organization that you have asked us all down through the years. Who knows, may be this is the organization you will consider worth joining, it was formed for just that purpose; to bring in to the organized veterans family of veteran organization, the (TWO THIRDS) that have been carried on the back of the (ONE THIRD), that have paid the bill for all of us for the past thirty-odd years, by paying dues, by serving as an officer, by serving as a committee member, by serving as your representative (even though you refused to support them with your dues and your aid) down in the State and National Capitol.

So if you haven't been gold bricking all these years, if you were sincere in your objections to other veterans organizations, come out Dec. 9th and tell us what you expect of your own organization. It costs you your car fare, nothing else.

The Old Sarge.

Band Is Honored

This month the West High Marching Band was chosen by the teen-age magazine, "First and Ten" as central Ohio's most outstanding high school band. The picture of our band will appear on the cover page of the December issue followed by a big story of the proud Cowboy musicians.

The "First and Ten" magazine may be purchased on any newsstand.

CIVIL DEFENSE DRILL

By Charles Rayburn

Starling Junior High School held its first official civil defense drill Friday, Nov. 16.

It was very unexpected because it happened during the first period home room and lasted about three minutes.

The school itself had planned for it with discussions in the various home rooms and by putting up numbers for various stations.

The pupils were directed to fold their arms in front of their faces for protection of flying particles in a real bombing and to get as close to the wall as possible. In case of a bombing they are to sit on the floor with their heads between their knees.

The drill was a success.

Cub Scout News

The first meeting of the reorganized Cub Scout Pack 63 was held Friday, Nov. 30, in Motter Hall at Glenwood Methodist Church. At the separated meetings the parents were introduced to the committee and oriented as to procedure and requirements for the coming year. The Cubs were instructed as to discipline and signs by the cubmaster and assistant cubmaster.

The joint meeting was under the direction of Cubmaster Cleo Morningstar and Assistant Cubmaster Eldon Ardle. The various dens put on puppet shows. The handwork and originality of the puppets expressed very well the hard work the boys had done in preparing for this pack meeting.

The attendance was good and the interest shown by both cubs and parents was very encouraging to the leaders.

Do your Christmas shopping on the Hilltop and save.

Since last November the Columbus Tuberculosis Society—through Christmas seal money—has conducted 77 free chest X-ray programs for Franklin County schools, industries, and communities. It has X-rayed nearly 30,000 persons and found approximately 1200 with T.B and/or other chest abnormalities. Since each unchecked case of TB is estimated to infect, eventually, nine others, it is impossible to know how many lives chest X-rays have saved.

Life for most of us is a continuous process of getting used to the things we hadn't expected.

Gifts for the House Make Ideal Christmas Presents

BY EDNA MILES

IT'S a rare homemaker who will not welcome a gift for her house this Christmas, whether you choose a decorative item to add to the graciousness of daily living, or whether you select a practical present that will make chores easier during the holiday season and throughout the year.

If your Yuletide budget is a limited one, you may find helpful a suggestion by Dorothy L. Murray, a designer well-known for her creations in straw. Purchase in your local department or dime store a set of woven straw mats. They are available now at penny-bank prices. Then glorify them with sprays of holly, which you can easily snip from green felt. Berries, cut from red felt, will add a further authentic touch. Not only will you have achieved an offering that speaks for itself of your Christmas spirit, but you'll find the hostesses on your list doubly grateful for this addition to their holiday entertaining.

The woman whose home buzzes with social activity during the Yuletide season will welcome an aid in the inevitable clean-up. Cookie crumbs spilled by the children or drop-in guests can be dealt with quickly and cheerfully provided your thoughtfulness has supplied a mother's-helper as useful as a carpet sweeper. You may find that you, too, can face the holidays more enthusiastically if such a tool in your cleaning closet insures an easy solution to Christmas muss and litter.

For the woman who prefers a touch of glamor, even in gifts for her home, a good choice is a set of tiny tin-lined copper butter pipkins. The imaginative homemaker can find innumerable uses for these diminutive pieces other than their obvious one as servers for melted butter. After-dinner mints may be passed in them; an evening's supply of cigarets may be set at each guest's elbow; or individual servings of special sauces may be served in them.

Inexpensive woven-straw place mat may be given a holiday air with addition of holly spray of red and green felt. Use it for gift-giving or for Yuletide entertaining.

Christmas mess and litter, including crumbs dropped by carolers guests, may be dealt with cheerfully by the woman whose holiday gifts include a modern, improved carpet sweeper for quick whisk-ups. A set of tiny butter pipkins (inset) is a gift that will add charm to any home; one that is adaptable to many uses during and after the holiday season.

HILLIARDS PRACTICE GAMES
By Kenny Evans

The Hilliards High School basketball squad had its first practice game Nov. 14 with Gahanna for about two hours and fifteen minutes. They took 20 of the boys and everybody got to play. There was fairly good spirit to start. Hilliards should have a very good team this year. No score was kept in the game, but all boys repeated they had a swell time at Gahanna while they were practicing.

On Nov. 16 the Hilliards squad journeyed to Mifflin for another practice game. They had a fine time playing outside on the ground where Mifflin plays.

Then on Monday, Nov. 19, there was another practice game with West High School. They had a very good time at West. They are learning just how things are done under Perry Reall, the new Hilliards High basketball coach.

NOV. 28 ASSEMBLY

On Nov. 28 at Hilliards High School auditorium Mr. Pickens introduced Charles E. Beach Lt. of Police from B & O R. R., of Newark, Ohio.

Mr. Beach talked on safety on railroad tracks, illustrating by a movie called "Billy the Happy Locomotive," which had many useful ideas for high school students as well as younger people.

WRITING CONSTITUTION
By Kenny Evans

The Varsity H of Hilliards High School had its monthly meeting on Nov. 16 and they discussed the Varsity H constitution which they are writing, and read as much of it as time permitted.

The Varsity H as a group thought there should be a constitution and more to getting into the Varsity H than just earning a letter. Then they discussed who would be in charge of refreshments when the basketball team played at home. A discussion on the new members and their initiation closed the meeting.

ANNOUNCES CALENDAR

Hilliards High School assembly committee, which has been meeting regularly for the past few weeks, has almost completed the planning of the year's assembly schedule.

Assemblies planned include Bill Corley from WBNS; George Campbell, favorite YMCA song leader; a safety speaker in November; Thanksgiving program arranged by the Hi-Y Club; a speaker on 'teenage social relationships, all-school talent show for Dec. 5 with Bob Kent as chairman and a basketball official will speak.

Three full-length recent movies will be secured. If the student body supports these, an illustrated art lecture from Ohio Wesleyan on Jan. 23, a debate team from Ohio State University Speech Department; a faculty assembly; a musical trio from Otterbein; Norman Nadel, critic from the Citizen newspaper, a sacred program at Easter by Tri-Hi-Y, and a musical ensemble from Capital University.

Several open dates are still available for school organizations to take part in the year's program also. These open dates are posted in the office and will probably be filled promptly.

The assembly committee serving this year includes Vincent DeFelice, Mary Lee Faichanis, Dave Warner, Louie Huffman, Jim Lamb, Leon Boucher, Robert White and Mrs. Olin Smith.

RANGES At BETTER HOME CENTER

2775 W. BROAD ST.

RA. 7966 — RA. 5111

It is better to light one small candle than to curse the darkness.

An old Chinese philosopher wrote this worthy sentence centuries ago.

Many of us do not realize the significance of this statement. But most of us remember some dark night on a lonely country road, and how gladdening it was to see the flicker of light from across a dark field, as a farmer lit his lamp.

Yes, it is better to light one small candle . . .

Of course, some modern folks think that one small voice crying in the wilderness can do little to ward off the dark forces of disbelief that threaten so much of the world today. These people just have not reckoned with the church. For the church takes the candlepower of each member's personality, and directs it in one mighty flood of light into the dark recesses where the light of moral public opinion is needed. That is the religious way.

Don't just curse the darkness. That doesn't drive it away.

Light your candle! Join a church — or become an *active* member of your church. And you will be helping to build a world that *will* reflect the moral concepts of our God.

Oh send out thy light and thy truth; let them lead me.

Mr. Worker, the Safety Council of the Columbus Chamber of Commerce says you are safer ON THE JOB than OFF THE JOB. If you look around your plant, you may see signs that say . . . no smoking . . . wear goggles . . . no running . . . and so on. Occasionally you may chafe against rules . . . but deep down, you know that these rules protect you. YOU and your fellow workers, through the years, have discovered safer ways of working . . . and efficient companies have incorporated your suggestions into rules and regulations—that make new and experienced workers safer. For example, management has discovered that good workers rarely have accidents when they practice good housekeeping . . . So well run plants insist on cleanliness with good results in safety. The National Safety Council says the accident frequency rate for reporting companies is now only one-third as severe as it was in 1926. This means that you are probably three times safer on the job now than your fellow workers were 25 years ago. Keep up the good work, Mr. Worker.

EGGPLANT STUFFING

Eggplant is stuffed for tempting individual servings. Mince liver sausage and season with chopped onion. Cut eggplant in half lengthwise and scoop out part of the pulp and mix it with meat mixture. Place the mixture in the eggplant halves, then in a baking dish and cook for one hour in a 300 degree F. oven.

A spruce or a fir tree about sixteen inches in diameter will have ten to twenty million needles.

Diocese Sponsors Christmas Video Program Series

WBNS-TV, Channel 10, of Columbus will carry a series of Catholic television programs beginning Sunday, Dec. 9, at 2:30 p. m. The telecasts will originate here and will be presented under the auspices of the Diocese of Columbus.

The first of these four programs to be given on successive Sundays in December will be devoted to the meaning and the spirit of the Advent Season. Some of the traditional Advent practices will be discussed. The St. Charles Seminary under the direction of Father Thomas Gallen will be featured in a concert of the sacred music of this holy season.

For Sunday, Dec. 16, the speech choir from Saint Mary of the Springs College are arranging several selections of religious legends surrounding the celebration of the Christ Child's Birth. Sister Maryanna, O. P. and Sister Elizabeth Seton, O. P. of the college will be guests on that afternoon's telecast. This program is planned in the interests of the younger members of the family.

The story of mankind awaiting the coming of Christ, the Messias, will be presented on the afternoon of Dec. 23. Flashbacks to the prophets of the Old Testament will show the development of the world's anticipation and hope in a Saviour to be born among men. The last of the series will be given on the Sunday following Christmas Day, December 30. With Christians everywhere just returning from the festivities of Bethlehem, representatives of man' learning, in the personages of a doctor, a lawyer and a historian will discuss and answer the intellectual difficulties which have arisen in the world as a result of the Nativity of Our Lord.

Monsignor Roland T. Winel, secretary to Bishop Ready, will direct this series of television programs.

Kiwanis Newsboys Will Visit You Tonight

More than 250 Hilltop men armed with their annual Hilltop Christmas edition of the Record will ring door bells of the Hilltop tonight and ask that you buy a paper.

Your hearty reception will be appreciated. There is no set price on the paper. It is merely a matter of you giving what you care to give. Your newsboy will thank you and you will know you have just helped a worthy

For several years now the Hilltop Kiwanis Club has conducted such a paper sale with the result several thousand dollars has been made available for various projects of the club in this community.

Most prominent of these projects was the first year of the drive at which time the Hilltop YMCA received the net proceeds of the sale, amounting to over $3500. Since that time the club has continued to make a contribution of $500 per year toward the Hilltop YMCA building fund. They have also established two $150 yearly scholarships for West High students, a musical scholarship, and contributed to numerous other youth projects. This year they contributed $500 toward the Christmas street decorations.

Why not take time now to get your money ready for the Kiwanis paper boy when he comes around tonight! Thanks!

Practice What We Preach

Mrs. J. A. Ingles, 296 N. Harris-av, a woman who lives because of blood from others, is pictured above as she busily engages herself at her favorite pastime of doing embroidery work.

By Pat Martindale

Only because of advanced medical research a Hilltop woman continues to live. Mrs. J. A. Ingles, 296 N. Harris-av, not only lives on borrowed time, but borrowed blood.

Suffering from an anemic condition that requires blood transfusions every few months, she has received more than 100 pints of blood in less than seven years. Her physician, Dr. Robert Davis, said that her case has been diagnosed by many specialists and none have been able to determine exactly the cause of the constant lack of blood which is causing transfusions to be needed closer together each year.

At first transfusions were administered every six months but she must now have from four to eight pints of blood every four months. Dr. Davis added that Mrs. Ingles is a very good patient and cooperates fully without complaint. She is able to do light household tasks and very seldom misses one of her guild meetings.

Mrs. Ingles says that when she was younger she thought that if she lived to rear her four children she wouldn't worry about dying, but now she has five grandchildren and she'd like to stick around to watch them grow up and, too, life is wonderful with all of today's modern conveniences.

"It's a wonder I don't have a dual personality," she mused, "as I have received blood transfusions from the State Highway Patrol, prisoners, and from people in all sorts of professions. I am very grateful to the Eagles Blood Bank and the Red Cross Blood Bank who have kept me supplied for the past two years."

Although she is required to rest a great deal she is never idle. She does beautiful embroidery work, makes bead corsages in the winter and fresh flower corsages in the summer, reads a lot and enjoys television.

13 Club Elects New Officers For Next Year

The 13 Club, widely known charitable organization, at its annual banquet held Sunday, Dec. 9, at the Columbus Maennerchor, elected Edward McPherson, [illegible] Hilltop resident, as president of that organization for the forthcoming year.

Other officers elected at the meeting were Arthur Bishop as vice-president; Chandler Gibson, secretary, and Lee Weigand, treasurer. Elected as trustees were Jack Shank, chairman; Don Burgoon, Harry Eaton, Homer Hagans, William Krause, Fred Pagura and Dewey Stout.

In other business conducted at the Sunday meeting a resolution was passed to give the Charity Newsies organization the sum of $500 and the Columbus Boys' Club $25. The latter sum was voted for the purpose of providing gym shoes for youngsters at the Boys' Club who through lack of the proper shoes had been playing basketball in their bare feet.

Winners of the annual awards were Val Boehm, Old Trail Inn, first prize, and C. H. Jeffords, 250 E. Hudson-st, second prize.

Rome Water Situation Said Still "Doubtful"

Residents of New Rome will know Thursday if they can discontinue boiling water for home consumption according to Mrs. Donald Garnett, president of the Board of Public Affairs. Tests of water taken in different sections of the community have been sent the State Board of Health and a report on the tests will be received by Mrs. Garnett who urged residents to continue safety measures until the report is announced.

A representative of the State Board of Health makes a water test of the New Rome supply every month. A test of the water was made on Nov. 12 and it was pronounced "pure".

Saturday a resident of the community, Marshall Hall, 235 Buena Vista-av, said a sample of the water from the town well was declared "unfit for human consumption." The sample was reportedly taken by the Franklin County Board of Health and tested by the Ohio Board of Health technicians. A letter to Hall from the County Board warned consumers to boil all water before using it, he reported.

An estimated 300 families use the water from a well on the northern outskirts of the village. Reports were that Hall initiated the test because he felt the water had looked, smelled and tasted unusual for several months.

H. E. Fell New Master At West Gate Lodge

Sharadin, secretary; Wood Kendall, senior deacon; Floyd Kaltenbach, junior deacon; Harry Crossen, chaplain; Clyde Cunningham, senior steward; Russell W. Brewer, junior steward and William Pascoe, tyler.

Russell E. Friend, the Junior Past Master was elected as trustee for a three year term.

The new officers were installed by Worshipful Brothers Ray Newlun, Carroll Vance and Charles Irwin.

On Saturday, Dec. 8, a reception for the new officers was held at the West Gate Temple.

Whitehead Will Makes Bequest To Local YMCA

The Hilltop and Spring Street branches of the YMCA are scheduled to receive sizeable bequests from the estate of the late Dr. Howard Whitehead according to terms of his will, it was revealed this week.

After several specific bequests have been made the residue and remainder of the estate are to be divided equally to the Hilltop and Spring Street branches of the Young Men's Christian Assn.

Exact amount of the estate is not known and will not be determined until an appraisal has been made. H. G. Deems has been appointed executor and Keith Martin as attorney.

The Whitehead home at 2239 W. Broad-st, goes to Dr. Whitehead's niece, Marie Whitehead and at her death will be given to Glenwood Methodist Church for use by the Women's Society of Christian Service, as a memorial to his mother and two wives.

Ohio Wesleyan University was named to receive $1000 for a scholarship which is an addition to the $4000 scholarship he had set up during his lifetime in memory of his wives.

Other cash bequests include $500 to Wheatland Avenue Methodist Church, $500 to Oakley Avenue Baptist Church, $1000 to Wilberforce University and $1000 to Berea College, in memory of his late wife.

Bequests totalling $8500 have been made to relatives and friends and the remainder to go to the YMCA as stated above.

Weeks of hard work and effort on the part of many members of the Hilltop Kiwanis Club reach their final culmination tonight when 100 Kiwanians along with nearly 200 volunteer helpers sally forth to become newsboys for a night. Their object is to visit every home on the Hilltop in a few hours time and sell the annual Kiwanis Club Christmas Newspaper.

Prior to the beginning of the newspaper sale Kiwanians and volunteer helpers will meet at West High School cafeteria at 5 p. m. where they will be served dinner by members of the Kiwanikwe Club. Following the dinner, first editions of the annual Christmas newspaper will be auctioned off to the highest bidder and then final instructions will be given the "newsboys."

Every home from Central-av, west to the city limits will be visited in the drive which is expected to be completed in approximately two and one-half hours.

The Hilltop Kiwanis Club uses the proceeds derived from this annual sale of the newspaper to augment their youth welfare work in this community and to aid in such work as the YMCA, Christmas decorations, Boys' State, Big Brothers' Camp, and scholarships for worthy and deserving students in the high schools.

After all homes have been visited in every area assigned to the Kiwanians and their fellow workers tonight, they will again report in the new Veterans Memorial Home of Camp Chase Post 98 of the American Legion at 3211 W. Broad-st.

Robert Cramer, general chairman of the newspaper sale this week paid special tribute to the many men in the committees who have aided in the promotion of this year's edition of the Kiwanis Christmas newspaper.

Those committees are:

Dear Santa - - -

At this time of the year we all know that you're a mighty busy person answering all the requests of the little boys and girls who live in this great land of ours, but we grown-ups too think that there are a few things you could sorta see about for all of us, this year. Things that would benefit all the little boys and girls of this community and be a real present for all the folk on the Hilltop.

So Santa will you bring us . . .

That new school for Westgate, won't you? The work started on it this year, but it seems that the fellas who have union cards and those who don't can't get along together, so the work has stopped and

as you can see by this picture there's just a big hole in the ground.

And this picture, Santa, shows you another thing we all need, more parking space for autos on our streets and less space for those huge busses to pull into the curbs. They don't use it all anyhow as you can plainly see. As a matter of fact most of them make but little effort to draw into the curb as they're supposed to do.

There are more things too, Santa, we folk on the Hilltop would like for you to bring us. We'll tell you about them next week.

Civic Group Will Investigate School Building Work Delays

Delay on construction of the new Westgate Elementary School at Wicklow-rd and Parkside is beginning to attract the interest of more than just the firms concerned and the labor unions. Evidence of this outside interest became apparent this week when the Camp Chase Civic Association made plans to conduct its own investigation as to the causes for the delay.

Harold Banker, president of the organization which during this past summer displayed amazing strength in blocking a proposed low cost housing project in the area, said today, "The Camp Chase Civic Association decided Tuesday, Dec. 11 at an executive board meeting that Westgate School on which construction has been halted, has now become a major civic problem. A fact finding committee has been appointed and will report to the membership at an early date."

Banker declined to identify the members of the fact finding committee at this time, indicating that the committee, as long as its members remained anonymous would be better equipped to find out the true facts surrounding the delays in construction of the new school.

It was pointed out that the entire Westgate community had worked hard to secure the new school building which will relieve much of the overcrowding in other local schools and that public sentiment regarding the delays of building the new structure is now nearing a "fever" pitch.

Brought to the attention of the civic group at the Tuesday night meeting also was the fact that the present site of the school with the partially built foundations is a distinct hazard to children of the community who have been playing about the area. Eddie Paul Schmitt, nine-year-old son of Mr. and Mrs. Howard Schmitt, 286 Brinker-av, has already been one of the casualties, having suffered a fractured elbow last Saturday. Parents in the vicinity of the unfinished school are complaining that there is no watchman on duty at the site which they term as "dangerous in its present state."

Tragedy Again Hits "Street Of Misfortune"

Pictured above is one view of the train-car crash at the N. Sylvan-av crossing which claimed the life of Mrs. Stella B. Myers of 39 S. Sylvan-av early last Saturday evening (Hilltop Record Photo)

Tragedy again struck N. Sylvan-av last Saturday evening, to add another name to the list of persons who have met disaster and suffering on that short "Street of Misfortune."

Mrs. Stella B. Myers, 41, of 39 S. Sylvan-av, is the latest victim. She died instantly when the 1951 Crosley station wagon in which she was a passenger was struck by a speeding Cincinnati-to-New York, Ohio State Limited of the New York Central Railroad. The tragic accident happened at 6:30 p. m. during a heavy rain storm.

Injured in the accident were Mrs. Alda Davis, 46, 299 N. Burgess-av, who is the owner of the ill fated station wagon, and her son, Elwood, 16, who was driving at the time of the accident. Both Mrs. Davis and her son were taken to Mt. Carmel Hospital by Robert Pfeiffer, 3345 Parkside-dr, who witnessed the accident.

Mrs. Davis was treated at the hospital for head cuts and her son suffered an injury to his left wrist and possible skull fracture.

Enginemen on the passenger train told officials that they were traveling at a speed of approximately 75 miles per hour when the accident occurred.

According to Mrs. Davis, she and Mrs. Myers both had been working at a downtown department store and her son came to pick them up because of the heavy downpour of rain. Because of the bad weather they decided to take Mrs. Myers to her home. She said that none of the car's occupants saw the ap-

Prevent Fires During Christmas Season

Harry J. Callan, Ohio State Fire Marshall and O. A. Helser, General Chairman of the Ohio Fire Safety Committee, urge all stores to be alert during the Christmas Season to prevent fires.

Stores having their own Christmas trees should pay particular attention to the decorations, lights and wiring and see that they bear the seal of approval of some nationally known testing laboratory and come within the scope of the Ohio Flame Proof Decorations Act.

Christmas trees should be cut at an angle at least one inch above the original cut and placed in damp sand or water, and kept away from radiators or heaters. Wiring should be checked and repaired. The overloading of store circuits should be avoided. All fire extinguishers should be checked and made ready for any emergency. The store should be carefully checked before leaving at night and any unncessary accumulation of waste paper, boxes and other flammable material removed.

The fire department's telephone number should be plainly posted so that any employee will be able to call them at once if fire or any other emergency should occur.

Stores are crowded during the Christmas season and No Smoking rules should be rigidly enforced in the store proper and in the elevators.

Many stores avail themselves of additional personnel during the holiday season to enforce this law as well as to keep on the lookout for fire hazards.

A fire in any store on the West Side during this happy season could well develop into panic and catastrophe, and lives may be lost, Callan concluded.

C. E. Ditmer, Associate Director of the Ohio Council of Retail Merchants, added "No store can afford a fire particularly during the Christmas Season, and I am sure that every merchant will cooperate to the fullest extent, realizing that the lives of women and children visiting their stores may rest in their hands."

"One unwelcome customer would be Mr. Blazes."

"SMALL BUSINESS"

By C. WILSON HARDER

Whiskey comes into its own in America. In setting price ceilings on liquor, the Office of Price Stabilization has now established whiskey as a necessity of life.

* * *

OPS concentration on whiskey has caused Washington cynics to comment: "Without whiskey many of these nonessential orders could have never been written so naturally it's a necessity in Washington".

C. W. Harder

* * *

OPS went into whiskey deeply, too, for printed orders, publicity, etc., are among most elaborate set up on any commodity.

* * *

Just one of the whiskey price orders took 14 pages of newsprint, and many supplemental orders were also issued.

* * *

And all this concentration on possible high whiskey prices came at a time when whiskey stocks are the highest ever.

* * *

This surplus of whiskey was amply illustrated by another OPS order on bulk whiskey which set the ceiling price on four year old, 100 proof bourbon at $3.96 per gallon. And the OPS also split hairs, or rather gallons, to determine that corn whiskey the same age is only worth $3.38 per gallon.

* * *

But when it comes to wasting tax dollars on foolishness, the young OPS is a mere bush leaguer compared to the older Marshall Plan. Commerce Dept. just reports U. S. imports from Marshall Plan nations have doubled to reach over billion dollar mark since Korea. The imports are principally iron and steel products and textiles.

But at the same time the Marshall Plan announces that over $1 million worth of iron, steel and pig iron, and almost $1 million worth of textiles has been given to Yugoslavia.

* * *

And at the same time the Defense Production Administration issues a bulletin stating that lead and copper are in critically short supply.

* * *

But DPA apparently forgot to tell Marshall Plan officials about this, for shortly after it is announced $5,300,000 worth of lead and copper has been given to France.

* * *

This has led to a new definition of free trade in Washington.

* * *

"We buy from them the things which we give them free".

* * *

And as already mentioned, OPS spends days working out price control on whiskey based on 1947 prices, yet the newsprint price of vital concern to the last stronghold of the American independent free press, the weekly newspaper, has skyrocketed. Shortage of newsprint is the excuse given.

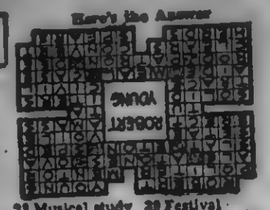
* * *

But ECA Bulletin No. 37 reports the Marshall Plan has bought $370,000 worth of newsprint in Canada to give Yugoslavia. And as is well known, any Yugoslavian editor who uses this newsprint to print the truth would have to have a hole in his head. Or rather, if he did print the truth, Tito would see that he would have a hole in his head.

* * *

These are but a few of the many reasons why Congressmen are not having a happy holiday.

* * *



Folks back home are taking the viewpoint that individual Congressmen have not protected the American home. That is why new Congressional session may be stormy. Many Congressmen will return with feeling they are on probation.

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Editor.

Your Community Post of the Veterans of Foreign Wars joins the Hilltop organizations that take part in the sale of the Christmas edition of the Record, by the Kiwanis Club each year and these organizations urge each of you to open your heart to those less fortunate in our own Hilltop Community.

On Thursday evening, Dec. 13, you will be asked to contribute to the Kiwanis Christmas fund, by the purchase of the Christmas edition of the Record known as the Kiwanis edition.

This effort, like the well-known Charity Newsie drive, is one that is conducted by organizations that have no paid employes and every cent you contribute will be distributed by them to the needy of your own community.

Many of us are gravely concerned about the fact that Christmas has lost its true meaning and purpose to many of our fellow Americans and it is encouraging to us when we see such organizations as the Kiwanis Club and the Charity Newsies carry on the true spirit of Christmas, as they have done for many years.

Christmas has been commercialized to such an extent that we often weigh our own gifts, before giving them (with these thoughts): What will I receive in return; what do I get out of it?

The Wise Men in offering gifts to the new born Babe in the manger; gave without any thought of financial returns; with no questions asked; with no thought of personal glory or a present of equal value in return for their own gift.

Our Bible tells us that each of us, irrespective of race, religion, creed or color, are God's children and he said to us these things, as recorded in the Bible: Suffer the little children to come unto me, for of such is the kingdom of Heaven; for as ye do unto each of them, so you do unto me. This is not an exact quotation, but is the true intent and purpose of those words that have been passed on down to us through many generations of Christian people.

The true meaning is plain (we are our brother's keeper); we are responsible for our own attitude and acts, to each other, so open your heart when the Kiwanis representative knocks on your door Dec. 13; it is your opportunity to *give* in a true Christian spirit, with no thought of any earthly returns or any personal glory.

The Low Down On High Ridgers

Lots of fun was had at the home of MRS. RUTH MARTIN on Wrexham. She was hostess for her Circle 3. They exchanged presents at their Christmas party.

The honeymooners are back. Anyway we'll call their trip a honeymoon since it was the first time the ELECTRIC WATTS went to Niagara Falls. Had fun, they did, with the CORDRAYS, their visitors.

Glad to know MRS. CARL HUGHES is on her feet again. It will be nice to see her outdoors. She's been recovering from pneumonia in the hospital. It's good to know you're up, MRS. HUGHES.

"CONGRATULATED" Sugar is what RALPH HESTON asked for at the grocery last Friday instead of "granulated" sugar. MARIE, his wife, says it's the Dutch in him.

Hardly a month has passed since JIM BERNARD and his wife bought that maroon Chevrolet, and now it's equipped with extra gadgets, knick-knacks and horns. They say "there's nothing like an automatic drive." HELEN, his wife, learned to drive with it. The neighbors tease her and say when they see her driving down the street they all run and put their cars in the garage.

Wednesday MRS. R. L. RUDD received her Circle No. 10. Her guests were from Glenwood Methodist.

We received a card from MR. AND MRS. IRA ROEDERER. They are staying with their daughter and son-in-law, MR. AND MRS. NEWTON PERRY, in Ocala, Fla.

It's getting closer and closer to Christmas, with all these gift exchange parties. MRS. HELEN NEMES had one Monday night.

Police were called when the man, dressed as a nine-foot beer bottle attracted the attention of passersby as he weaved and staggered, making remarks to the children. Urinalyses showed the man had been drinking heavily.

Bucaroos Edge Linden By 38-36

West Junior High School's little Cowboys edged a spirited Linden five in a thrilling contest last Friday, 38-36. The Bucaroos built up a big halftime advantage only to see it slowly cut down to nothing late in the fourth period.

Jim Vincent was the main reason for West's leading at the half 23-13, as he laid in 18 points, 15 of them in the big second period before the intermission.

Coach Orrie Lehman had to play this game without his star guard, Larry Nafzger, who was out of the game with a bad case of tonsilitis. His troubles were only beginning, however, for early in the third period Vincent acquired his fourth personal foul and was taken from the game.

West could score only two points that period and it almost cost them the game. Vincent went back into the game during the fourth quarter and it was his two sensational jump shots in the last two minutes that turned the tide in West's favor.

Cowboys Win Thriller From London Five

Jerry Trabue stole the show at West Friday, as the Cowboys won a thrilling 63-61 victory over a game London five. It was a breath-taking contest which had West winning its third straight and London dropping its first game of the year.

The Cowboys led 35-25 at the half and 48-40 at the end of the third period. Then London put on a fine whirlwind finish only to lose out in the final seconds. Trabue's 12 points and Warren Stevens' three points accounted for all of West's scoring in the last period.

The Cowboys suffered what was almost a fatal blow when Big Bob Thornton fouled out with five minutes remaining in the game. Thornton had controlled both baskets and had racked up 15 markers to that point.

Trabue won the scoring honors for the night with 25. Sonny Wheeler led London with 17, while Miller and Hunter had 16 and 15 respectively. Thornton's 15 and Captain Jerry Johnson's 13 were also big factors in the Cowboy victory as both played a sparkling floor game throughout the contest.

The little Cowboys dropped what appeared to be a foul shooting contest toLonda's reserves 32-39.

Hilliards Loses To Granville By Score of 35-33

Hilliards High School's cage squad as a result of poor offensive action in the second and third stanza's of last Thursday night's game at Granville lost the decision to the Granville Aces by a 35-33 count.

Heavy scoring by the Hilliards five in the first and final cantos kept the game at an exciting pitch, but the tallying of but one point in the second quarter and but six in the third proved their downfall.

Gardella of Hilliard was high point scorer of the evening with a total of 13 counters. Daniels of Granville was runner-up with a 12 point total.

SPORT SLANTS

By "Duck" Jaques

West plays its first City League game this Friday when it visits Central to meet the "in and out" Pirates.

Central has lost two years this year, but figures to be a strong title contender on the basis of last year's showing. The Pirates depend mostly on their fast break which has mid-year graduates Bill Hairston and Howard Cassady as the big scorers.

West will be after its fourth straight win and could upset the Pirates if they have a good night on the downtown court.

Speedy Jim Vincent, alert forward on Orrie Lehman's West Junior basketball team, is currently leading the junior high teams in scoring with 47 points in two games. Vincent will be hard to keep off of West's varsity squad when he graduates this January as George Williams loses his two starting guards at midyear.

Jerry Trabue is leading all Greater Columbus scorers and Bob Thornton is running fourth. They both will always be a threat to any team that meets the Cowboys this season and next year, also.

Dutton, chairman of the Rome Christmas program, D. J. Kunz, president of the Rome Business Men's Association, F. H. Dougherty, Jack Kidwell, Knute Ritzman, Mrs. Oscar Eberhard, Russell Harrison and Herbert Riebel.

A beautiful First Communion service was held at the 8 o'clock High Mass for the children of the Parish of St. Cecelia's Catholic Church on Sunday. There were seven girls and five boys who were privileged to be so honored by Father James A. Foley.

Mrs. Floyd J. Armstrong, 318 Lenox-av, first vice-president of the Franklin County PTA Council of the Southwest District, attended a delightful Christmas luncheon for the officers of the Columbus and Franklin County Council of PTA at the Southern Hotel at 11:30 Thursday.

A special meeting of the various committee chairmen of the Rome Business Men's Association for the Christmas program met at Woda's Barbershop this past Tuesday evening at 8 o'clock. Melvin W. Dutton is chairman of this entire program with the following co-chairmen, whom he has chosen to assist him: Harry Eberhard (spiritual—Rev. A. Rismiller to officiate); Norman Martin, Noah Teach, Edward Meckstroth to assist Mr. Dutton with the erection of the tree, lighting, etc.; Carl Jenny, master of ceremonies; D. J. Kunz, in charge of securing a visit from the Columbus Dispatch's Santa and his reindeer floats and the sound system; Mrs. Harold Rings, securing trees, lights and candy; Mrs. F. H. Dougherty, Rome PTA president, to contact all schools in Prairie Township and extend an invitation not only to them, but to the various choral groups from St. Paul's Lutheran Church, St. Cecelia's Catholic Church and the Columbia Heights Methodist Church.

The Christmas program is scheduled for Friday, Dec. 21, at 7:30 p. m., at the corner of W. Broad-st and Buena Vista-av, on the New Rome Motel grounds.

On this past Tuesday the following ladies from our community were guests on Paul Frank's WHKC 9 p. m. program: Mrs. F. H. Dougherty, Mrs. Dave Elliott, Mrs. Jack Craven and Mrs. Ernest Schroeder. Plans were made for the Rome PTA members to visit the William Henry Harrison Home on the Ohio State Fair Grounds and is scheduled for Friday, Jan. 25. Co-chairmen in charge of this program are Mrs. Dave Elliott and Mrs. Ernest Shaner.

The following members of the Alton Advancers 4-H Livestock Club of 1951 held their ninth annual achievement meeting and banquet at the Brown Township School this past Wednesday, Dec. 5. After the delicious dinner served the 21 members and their families by the members of the Brown Township PTA, Paul Slyh of Hilliards served as toastmaster, with George B. Ganyard, county agent, presenting the invocation. Charles Spring of Galloway gave a charming welcome speech, with the response being given by Ellis Durban of Hilliards. Larry Hoffman delighted everyone with his accordion solos, as did Larry and Gary Dougherty with their vocal duet. Everyone was greatly interested in the dissertations made by the county agents, George B. Ganyard and Robert Worrell, who explained how they arrived at the decisions as to who in the group should actually be worthy of awards, i.e., how they graded the boys on their animals, book work, general attitude at the meetings, how many meetings during the year they attended, etc. Larry Hoffman was awarded the highest A rating with Grand Champion listing for his Guernsey heifer and his cooperative attitude during the year; Mike Ison also received an A rating for his chickens and Dean Kreiger and his brother, Donn Kreiger both received a blue ribbon A rating for each of their Guernsey heifers. We are surely justly proud of our boys from this community who received these wonderful honors and awards —Congratulations!

Parents who attended were Mr. and Mrs. John C. Hoffman, Mr. and Mrs. Leroy Slygh, Mr. and Mrs. Donald Bynner and son, Mr. and Mrs. Arthur Fisher, Mr. and Mrs. Ellis Durban, Virgil Hart and son of Hilliards, Mr. and Mrs. Melvin Kreiger and daughter, Mr. and Mrs. Elmo Spring of Galloway, Mr. and Mrs. Harold Hart, Mr. and Mrs. Ellis Hoffman and daughter, Mrs. F. H. Dougherty and son, Mr. and Mrs. George Ganyard and Robert Worrell of Columbus, and Delores Colman of Canal Winchester.

Sausage Treat

Serve fresh pork sausage patties and pineapple for a breakfast or luncheon treat. Place the sausage patties in a frying-pan with two tablespoons of water, cover and steam for eight minutes, remove the cover and brown. Pour off all but two tablespoons of drippings. To the drippings left in the pan add two tablespoons of flour and brown. To this add one and one-half cups of crushed pineapple in liquid. Stir until the pineapple is heated, then serve on toast tips with sausage patties.

What women know about men doesn't amount to much but what they suspect makes up for it.

Norwich Zoning Change Is Denied

Rezoning of 200 acres of the Seeds and Rogers tracts in Norwich-twp, from an agricultural to heavy manufacturing area failed to receive the approval of the Franklin County Regional Planning Commission this past week.

The commission sent the case back to the County Rural Zoning Commission, which had approved the change, for further study and more definite plans.

C. G. Seeds, 4121 Roberts-rd, applied for the zoning change for the land located west of Dublin-rd and south of Roberts-rd. The zoning commission said Seeds reported he had been approached by several persons interested in sites for heavy industry.

Skidmore School News

The Skidmore teachers enjoyed very much playing host to the Writing Workshop for the teachers of the western part of Franklin County. Miss Fisher of the Zanes-Blosser Writing Company was the speaker. She spoke on "Writing in Today's Schools."

Miss Fisher said, "The aim of writing is to develop children as people to meet problems of everyday life." The information given by Miss Fisher was very interesting and quite worthwhile.

The Skidmore teachers served coffee, tea and cookies to about 50 guest teachers. Miss King and Mr. Beck of the Franklin County Office of Education were both present.

Mrs. Buel and Mrs. Matheny attended the art workshop held at Courtwright School recently.

The basketball boys met Friday and elected Howard Morris captain and Joe Caudell assistant captain. The Skidmore boys are looking forward to the beginning of the basketball league.

The sixth, seventh and eighth grades are playing an intramural basketball schedule.

The fourth grade of Skidmore school visited the Ohio State Museum Nov. 20. They had been studying Pioneer Life and were much interested in the exhibit in the Pioneer Room as explained by Mrs. Seims. After seeing a completely furnished log cabin, it was fun to make posters and draw scenes of life in the colonies.

Tobacco auctioneers pride themselves on the sing-song quality of their work, and build up a repertoire of different chants. Among the melodies they use are "Yankee Doodle," "It Ain't Gonna Rain No More," and "Pistol-Packin' Mama."

TRI-HI-Y MEETS
By Helen Kidwell

On Friday, Nov. 30, the Hilliards High School Tri-Hi-Y met. The meeting was opened by the club purpose and slogan given by the vice-president, Ann Elliott, and the treasurer, Wilma Wengert. The devotions were given by Loretta Conley.

Selling candy at the basketball games was discussed and turned over to the ways and means committee. A discussion was held about having a short scripture service read every morning over the P.A. system during the Christmas season.

The guest speaker was a missionary from the Philippines. She spoke on the living conditions there and exhibited some articles made there.

Even the thriftiest women admit our cleaning service is one of true economy. Our work is expertly and thoroughly done. We are promptness personified and our moderate charges are offset by the longer life of the garment.

On Sunday, Dec. 16, at the Hilliards High School, the elementary school of Norwich Local Township will present an operetta entitled "The Legend of the Snowman," which tells the Snowman's story.

The program will start with a candlelight procession by the high school choir. Then the operetta will be presented. The members of the cast are: Snowman, Bob Windel; John, Tom Finch; Mary, Peggy Gallagher; Newsboy, Dick Hiner, and Japanese Juggler, Philip Russell.

READER COMMENT

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

Dear Editor:

Many men like to watch a prize fight or a ball game but I'm one of those who still like to watch the passenger trains. The "Spirit of St. Louis" and the "Jeffersonian" with their long strings of lighted coaches, transporting people of all walks of life, is fascinating to me.

The reason of this note following the sad accident of Saturday evening is that I have seen cars and trucks drive across N. Hague tracks while the red warning lights were blinking and the Diesel was rolling down grade blowing its crossing signal of two long, a short and a long; the last blast continuing until at the crossing. One night the train was so close to a small truck crossing the tracks that the engineer blew the rapid danger signal of repeated short blasts.

The point is this. Do people realize that momentum equals mass times velocity? What an impact they would get with a three unit Diesel of over 310 tons, plus the weight of all the cars behind it, times 70 miles per hour velocity!

WHITE GIFTS
By Ruth Mason

This year at Starling we are carrying on the custom of sending white gifts to the people at the Columbus State School and State Hospital. The 7B's in room 16 have asked to deliver the gifts to the State School.

SHOE FUND DRIVE

Starling's shoe fund drive started Tuesday, Dec. 4, and will continue to Monday, Dec. 10. It is the only time when pupils are asked to give money to the school for fellow students who are less fortunate. In many cases parents are out of work or are unable to work, and these boys and girls do not have shoes to wear to school.

Alice Walker won the "Who Is It" contest this week. The boy of the week was Phillip Jackson and the girl of the week was Shelby Shook.

STARLING TO ROOSEVELT
By Roy Parker and Jerrold Karns

Starling lost their first game of the season to Roosevelt Friday, Nov. 30, with the score of 43 to 39.

Better Home Center Shows New Zenith

Better Home Center is now showing the new 1952 Zenith television sets, according to Ed Witherspoon, owner of the center. Witherspoon states he is proud to show the products of Zenith, America's foremost manufacturer of radionics exclusively.

Zenith is featuring its new "electrolux tube", a revolutionary invention giving self-focusing, full-focus pictures. Other exclusive features of the Zenith include "built-in provision for phonovision", connection for color, and a factory guarantee assuring the owner that the set can be converted to UHF (ultra-high-frequency) channels in a matter of minutes.

Due to the restrictions and requirements placed on all electronic manufacturers at this critical time many models are in extremely short supply. However, Witherspoon says he will do his best to supply new 1952 Zenith sets to all those wanting them before Christmas. Many of the most desirable models are immediately available.

Band Parents Send Invitations For Party To Be Held Dec. 21

Invitations, designed like red stockings with fluffy cotton tops, were received by 188 students early this week from the Band Parents Association for the annual dance to be held Friday, Dec 21, in the gymnasium and cafeteria of the school. Junior Band members, Senior Band members and members of the West High Orchestra will attend the party with their parents and dates, according to Mrs. Clayton Stickel, invitation and registration chairman.

Appropriate seasonal decorations are being arranged by Mrs. Harry Schultz while Mrs. Phillip Johnson heads the committee in charge of refreshments. Mrs. Neil Pence will be in charge of the checkroom.

Mrs. E. L. Fenner, entertainment chairman, has arranged for numerous prizes to be awarded. A contest carnival with guessing games and games of skill will be held throughout the evening. Other contests, dancing and movies will also be included in the entertainment.

Climaxing the evening will be the arrival of Santa Claus Neil Pence who will award the prizes. The students will participate in a gift exchange and Christmas caroling with Bobby Johnson at the organ.

Reception Held After Meeting

A reception honoring the recently installed 1951-52 officers was held following a meeting of the Robert Morris Chapter, No. 372, OES, Tuesday evening, Dec. 4. Special guests for the meeting were members of the Girls' Chorus from the State School, which entertained the group with Christmas carols.

Worthy Matron Martha Hegenberger and Worthy Patron Elmer Hegenberger were escorted to the dining room, which was decorated in keeping with the holiday season. Presiding at the tea table were worthy matron mother, Mrs. De Good, and her aunt, Mrs. William Bach.

Correct Gift Is No Problem

It's all right for Rudolph to have a "red nose" but don't let yourself be in the embarrassing position of blushing for shame at a poor choice of Christmas gift for father, brother, husband or friend. This year more than ever before Christmas gifts for the male are both glamorous and practical and department stores, and haberdashery,

will have an excellent selection from which to make your choice.

It has been pointed out in numerous pre-Christmas articles that a man's gift is usually something he'd end up buying for himself (providing Santa, the biggest extortionist of all times, left him with any spending money). But times are now changing and we

find loads of gifts on the store counters that will not only please him but give him a "surprise" as well. These gifts include many from the wool industry of our nation.

Promising to be among the leaders in gifts this season are the all-wool tweed cap, a nationwide favorite-in-the-making, and the Tyrolean model hat (an international favorite!) Your man doesn't need to be a "casual", "sporty" or "zoot" type to enjoy one of these for a gift—they aren't a fad, they ARE stylish.

A welcome change of pace in a man's tie collection is a colorful wool tie. They like the way they tie and the way they look. A good gift combination is an all-wool sport shirt (many of them are washable) with one of these man-fashioned ties.

Flannel slacks make a valuable adjunct for a well-dressed man's wardrobe, with gray the color most

men prefer. If he has a pair of gray flannels don't give up the ship because well-tailored flannel slacks are available in numerous colors. To set off his new trousers the Wool Bureau, Inc., suggests a pair of argyle socks in one of a wide range of patterns or a pair of the popular solid-color wool socks. You don't want to think these socks are "college material"—they are—but for any college boy 16 to 60.

If someone shouted, "Look out!" a million times, would you be careful? Since the automobile was first introduced in America, over 900,000 persons have died in traffic accidents . . . And the Safety Council of the Columbus Chamber of Commerce estimates that the millionth person may die sometime in December. Think how many times someone has shouted, "Look out!" too late. A warning to be truly effective must be given in time. If we are sufficiently aware of the dangers of traffic and learn all traffic regulations, then we have a long range effective warning. And such warning has saved more lives than all the last minute shouts put together. Any one of us would shout a warning to a person about to be struck by a car . . . so why not carry your humanity a little further? Learn safety . . . and teach safety . . . help postpone that millionth traffic death due in December.

Surviving Mrs. Myers are her husband, Thomas E. Myers, and son, Thomas E. J., a student at Ohio State University; her parents, Mr. and Mrs. Samuel D. Gabriel, 2762½ Sullivant-av, and four brothers, Thomas M., James M. and Samuel W. Gabriel of Columbus, and John Gabriel of Athens.

Funeral services for Stella B. Myers, 41, 59 S. Sylvan-av, were held Wednesday at the Church of Latter Day Saints. Mrs. Myers died Saturday following an auto-train collision on N. Sylvan-av.

Help Us Say It!

Next week The Hilltop Record through these columns wants to really say for the community, "A Very Special Merry Christmas To All Service Men From This Area." You readers can help us achieve that wish.

Here's what you can do to help us say "Merry Christmas" for you.

If there is a service men in your family or you have neighbors and friends who are in the service, we'd like to know about them, where they are stationed and if they are going to be able to be home for the holidays. There's more too — we'd like good pictures of these servicemen to go right along with the notes about them. Pictures must be two inches wide and no more than three inches deep. All pictures will be returned.

Here's what we want to do—we're planning a special section of the paper devoted to news of our men in service. We're going to run that section next week.

All information on servicemen and pictures should be at The Hilltop Record office no later than noon this Saturday, Dec. 15.

Help us say that "Merry Christmas To Our Servicemen."

Business Section Mail Deliveries To Be Earlier

Announcement was made this week that as a result of a survey conducted by the Hilltop Business Association mail deliveries to the Hilltop business section will be made before 10:30 a. m. soon after Jan. 1. A check conducted by the Post Office Department reveals that on West Broad-st in an area containing 223 business places an average of only 102 pieces of mail would be available for afternoon delivery or less than one for each two business places.

On Sullivant-av the post office check shows that for 120 business places only 44 pieces of mail would be available for afternoon delivery or an average of slightly more than one piece of mail for every three business establishments.

"Do It Day" Set For Next Monday

Well, what do you know? Here they are! These mislaid Christmas seals, of course! Mrs. George Bukey, 93 S. Westgate-av, shows how many Hilltoppers will be tracking down their Christmas seals this week in preparation for Do-It-Day, Monday, Dec. 17. Do-It-Day is the day set aside for procrastinators—the day when everyone is urged to "do it"—send in those belated contributions for Christmas seals. But why wait 'til Do-It-Day? Why not do it now? If you have lost your original contribution envelope, enclosed with these seals, any envelope will do. Just address it to the Columbus Tuberculosis Society, 503 Oak St., Columbus15; or to P. O. Box 209, Columbus 16.

Coming up! The fourth annual Do-It-Day in Franklin County! Do-It-Day, Monday, Dec. 17, is the day to be observed by all putter-offers . . . the day when everyone in this area who has not answered his Christmas seal letter is urged to sept in his contribution for seals received in November.

If you have lost that return envelope, enclosed with your seals last month, just mail your contribution to: Columbus Tuberculosis Society, Box 209, Columbus 16, O.

And if your name was omitted, by accident, from the Christmas seal mailing list, or if you wish to order more Christmas seals for your holiday mail or packages, just telephone ADams 3241.

The Columbus Tuberculosis Society, which is completely supported by the annual Christmas seal sale in its work throughout the county, is setting great store by Do-It-Day to spearhead the seal sale to a victorious Christmastime finish.

The society feels that most people intend to remit for Christmas seals received, but that the very human tendency to "put it off" has too many persons in a deadlock.

So wherever you laid that Christmas seal letter and return envelope—in the china closet, behind the clock, or in that book you've been reading—just dig it out and send in your contribution. Or you may use any envelope with the address listed above.

Christmas seal money bought 30,000 free chest X-rays in Franklin County last year and found TB or other chest ailments among 1200. Christmas seal funds also buy health education programs, better legislation to fight TB, medical research, and rehabilitation.

Minute Meat Pies

Limited amounts of leftover beef, pork or ham are the perfect filling for little fried pies. Grind the cooked meat and combine it with gravy or a white sauce to make a stiff paste. In the meantime prepare biscuit dough and roll to one-fourth inch thickness. Cut the dough in rounds. Top half the rounds with one teaspoon of the meat mixture. Cover with remaining rounds, pressing the edges together firmly. Fry the pies in deep lard (375° F.) for three or four minutes. Serve with tomato sauce if you like.

Vollman again will be serving with the paper delivery crew; Max Gutkind, at Long-High, S.W.; Otho Hayner, Town-High, N.W.; James W. McDevitt, Spring-High, in front of Moby's store.

Incidentally, Mr. Harrington of 3327 W. Broad-st, at 85, is among the oldest active Charity Newsies. He served as president in 1927-28.

The Newsies already are receiving applications for help at their store in the Memorial Hall, west basement, it was announced yesterday by Howard F. Foley, store manager. Store hours are 9 a.m. to 4:30 p.m. Mondays to Saturdays, inclusive. No applications will be received this Saturday—paper sale day, however.

The mother or father of the family must make the application for help. Some 4200 children were aided at the store last winter, Foley reported.

Hilltop Church Of God Plans Special Show

Two evening dramatic programs will be presented during the Christmas season at Hilltop Church of God, 635 Whitethorne-av. A special invitation is extended to Hilltop residents by Rev. O. G. McClure, pastor of the church.

"The Scarlet Ribbon," a combination play and pageant written by Alberta Hawse, will be presented at 7:30 p. m. Sunday, Dec. 16 by the Senior Dramatic Club of the church.

It tells the story of a modern wife who scoffs as her old-fashioned mother tells her children the biblical story of Christmas. The story then is acted out in pageant. In the finale, the modern wife finds—in a near-tragedy—that the Scarlet Ribbon of Christmas, which runs through the Bible, still binds the past and future together in faith and hope.

"Street of Hearts," a Christmas fantasy by D. M. Davis, will be presented by the Junior Dramatic Club at 7:30 p. m. Wednesday, Dec. 19.

It takes place in a village of houses built in the form of hearts. Joseph and Mary visit each house to find a place for Christ to be born. Residents of each heart reject them, until the last heart opens. This resident receives a special blessing for letting them in. A program of readings, Christmas songs and poems will precede the play.

Looking Ahead with J. W. Worrel

Many of my readers must have heard of the Better Business Bureau. It is an institution which may be found in every important city in Canada and the United States. Its members are the great business and industrial organizations of the nation who have combined to destroy all dishonest trading practices, rackets, and any shady attempts to deceive the public at large. It is a non-stock, non-profit organization designed to increase public confidence in making purchases and to protect the public by exposing and prosecuting to the utmost limits of the law any who seek quick returns from rapacity and falsehood. This institution which is independent and will not endorse or recommend any product or concern, has this to say about life insurance. I quote:

"Life insurance as an institution is of immense benefit to society. The question — What kind and how much life insurance should I have? — is one that cannot be answered in generalities. It can be answered only by you yourself after you have consulted responsible life insurance agents, have studied what they offer, and have — equally important — made at least a general plan of your own for the protection of your dependents and your own old age. Your life insurance purchase should become a regular part of your budget. In the purchase of life insurance, the intelligent, convinced purchaser is likely to be not only the most satisfied customer of the life insurance company, but the most convinced supporter of life insurance as an institution. If and when you have made a decision to buy life insurance, it is risky to postpone action. One cannot foretell the future. Tomorrow may be too late."

SUN LIFE OF CANADA

Bible Comment:

Endurance Is Test For Military Men, Soldiers of Christ

ENDURANCE is the great, ultimate mark of the true and effective soldier. His long process of training is to make him hard of muscle and sound of limb physically. It is also to make him sound and strong spiritually. It is to make him into a dedicated and efficient fighting machine.

Winston Churchill once told his countrymen that not only soldiers should bear the brunt of war and the defense of their land, but that "blood, sweat and tears" would have to be endured by the civilians for the country to pull through.

So it is today that not only are the troops in Korea suffering the agonies described in the English Prime Minister's words, but vast numbers of our fellow-Christians throughout the world are also suffering cruel persecutions in many different ways as a result of this war.

But these Christians have for the most part been proving that they have that peculiar hardness that makes a good soldier, either for the military or for Christ.

Christ's great disciple, Paul, in offering advice to the runaway slave, Timothy, begged the latter to "endure hardness" as might be expected of a good soldier of Jesus Christ.

Paul argued to Timothy that the earthly soldier serves under human — and therefore imperfect — commanders. The decisions of the Divine Commander, however, said Paul, can be nothing else but wisely planned and delivered with a compassionate understanding of man's limitations, his weaknesses.

And to be good soldiers of Christ we must obey willingly, for we will not be forced to obey. We must accept the small tribulations that come our way uncomplainingly, and on our own. We must meet great disappointments and tragedies with shoulders back, chin out, and a large heart. Timothy was so advised by Paul, perhaps the greatest of all Christ's followers.

Snowballs

Remember the first time you ever rolled a snowball?

You found that there were two ways to do it. You could start your snowball down a big, steep hill. No work to that at all . . . until, suddenly, your little snowball picked up speed and rolled out of control, growing, speeding, until it smashed against a tree or plunged off a cliff out of sight.

So you tried it the other way. You rolled your snowball yourself, guiding it, keeping it under control on the level ground. And in short order, it was finished.

A fine snowball, ready to make into a fine snow-man . . .

Character is like that. All of us have seen men who took the "easy way", who scorned good advice and paid little heed to the laws of God.

And the wrecks of these men who spun off the level ground of self control down the hills of delusion and lost faith are all around us.

But the world also has its share of their opposites, and in any church, on any Sunday, these men stand as firm proof that religion and character are inseparable factors in modern, purposeful living. To them, religion is not a lifeless, remote subject that is unrelated to their times. They know that the church builds character—a vital necessity in our lives.

And so—which is the best choice? The undirected way—the way of the little snowball that got out of control?

Or is it the way followed by all men of clear character and good faith:—the way of God and his church . . .

The way of a sluggard is as a hedge of thorns; But the path of the upright is made a highway.

Pr. 15:19

JOE BRIGGS Says:
Probably the reason a dog is man's best friend is because he can't talk back.
It won't do you any good to talk about your losses after they happen if you don't have insurance. That is water over the dam. The time to do something is now before you experience a loss. We'll be happy to talk over your insurance program at your convenience.

Girl Scout News

In the past month Troop 148 of John Burroughs School has been working on a project that could be completed by any other scout troop which might be interested, and does not have a public service project at this time. The scouts are supplied with small pieces of new carpeting from the various carpet companies, the girls rip these apart, then the new wool is crocheted into afghans by the Women's Missionary Society of the Hoge Memorial Presbyterian Church. The afghans are sold and the money is used to purchase woolen blankets for the people in Korea.

The girls of Troop 192 have separated many yards of carpeting in the basement of Mrs. Roy Upperman's home. The girls in the troop are Sandra Badgley, Mary Brush, Judith Compton, Patricia Craig Joy Dorr, Juanita Ebright, Joanne Ebright, Sharon Eckstein, Kathryn Kuhn, Sandra Medley, Janet Robbins, Susan Rumley, Carolyn Upperman, Maxine Stilwell and Sharon Younkin. Any other troop that would like to know where to get the carpeting may contact Mrs. Paul Stilwell or Mrs. M. J. Kuhn, the leaders of Troop 192.

On Dec. 3 the scout workshop of the John Burroughs Neighborhood House was held in the lunch room at the school. The leaders and the troop committee members were instructed in the making of door decorations, block printing on Christmas cards, favors, and other Christmas gifts. Mrs. Howard McVay, Mrs. Daniel DeBerry, Jr. and Mrs. George Ralph were on the committee. The next workshop is scheduled for Feb. 4, at 1:30 p. m.

A new Brownie Troop at West Mound School held its investiture service at the home of Mrs. Victor Fippen on Nov. 6. The leader, Mrs. Jack Alban invested Mrs. Ralph Six as assistant leader, and the troop committee consists of Mrs. Victor Fippen, Mrs. William Dawson and Mrs. Archie Whiting. The following girls received their pins after they had repeated the Brownie Promise: Cheryl Alban, Penny Dawson, Carol Fippen, Sharon Harper, Mary Jane Shields, Lillian Whiting, Barbara Wightman, Barbara Bottman, Karen Six, and Virginia Zimmer.

As Nov. 6 happened to be Carol Fippin's seventh birthday, her mother served ice cream and cake to the troop members. On Dec. 11, two more brownies were added to the troop, they are Barbara Van Castle, and Sharon McClelland.

FIRST CHRISTMAS TREE

"Make a star, good master tinsmith;
Make a star like that shone
Long ago above a manger—
The Christ Child too, felt strange and lone.
Make a star, good master tinsmith;
I have cut for Him a tree
And the star will crown its branches
For the girls and boys to see."
When the star shown through the window
On the green and fragrant tree,
All the children and the townsfolk
Caught its light, and came to see.
And the next year many spruce trees
Left the woods and mutely told
Of His love, fresh and undying,
In this world as in the old.
Make a star, good master tinsmith.
Polish it till it is bright.
Many children, many strangers
Need a sign on Christmas night.

The poem "First Christmas Tree" first appeared in a Wooster (Ohio) newspaper. The reference is to the Christmas tree put up and decorated by August Imgard, a young German immigrant, in Wooster, Ohio, in 1849. It is credited with being the first decorated Christmas tree in the United States. My thanks to Miss Mann for sending the poem.

The Catholic Youth Organization has a fine idea, that of putting Christ back into Christmas. None of the new "commercial" Christmas songs can give one the warm feeling that Silent Night can give. So far as I'm concerned, even hearing it played with one finger on an out-of-tune piano is wonderful. Last Christmas Eve, several children sang it and other Christmas carols on our front porch. It was something we will never forget.

Heard recently: A news commentator was reporting an accident. He said "Several persons were killed, one seriously."

• • •

With all those Christmas cards to address and other things to do in so-many-more-days - till - Christmas, who can worry about Frankie and Ava, HST's shirts or whether Bess will let him run again? There are important things to think about. A few—that pint of blood; Red Cross Christmas seals; Charity Newsies paper sale; saving sales tax stamps for worthy causes; adopting needy families for Christmas and how soon there will be peace on earth.

If you read Ruth McKenney's "Gigantic Ohio State" in November Holiday magazine, you should also read "Gweat Big Ohio State" by one "Pippa Schmals" in November Sundial. Not recommended for the kids and Aunt Matilda.

Whittier said it:

No longer forward or behind
I look in hope or fear,
But grateful, take the good I find,
The best of now and here.

All that wasted land caused by strip-mining you see on the way to Pittsburgh makes Central Ohio look twice as good . . . Steubenville seems to be built on seven hills too . . . Somepody put a loop on the F in the Salt Fork River sign, making it Salt Pork . . . They should put a D in Weirton, W. Va. All that smoke! Wonder if people in that section ever get the soot out of their lungs? The orange-colored smoke coming from the steel mill stacks is pretty, if you didn't have to smell it.

From "Sanaire," monthly publication of Benjamin Franklin Hospital (Edgar H. Wilson, Editor) come these two slight verses:

There's a star in the heavens
a-glowing,
There's a halo, a medal, a rose
For the guest who says "I must be going—
And goes.

Consider Venus de Milo
Whose looks are beyond compare.
She couldn't win scholarship prizes
Because she just wasn't all there.

Hilltop Takes On Aura of Christmas

For the second year the Hilltop Community Council and Glenwood Recreation Center have erected a Yuletide greeting on the lawn of the recreation center. The greeting represents a "Community Carol Sing" and is highlighted with a colorful lighted Christmas tree. At the foot of the hill is a huge greeting card. The entire display is visible to passersby on W. Broad-st.

Arrangements are being made by Mrs. Edward Thompson, special activities chairman for the council, to have the various Hilltop youth groups sing carols under the lighted Christmas tree during the Yuletide season.

A $2000 decorating project has been completed on W. Broad-st and Sullivant-av, from Wheatland-av to Binns-blvd, by the Hilltop Business Association and other organizations of the community. This project was actually started more than a year ago. Decorations consist of Santa heads, wreaths, bells and other Christmas designs, 30 inches tall and 18 inches across, illuminated and hung on utility poles.

C. H. Campbell, Hilltop Business Association secretary, said that this is just a beginning of the project as they plan to add to the decorations each year.

New Park Site Is Proposed For The Hilltop

Walter A. Tucker, director of the Metropolitan Park Board spoke to the Hilltop Community Council's Camp Clime Committee at a meeting held at the Hilltop Business Association Office last week concerning future plans for developing a new metropolitan park site.

It was disclosed that a thirty-five acre tract of land has already been purchased on Alkire-rd, near Big Darby Creek and a tract of land adjoining the present site is needed to complete the project. The new park would be open to the public for picnic and outings and especially used for educational purposes in wild life and plants. If present plans do materialize it will be at least three years before such a project could be completed.

The Metropolitan Park would in no way conflict with Camp Clime.

Tucker spoke very favorably in behalf of Camp Clime and offered any assistance he could give in further development of the Council's camp site.

At a business meeting it was resolved to repair the craft house and make other repairs in the early spring so that mixed groups may take advantage of the camp. The camp is available to all Hilltop groups free of charge by calling the Hilltop Business Office.

It was revealed at the Community Council meeting last Wednesday that a new lease on the camp would be signed with E. O. Clime, owner of the site, in March, inasmuch as this project has proven very successful.

Members of the Legion post will exchange fifty cent gifts as will the women of the auxiliary. Santa will then be present to have a gift for the kiddies.

The Christmas party is being held under the joint sponsorship of the post and the auxiliary with Past Commander John Martindale heading the post committee composed of Reynold E. Bad Weather Cuts School Attendance

A few local schools were closed, others suffered a decided drop in attendance this week due to the heavy snow and record breaking cold. Hilliard's schools were closed as was Skidmore School after the second heavy snow which fell Tuesday morning.

West High School reported a rise from an average of 60 absentees a day to almost 200. More girls than boys stayed home during the bad weather while ordinarily the boys usually have more absentees.

Local grade schools reported only 30% of their kindergarden students in school; about 50% of their 1st graders; and from 75% to better than 80% in grades 2 to 6.

A check with the Board of Education offices late Tuesday revealed that they plan to keep the city schools open until the Christmas holidays unless things become decidedly worse.

Franklin Co. Polio Fund Starts Jan. 2

According to records of the Franklin County Chapter of the National Foundation for Infantile Paralysis, the past four years have been the worst polio years in the nation's history. There have been 55 cases reported in Franklin County so far.

The Franklin County March of Dimes for 1952 opens Jan. 2 and will continue throughout the month. Thomas A. Sabrey, who heads the polio drive for the eighth straight year, will recruit more than 4200 volunteers.

Draft Board 42 Gets Christmas Cards From Korea

The members and clerks at Local Draft Board No. 42 of Selective Service were pleasantly surprised this week to receive Christmas greeting cards from two former West Side and Hilltop boys now serving in the armed forces in Korea.

One was received from Sgt. Bruce Beavers, a member of the Clearing Co., 24th Medical Bn., and the other from Cpl. D. M. Lillis of the 545th M.P. Co., 1st Cav. Div. Sgt. Beavers formerly made his home at 2525 Sullivant-av and Cpl. Lillis gave his home address as 52 Chicago-av.

The board expressed deep appreciation at receiving such expressions of "Good Will Towards Men" from these two men and expressed hope that such Christian spirit will protect them and bring them home safely.

Recreation Centers To Remain Open During Holidays

With the closing of the schools for Christmas vacation Columbus children will have additional time for play, according to an announcement made by the Columbus Recreation Department. All indoor recreation centers operated by the department will open at 12 noon instead of 2 p. m. and remain open until 10 p. m. during the Christmas season.

Hilliards Boy Killed In Fall From Bus

Funeral services for George Harper, Jr., 13-year-old Hilliards school boy, were held Saturday at Hilliards Methodist Church. Pallbearers for the youngster, who was killed when he fell underneath his school bus, were eight of his schoolmates from Hilliards School. Jack Chenowith, Jerry Frazee, Billy Walker, Eddie Murdock, Gary Morgan, Bruce Holden, Walter Schatz and Don Hauelsen, were his friends in the eighth grade.

Young George was the assistant to driver Clyde Adkins of Hilliards and it was his duty to watch traffic while loading and unloading, and tell the driver when to go ahead. The boy, who lived at 5490 Hayden Run-rd, fell from the front door of the bus while trying to throw a scrap of paper away for a friend.

Sheriff's Deputy Sgt. Paul Stormont said that the driver failed to notice that the lad had fallen until several of the children screamed to warn him. He stopped the bus quickly, but it was too late. The bus, according to Stormont, was in good mechanical order and the door level worked properly. The State Highway Patrol, charged by law with supervision of school bus safety, is still investigating the accidental death.

Surviving are his father and stepmother, Mr. and Mrs. George Harper, and a stepsister, Ruth Harper of Columbus. Burial was in Sunset Cemetery by the Denton, Donaldson and Kuhn Funeral Home.

Westgate School Dispute Will Be Studied By NLRB

Columbus Board of Education Tuesday evening in special meeting passed two resolutions designed to bring the long-delayed Westgate School project nearer to completion. The two special motions were passed asking for a ruling by the National Labor Relations Board as to jurisdiction over the work stoppage at the school.

James E. Hale, board president, said Wednesday that the first of the resolutions passed in the Tuesday meeting asked the City Attorney to assign one of his assistants, Robert C. Potts, to journey to Cincinatti at once with the contractors involved in the dispute and to determine the jurisdiction of the National Labor Relations Board in the matter.

The second resolution, according to Hale, orders Potts to report back to the Columbus Board of Education by Friday morning with complete data on his findings. Another special board meeting has been called for Friday noon, at which time further action will be studied in the case.

A. E. George, who holds the general contract for construction of the new Westgate School, and F. A. Davis & Son, the non-union electrical firm involved in the project, were given until Tuesday noon, Dec. 18, to reach an agreement by the Board of Education. When they reported Tuesday that no agreement could be reached, the board took immediate action by calling the special meeting in which the resolutions were passed.

The Westgate School for which contracts were awarded last July 31 has been held up for months because union workmen for the construction firm have protested the non-union electrical firm's involvement on the job. Pickets placed on the project by the Building Trades Council were withdrawn shortly after the work stoppage began, but despite the lack of pickets the union workmen have refused to return to the project as long as the non-union firm holds the electrical contract.

In the meantime, the Camp Chase Civic Association, which earlier this year displayed its strength in blocking construction of low cost housing in the Westgate area, has indicated that it will move into the picture as well, in order to force resumption of work on the sorely needed project.

It was pointed out by a spokesman of that organization today that the lives of children subject to dangerous traffic conditions on Sullivant-av and W. Broad-st are at stake.

No comment was available from the Building Trades Council or either of the contractors involved as to their feelings toward the action by the Board of Education in seeking aid of the Nataional Labor Relations Board in breaking the work-stoppage deadlock.

Local Soldier Is Reported As War Prisoner

Pfc. Howard Estell

First Hilltop soldier to be revealed as a prisoner of war in the Korean conflict is Pfc. Howard Estell, 20, son of Mr. and Mrs. James L. Estell, 227 N. Eureka-av. His name was contained in the list of more than 3000 released by the Chinese Communists Wednesday during the armistice parleys in Korea.

According to early information released by the War Department through its offices in the Pentagon, Pfc. Estell is being held as a war prisoner in what is termed Camp No. 5 by the Communists.

Reported as missing in action earlier, Pfc. Estell had written a letter to his parents recently.

Charles Walton Taken By Death

Services were held Wednesday for Charles W. Walton, Sr., 80, who died Sunday at St. Francis Hospital. He lived at 39 Eldon-av. He was secretary of the Howald Furniture Co. and a director of the First Federal Savings and Loan Association.

Walton was a member of West Gate Lodge, F & AM, Mt. Vernon Commandery of Knights Templar and the Scottish Rite. He was active at Glenwood Methodist Church and had been associated with the Howald firm for 43 years.

Survivors include his wife, Mrs. Mary K. Walton; a daughter, Mrs. Dallas K. Beal of New Paltz, N. Y.; and a son, Charles W. Walton, Jr., of New York City. Burial was in Green Lawn Cemetery.

Three Named To Farm Group

Announcement was made today of the recent election of three men to form the Franklin County Production and Marketing Administration Committee for 1952. Ralph J. Agler was named chairman, George E. Cubbage, vice-chairman, and S. M. Morrison as third member of the group.

These men were elected by a convention of farmer elected delegates representing all townships in the county and are responsible for the administration of the various phases of the National Farm Program at the county level, such as the Agricultural Soils Conservation Program, Commodity Loan Programs, Acreage Allotment Programs, Crop Insurance Program, Sugar Beet Program and others.

Their term of office is for one year.

Show Gratitude To School

Irene Curl of West High School is pictured above as she accepted a check for the school from two Air Force men of the 3460th School Training Squadron last Thursday. The gift of $100 was made by the squadron to the school to be divided equally between the athletic department and the West Bandsmen for new uniforms. Occasion for the gift was in recognition of the reception accorded the Air Forces squadron last Nov. 9 when they were guests at the football game and participated in Armistice Day ceremonies.

Mrs. Santa Claus Visits Record

Mrs. Bernice Fox of the Columbus State School is playing a dual role these days as she carries on the work of Mrs. Santa in gathering gifts for the children of Columbus State School. She is pictured as Mrs. Santa in the above photo when she called at the Hilltop Record this week to pick up gifts left there by Hilltoppers for the school's "last count" (Story appears on page 21 of today's Christmas Supplement).

New Rome Water Is Ruled Okay

The more than 300 residents of New Rome last week discontinued the boiling of drinking water after a report was received from the State Board of Health ruling that the water was "safe for human consumption."

Fred H. Waring, chief engineer, said that his tests disclosed that the water was high in iron and sulphur content but contained no bacteria. He had made tests of the water in the entire area of the community.

Make This Christmas Fire Safe

Harry J. Callan, Ohio State Fire Marshal, and Foss H. Gragg, Program Director of the Ohio Fire Safety Committee, Division of State Fire Marshal, urge all persons to guard against Christmas home fires this year.

They state that it is virtually impossible for a non-skilled person to flameproof a Christmas tree successfully with chemicals or paints. The best idea for Christmas fire safety is to follow these seven sensible rules:

1. Cut the Christmas tree at an angle about an inch above the original cut and set it in water away from radiators, heaters or fireplaces.

2. Do not use cotton or paper for decorating the tree unless they are flameproof. (It is against the Ohio law to sell any other kind.) Be sure that all glass and metal ornaments are also flameproof.

3. Use only electric light sets bearing the approval of some nationally known testing laboratory. Check sets for frayed wires, loose connections and broken sockets. Do not overlook circuits and be sure lights are turned off before retiring or leaving the house.

4. Have a substantial screen for your fireplace.

5. Avoid celluloid dolls, toys or non flameproof cowboy suits. Toys that require alcohol, kerosene or gasoline to generate are especially dangerous.

6. Don't allow Christmas wrappings to accumulate. Don't allow smoking near the tree. Keep matches away from tiny hands. Keep the fire department number handy and call it at once at the first indication of fire.

7. When needles start falling, take the tree down and discard it out doors.

Keep this Christmas Merry and free from fires.

Safety Education In Our Schools

All good citizens try to prevent accidents. A major part of our school program includes teaching of safety to the boys and girls both in connection with the regular school program and also in connection with the daily life experiences of the children.

Listed below are three definite ways in which safety of your children is observed.

It is suggested that you read very carefully the procedures followed, paying particular attention to the safety drill procedures which are in the planning stage at the present time.

Part of the school safety program is to protect the children as they cross the streets on their way to and from school. Student patrol boys are stationed in the vicinity of school buildings to assist the children across the street safely. They are on duty usually from 15 minutes before school in the morning and afternoon and at dismissal time. Parents can help by (1) keeping the children at home until the patrol boys are on duty and by (2) encouraging their children to cooperate with the boys.

School fire drills prepare the child to leave the building in a safe and orderly manner in case of a fire emergency. They are held once a month.

A major responsibility of teachers and school employees is to help safeguard the lives of children while they are in school. In a period of national strain and tension, this responsibility increases. As a part of Civil Defense the Columbus Public Schools, are planning Safety Drills. At a given signal the teacher and her children will go to a safe area in the building. The first floor and basement are usually to be used as safe stations, while this varies from school to school.

A Safety Drill will be held at least once a month.

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be omitted if requested.

There are three birthdays that are important to the happiness and welfare of the people of our country.

The first one is Dec. 25, with the birth of Christ, Christianity came into the world.

The last command of the Savior was "Go ye into the world and preach."

Perhaps the main point in this is to spread the gospel and to keep reminding people of it so that they would not forget it.

But have the people forgotten God? When we consider conditions in the world and in our own nation, what is the opinion we form?

We are told by the prophet of old that "The government shall be upon His shoulders." Is it so today?

I sometimes wonder how many can sing (or repeat) the following in the real spirit of its words:

"Our Father's God to Thee,
Author of liberty,
To Thee we sing;
Long may our land be bright
With freedom's holy light,
Protect us with Thy might,
Great God, our King."

The second birthday is July Fourth. On that day our nation was born.

With her birth came the Declaration of Independence, which declared certain principles of freedom—among these were "life, liberty, and the pursuit of happiness."

Then came the constitution which ordained and established the following: "Establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity."

How much of the above do we really have that we can call our own? How much can we enjoy, when we are under controls and when governmental officials obey the constitution when it suits them and ignore it when it doesn't?

Do these officials really and truly love their country and the welfare of her people, when they do so much for people of other nations? Are they not exploiting our substance and our people when they do this? Can they sing (or repeat) the following in its true spirit?

"My native country thee,
Sweet land of liberty,
Thy name I love.
I love thy rocks and rills,
Thy woods and templed hills,
My heart with rapture thrills,
Like that above."

The third birthday is yours and mine. With each birthday comes responsibilities to God, country and our fellow man.

If each individual would rally around the slogan, "Back to the Bible and constitution," we could soon clen up the mess we are in.

Let's do our part.

J. A. Downey

Dear Editor:

When we celebrate Thanksgiving and Christmas, how many observe them in the true spirit that each represents. Both have a deep significance in their relation to our country.

Our forebears founded Thanksgiving Day. They laid the foundation for the basic principles of our constitution — namely, freedom of worship,, freedom of speech, freedom of the press and free enterprise.

Washington warned against entangling alliances with foreign nations.

Through commitments by Truman and his predecessor, our nation has become deeply entangled with foreign policies. The question is, will be ever be able to extricate ourselves.

Both presidents have ignored the constitution in order to carry out the fantastic ideas of the "New Deal" and "Fair Deal."

Add to this all the controls that have all but destroyed free enterprise and suppression of freedom of speech and of the press.

Consider all of the above, then ask ourselves where we stand today?

We should ponder well these words, "My country (government) when right I will stand by her; when wrong, I will help to make her right."

What about Christmas? What is uppermost in the minds of the people? Christmas carols are sung and Santa Claus is seen long before Christmas. I have always thought Christmas eve was the time for carols and Santa Claus.

Why all this hullaboo that started even before Thanksgiving? Are we commemorating Christmas in the true spirit of the day?

Trink over the following:

In far off Bethlehem,
In a lowly cattle shed,
Was Christ, the Savior born,
A manger for His bed.

The Christ-Child grew in stature
And in favor with God and man;
His was a holy mission,
It was His Father's plan.

And so the Christ went preaching
All through the holy land,
Spreading the new born doctrine,
As by His Father planned.

He went into the temple
Corrupt with sin and vice;
Drove out the money changers
And venders of merchandise.

I wonder if the people
Are drifting far away
From religion, God and duty,
As they did in Jesus' day.

Are we spending time and money
To make a grand display,
With all the glare and glitter
Two months ere Christmas day?

Are we commercializing
This holy, sacred day?
Should Jesus come again
I wonder what He'd say?

Christmas Day is sacred,
And not for pleasures wild,
For it is Jesus' birthday—
The blessed, holy child.

"Pedestrians are careless and crazy . . . contrary and clumsy . . . impatient and impulsive." At least, that's what some motorists think—and some of them really are!!

The Safety Council of the Columbus Chamber of Commerce reminds motorists that ALL pedestrians have the right-of-way — when they're caught in the middle of the street by a changing light . . . when they have started across a corner without signal lights . . . and when crossing a street into which the driver is turning. Give them their rights—whether or not they appreciate your patience and safety judgment.

"Would you rather be alive, or a vital statistic, after the holidays? The choice is largely up to you!

Hunter Wins Valuable Player Award

Fleet-footed "Charlie" Hunter, star back of the Cowboy football eleven, last week was awarded the Miles Trophy as the most valuable player of the West High team. West students voiced unanimous approval of the choice as Dr. Jim Miles (right) presented the trophy, established by Dr. Jack Miles, to a surprised Charlie Hunter. West High principal I. F. Young, at left, beams his approval of the trophy.

Pirates Surprise West In Loop Cage Opener

Central High's Pirate Cage team took an early lead in the City High Basketball race last Friday night when they pulled a stunning upset by soundly whipping George William's Cowboy hopefuls by a count of 70-42 before a small crowd at Central gymn. Inclement weather held the crowd to a minimum.

The ease with which the Pirates scored their initial loop victory was a complete surprise, due to the fact that West has been touted as a strong contender for league laurels. Sparked by Cassady and Smith the Central team assumed a commanding lead in the first canto and left no doubt in the minds of the observers as to their superiority.

Cassady of the Pirates five sparkled and gave every indication of becoming as much a threat on the hardwood court as he was during the last gridiron season. In the first quarter he racked up a total of nine big points which represented one half of his total for the evening. Bob Smith of the Pirates also tallied 18 counters for the game and was a constant thorn in the side of the Cowboys.

Jerry Trabue and Bob Thornton of the West Cagers, who have been the big guns in the Cowboy attacks in previous games by scoring in the high brackets were held to low scores. Trabue managed to eke out 10 points and Thornton was held to two points. The Cowboy five had plenty of scoring opportunities in the early portion of the game but were unable to connect with the bucket.

Coach Shadel Saunder's Buccaneer squad took a commanding lead in the first canto by a 22-10 count, in the second they increased their lead to 40-25 and the third saw the Pirates out in front by a 19 point advantage. The final canto the Pirates poured it on to win by the convincing margin of 28 points.

In the reserve contest West's reserve cagers had little or no trouble in downing the Central reserves by a count of 38-28.

District 8—At Wilson School on Dec. 11, a new Brownie Troop held its investiture service. Mrs. Hale Cline, the neighborhood chairman, invested the leader, Mrs. Lloyd Rich, and the two assistant leaders, Mrs. Lewis Ballinger and Mrs. D. Dever.

After the girls dramatized the "Brownie Story" they were served fruit jello, cake and chocolate milk by the troop committee, Mrs. James Carr, Mrs. John Carr, and Mrs. Alfred Justus. The following girls repeated the Brownie Promise and received their pins: Dale Ballinger, Diana Boggs, Sharon Carr, Catherine Childers, Elsie Feasel, Vicky Garling, Analise Heller, Patricia Higgins, Joyce Justus, Sheryl Larkins, Joyce Robinson, Cynthia Williams, and Ruth Wolfe.

The girls of Troop 372 at John Burroughs School have been making scrapbooks during the month of December. They are planning to send them to the small patients at Children's Hospital.

Earlier this winter, Mrs. Ralph Hunter, the leader, and Mrs. Max Shipley and Mrs. Wood J. Myers, the two assistant leaders, accompanied the girls on a tour through the Krogery Bakery on Cleveland-av.

It was explained how bread, crackers and pastry were mixed, baked and iced. The girls found the trip very interesting as well as instructive.

The members of Troop 372 are Mary Francis Beard, Mary Ann Bisbee, Vivian Bratt, Hazel Buckingham, Carol Sue Eckstein, Clarabelle Ebright, Nancy Hunter, Sandra Jones, Mollie Myers, Marlea Pfaff, Naida Ryan, Barbara Schaaf, Sandra Shipley, Sharon VanDyke and Joyce Wheelock.

A Christmas Story

ONCE UPON A TIME, IT GOT TO BE DECEMBER 20th, AND MR. SANTA CLAUS, ALL AT ONCE REMEMBERED THAT HE DIDN'T HAVE HIS PERSONAL CHRISTMAS SHOPPING DONE.

He was beside himself with worry until he remembered that up on the Hilltop was Esquire Men's Shop where he could do all his shopping in jig time. Sooooo . . . he grabbed Mrs. Santa and went there.

First, they stopped at the tie rack and picked out a beautiful Regal Tie from the large selection of prints, pleated and speckled ties priced from $1.50 to $2.50. Uncle Ed, said Mr. Clause, would really go for this.

Mrs. Clause, meanwhile, hurried back to the suit department and ordered a gift certificate for a "Siebler" CUSTOM MADE suit. This way Santa could order his own color and style in suits. The suits were reasonable too, only $47.50 up.

Then, he pointed high on the shelf to the beautiful sweaters that he saw there and said "I'll take one of each at $3.95 and $10.50, although I see you have many at prices in between those." And in the package he had the clerk put a few handkerchiefs, never looking at the price because he knows that Esquire's prices are always low.

Just across the aisle Santa discovered several shelves full of "Century 200" VAN HEUSEN shirts. "By Jiminy," cried he, "with or without French cuffs in any size for only $3.95." Santa purchased several of these for the fellows in the toy shop, (At the North Pole).

By this time his pack was getting pretty full but he still wasn't happy because he hadn't bought a thing for his friends who lived in the colder climates. So he hurried back down the aisle to the rack displaying Lewis-Harris outdoor jackets. The wide variety of warm, quality styles and the ones with fur collars immediately caught his eye, so he bought one for only $19.95. He noticed that he could have purchased one as reasonably as $14.95.

Mrs. Claus meanwhile was looking at some Alligator All-Weather Wear topcoats, for Grandfather Claus. She noticed that they were made of Two-ply Virgin Wool and had been reduced to only $17.75, $35.75, and $45.75. These would be just the thing for Grandfather, she decided, and bought one.

Now he was sure he was through, Santa thought, but all of a sudden he looked out the window where the wind was whistling and the snow was falling. "Why," thought he, "my hands will freeze the twenty-fifth crawling over the houses. I think I'll buy a Christmas present for myself" — and he did. A pair of warm Leather gloves lined with spun nylon. There were so many styles to choose from he couldn't make up his mind and finally decided on a pair at $6.95. (Santa could have gotten a pair as low as $4.95.

Santa's sack was running over by this time, so he questioned as to how late he could come in to shop — and was delighted to hear that Esquire would be open until 9:00 every night — even Christmas eve.

Then he was happy and his mind was free to cope with such small problems as getting down 79 billion chimneys in one night.

THE END

HILLIARDS School Notes

GOOD SPORTS? HOW ABOUT IT?

By Helen Kidwell

On Monday, Dec. 10, Hilliards High School held an assembly on Good Sportsmanship. There was also a drill on basketball rules and play. The assembly was opened and the high school band played two numbers. The audience then sang "Loyal and True," the school song, and recited the students' creed. The master of ceremonies was Louie Hoffman, member of the assembly committee.

A panel discussion was held on "What different groups can do within the school to promote good sportsmanship." Members of the panel were Karen Myers, representing the cheerleaders; Dave Leppert, representing the athletic players; Mr. Richard Emmelhainz, representing the coaches; Louie Hoffman, representing the student body; and Mr. Charles Pickens, representing the faculty.

Karen Myers brought out the fact that the cheerleaders could set a good example for the crowd, and act as a good hostess to the visitors. They also help keep up group spirit, and that of the team.

Dave Leppert said that a player contributes by watching his language, both on and off the playing field, and by staying in condition. He can accept the officials' decisions, and cooperate with his coaches. He can also promote good will by being courteous to the opposing team.

Louie Hoffman stated that good sportsmanship is needed, not just in school, but at home, and even on the highways. The student is a representative of his high school wherever he is, and it is up to him to make a good impression.

Mr. Emmelhainz stated that he thought the coaches were responsible for the attitude of the players under them, and that the sportsmanship example which they set is reflected through the boys. Coaches should maintain a level head at all times and their manners should be courteous at all times.

Mr. Pickens, representing the faculty, said that the athletic schedules are prepared two years in advance, and the officials hired them. The Ohio High School Athletic Association has been established, and the Board of Controls sets up the sports rules and regulations. Some schools are put on probation, for breaking the rules. Hilliards has never been on probation, so let's keep it that way. He left the students several things to think about.

1. Do you refrain from annoying the other spectators?
2. Do you applaud and join in the cheering?
3. Do you stick loyally with the team through good and bad seasons?
4. Do you use the same good manners at the game that you would use at home?

Following this the cheerleaders led several cheers.

Then Mr. Perry Reall, basketball coach, was introduced. He explained several of the rules that are commonly misunderstood. Then he brought out the Varsity basketball squad, and they gave us a demonstration on the various plays used in basketball. A short scrimmage period followed.

HILLIARDS LOSES

Kenny Evans, Clarence Morris

The Hilliards Varsity dropped their first home game to the Plain City Scotties 59-40 Tuesday night. The two teams were about equal in every way, but the Scotties made nearly every shot while the Wildcats couldn't hit the bucket. Plain City pulled into the lead in the first quarter and stayed there during most of the game.

The game was very exciting and both teams looked good. The Scotties' passing and shots were tops all evening. This meant victory for them.

RESERVES WIN 38-31

Kenny Evans, Clarence Morris

The Hilliards Reserves unleashed a 38-31 victory over the Plain City Scotties Hilliards got quite a lead but the Scotties came back fighting. At the half the Wildcats had a six point lead.

Ceremony Uniting Miss Foster, Cpl. Cline, Read Here Nov. 18

Cpl. and Mrs. George F. Cline

A double ring ceremony uniting Miss Barbara Jean Foster, daughter of Mr. and Mrs. Floyd P. Foster, Sr., 296 S. Chase-av, and Cpl. George F. Cline, son of Mr. and Mrs. Earl F. Cline, 2948 Crescent-dr, was read Sunday, Nov. 18, by Rev. John Hydinger at the Hilltop Evangelical Lutheran Church.

Pre-nuptial music was furnished by Mrs. Robert M. Draper, aunt of the bridegroom, and Miss Jo Ann Heischman. The altar was banked with palms, baskets of white pompons and baby mums backed with a seven tier candelabra.

The bride, given in marriage by her father, wore a princess style gown of ivory, chantilly lace and satin, designed with a sheer yoke, lace panel down the front, long sleeves coming to points over the hands and a full skirt extending into a cathedral train. A Juliet cap of matching lace held the fingertip veil of imported silk illusion. The bride's flowers were white roses and pompons upon a white Bible with streamers tied in lovers knots.

Miss Evelyn Urich, maid of honor, wore a gown of coral marquisette and satin, designed with a formal bodice, satin midriff, full skirt and shoulder cape. Miss Mary Lou Thompson as bridesmaid wore a gown styled like the honor attendants' in lime green marquisette and satin. They wore matching marquisette bonnets and carried French style bouquets of white and yellow mums tied with contrasting taffeta ribbons.

Mr. Earl Cline was best man for his brother with Mr. Floyd William Farrand as ushers.

For the reception for 200 guests held immediately following the ceremony, the bride's mother wore a medium blue satin dress with navy blue accessories and a corsage of white carnations. The bridegroom's mother chose a dress of champaign colored lace with aqua accessories and a white carnation corsage.

For the wedding trip to Indianapolis, Ind., the bride changed to a navy blue faille dress with red accessories and the rose corsage from the bridal bouquet.

The bride, a graduate of Mansfield Senior High School, will reside with her parents until after the first of the year, when she will move to Indianapolis, where Cpl. Cline will be stationed. She is a typist for the Department of Taxation.

The bridegroom is a graduate of West High School and attended Ohio State University. He is a member of the 37th division of the Ohio National Guard and is now stationed at Ft. Benjamin Harrison, Ind., before being transferred to Louisiana.

Year-end holidays are happy times, but also hazardous times for motorists. Heed the advice of the Safety Council of the Columbus Chamber of Commerce, and give extra caution to your driving. Give safety to yourself and others.

Open House At Waymer's As Christmas Eve Marks 50th Year

Mr. and Mrs. A. L. "Pop" Waymer

(J. Curtits Allen Portrait)

Christmas Eve holds pleasant memories for all of us but for Mr. and Mrs. A. L. Waymer, 204 S. Warren-av, it means even more because 50 years ago in Amesville, O., Rev. Theodore F. Garrett read the nuptials uniting them. This will mark the Golden Anniversary of the Waymers and they are going to celebrate with an open house Sunday, Dec. 23, 2 to 5 p. m. and 7 to 9 p. m.

Receptionists for the open house will be Mrs. Roma Waymer and Mrs. Martha Evilsizer. Mrs. Waymer is the wife of the senior Waymer's son, Donald, and Mrs. Evilsizer is their daughter. They have one grandson, John Waymer.

"Pop" Waymer, as he is known brought his family to the Hilltop in 1914. He has been the proprietor of Waymer's Grocery at the Warren-av address for many years. He is a member of the Masonic Order and the Knights of Pythias.

Mrs. Waymer is active at Hillcrest Baptist Church and a member of Robert Morris Chapter OES. They will welcome their many friends at the open house Sunday.

A center of attention was the colorful basket of gaily wrapped jellies and jam, a present for the West Side Nursery.

The program was complete with a presentation of Christmas music by a guest, Martha Brown, accompanied by a Garden Club member, Mrs. Clyde Moore, who also played a piano solo and led the group in carol singing.

During the business meeting, which was conducted by the president, Mrs. C. V. Williams, 156 W. Shreyer-pl, a pottery window sill planter was shown by Mrs. Paul Leighninger, who with the help of her planting committee, Mrs. Elmer Young, 125 N. Chase and Mrs. M. L. Plummer, 222 N. Warren-av, arranged the plants brought by the Club ladies. The planter will be given to the Hilltop Library.

Santa is HERE With Gifts For All

By Judy Masters

Yes, Santa is right here on the Hilltop. I know for I went shopping in the local stores and there he was! I didn't exactly walk up and shake hands you know ,but I could tell he was around. The clerks were so cheerful that I knew Santa must be watching them. And he left many wonderful gifts for the shoppers to choose from too.

Gifts for dad, mom, the children, the house — they are all available on the Hilltop in stores that are decorated with lights, holly and Santa Claus in many variations of the seasonal red and green.

While buying for dad we discovered everything in the way of wearing apparel at Seiller's Dept. Store and the Esquire Men's Shop. Outdoor jackets, sport shirts, and gloves are a few of the gift articles that are popular this year. The new Big Bear Basement Store has an item that would surprise "dad" with a whole winter of pleasure, a wonderful electric blanket. We suggest this in particular but there are many gifts to choose from in this gleaming new store.

A gift item which is very popular for "mom" this year, according to all speculations, is the Fryryte for deep frying and French frying. It seems all the French-fried potato fans want to get this useful gift for the cook. They can be purchased at Danziger's Dept Store.

Other gifts to please the little woman are on display at Fays' where they have a lovely selection of robes. Each year finds robes of satin, wool, cotton and quilted fabrics high on the list of gifts. Also suggested as a gift (usually associated with brides or silvery anniversaries) is silverware. Or if she has the silver but not a chest, we suggest the chest. Fine silver and accessories are in stock at Mead's Jewelers.

For the lad of the house we suggest you buy a gift which he will use for years to come and maybe even for future generations . . . a ping - pong table. You will find they ease the strain of an evening of TV and add spark to an at-home party. Jones Lumber and Coal Co has a nice sturdy table for your boy.

For the youth who is a camera hobbyist and for the one who does not have a camera of his own, we suggest you shop at the Photo Shop in the Hilltop Sporting Goods Store. The Sporting Goods Store itself will offer a multitude of gifts that junior will love. Guns, rod and reels, accessories and so forth, all guaranteed to please the young sport.

A super gift for sis is a clock-radio. She can go to bed with music and rise likewise. Seely's have them and many other gifts to please the girl-child.

A popular scent with the teenagers or there-about, if you want to get them perfumed water and are stumped with the many aromas now on the market, is Evening in Paris. It is a scent that has been popular for a long time and is available in cologne, powders and other cosmetics in the Big Bear Basement Store.

If either sister or brother is young enough for toys, and they almost always are, games and toys of every description are waiting for the shoppers at the C and S Dime Stores, and the Economy Variety Store. There are push-toys, pull-toys and an over abundance of "cowboy" games and guns, and of course lovely, cute, realistic and funny dolls.

Now if you want something for the whole family the gift will naturally be a TV and the Better Home Centers have one to please you. There doesn't seem to be a shortage of the popular telescreens probably because most people have been enjoying their Christmas TV's for a month or more. Other gifts for the home may be found at Erlenbach's and I suggest if the family doesn' have a popcorn popper you look there.

If you are in the custom of buying "something for the house" we suggest an easy chair, an electric toaster, a new lamp, or whatever the house needs! Gifts for the house are a specialty at City Furniture and Hilltop Furniture and you'll find just what you want on the Hilltop.

Church of God Plans Christmas Cantata Sunday

A Christmas Cantata, "The Gift Supreme" by Jacobus, will be presented Sunday, Dec. 23, 7:30 p. m. by the choir of Hilltop Church of God, 635 Whitethorne-av. Montie Ball will direct the program with Isabel Ball, organist.

May you have a happy Christmas too!

May you have a tree, no matter how large or how small — whose branches hold the sweet fragrance of wind and earth and rain.

May your hearth be cheerful with firelight, with the crackle of the gift paper, and the laughter of little folk who believe they heard Santa come over the rooftop on Christmas Eve.

May your day be bright with friendly visits, the music of bells, and the age-old greeting of "Merry Christmas" that sounds so welcome on the ear.

But above all — may your heart be open to receive that great wave of love and brotherhood and understanding that circled the earth when Jesus was born in Bethlehem. That is the *greatest gift* of this day. That is the priceless gift of Christmas — from the Son of God who knew that brotherhood among men was their key to eternity.

Your church, with deep sincerity, wishes you each and every one a Merry Christmas!

Glory to God in the highest, and on earth peace, good will toward men.

Some people would get along better financially by spending less money for things they don't need to impress people they don't like. And in many cases they should spend more for insurance right now. High costs of replacements in case of fire or catastrophe make it all the more important that you review your general insurance program. We will be happy to talk the matter over with you.

Dear Santa

Just Bring Our Fire Station

We wrote to you last week Santa about some of those things we folk in this community would like to have done during this next year in order that the Hilltop can be made a better place in which to live.

Our special request this week is for that new Sullivant-av fire station at Brinker-av. As you can see by this picture Santa, the building for that new station has been just like this for over a year now. The Hilltop is a growing community and that fire station is needed.

We understand this week Santa that the fire department hopes to move in their equipment sometime after Jan. 1, providing that is, that there are no more snafu's and jinxes to change the plans. A couple of electric switches on the automatic doors and some heating equipment are still to be put into the more than a year old building before the building is, shall we say, officially commissioned into service.

Last year at this time after long delays over material shortages and difficulties of the contractor, a fire destroyed the storage building on the grounds as well as the valuable copper and electric switch equipment. There wasn't even a fire engine there to quench the blaze. The fire house was to have been completed in November 1950, but here 'tis December 1951 and still the building is unoccupied.

There's been a lot of trouble to get this fire house Santa. Government meddling and its usual Snafu prevented getting equipment that was necessary and each time the City Council has had to vote an emergency clause in order to secure material. There's been haggling too, over these electrical door switches, but we understand that an agreement of sorts has been reached.

All we want Santa is that new fire house, with proper fire fighting equipment housed there as a protection to the homes of our community. We're sure that all the folk over Westgate way will really appreciate your efforts.

Just bring us our fire house.

Girl Scouts Complete Civil Defense Program

Mrs. Olen Rumfield, American Red Cross Civil Defense director, presented Girl Scouts in Troop 146 with citations in honor of the completion of the certified regulation Red Cross course at a Glenwood Recreation Center Christmas party last Thursday.

The course included first aid, child care, home nursing and public health, and was started by the girls early in the spring. The first Hilltop group to complete such a course, the girls intend to specialize in the care of children in case of emergencies.

Besides having a completely outfitted first aid kit ready for use they have also prepared a kit with necessary equipment to entertain the small fry and relieve parents of worrying about their children's welfare in cast of disaster. Most of these girls have had seven years in scouting. Director of the Red Cross Safety Service is W. R. Middendorf.

After the presentation a buffet supper was given in their honor by parents in the social room of Glenwood Recreation Center. Mrs. Rumfield was presented a gift of flowers by the scout troop and an exchange of gifts was made between troop members. The evening was completed with a square dance to the music of the Buckeye Rhythm Boys.

YES, VIRGINIA

"Yes, indeed!

"Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age—they do not believe except what they see—they think that nothing can be which is not comprehensible by their little minds.

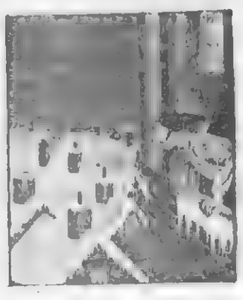
"All minds, Virginia, whether they be men's or children's, are little.

"In this great universe of ours, man is a mere insect, an ant, in his intellect as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

"Yes, Virginia, there is a Santa Claus.

"He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

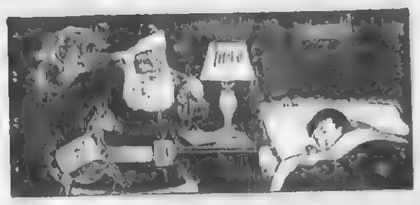
It was only September, and 1897's Christmas was three months in the future. But Virginia O'Hanlon's concern was with an important problem that, to her, knew no season. That was why she wrote her letter to the New York Sun.



The answer to Virginia's question, written in a moment of deep spiritual insight by Francis P. Church, stands even today as a testament expressing two thousand years of faith. It has been reprinted here because it always will deserve to be read again.

"Not believe in Santa Claus! You might as well not believe in fairies!

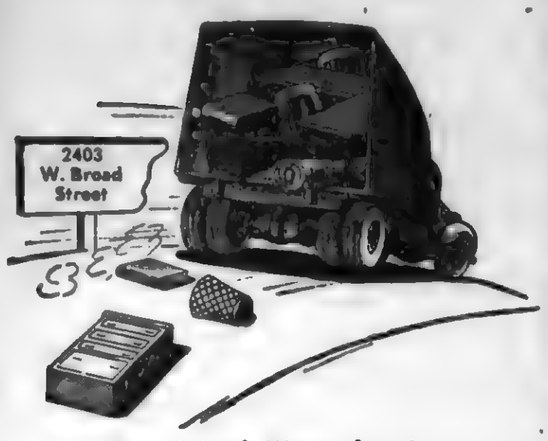
"You might get your papa to hire men to watch in all the chimneys on Christmas Eve to



catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus—the most real things in the world are those neither children nor men can see.

"Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there—nobody can conceive or imagine all the wonders that are unseen and unseeable in the world.

"You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, or even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside the curtain and view and picture the supernal beauty and glory beyond.



"Is it all real?—ah, Virginia, in all this world there is nothing else real and abiding.

"No Santa Claus! Thank God!—he lives, and he lives forever—a thousand years from now, Virginia, nay, ten thousand years from now, he will continue to make glad the heart of childhood."

CHRISTMAS WEDDING

By Maud McCurdy Welch

JEAN KNEW that Hawkeye, the store detective, was keeping his eyes on Jimmy, and she couldn't help feeling worried.

Jean and Jimmy were engaged. They were going to be married as soon as Jimmy got a raise. They both worked in the Mammoth Store and were saving everything they could to buy furniture for their future home.

Hawkeye was exactly like the detectives made famous by the movies. Hard, gimlet eyes, black cigars, derby tilted on his head. It was his boast that nobody ever got by with stealing in this store. It was this boast that had given him the nickname of Hawkeye.

But why, oh, why should he suspect Jimmy of doing anything wrong? It was true his salary was small, but he would be promoted soon, Jean was sure of that.

Jean had had a wistful hope that they might have a Christmas wedding, but Jimmy's raise hadn't come through. In the meantime, they were carefully budgeting their combined salaries and had bought an expensive piece of electrical equipment for their home. That had been a thrill.

When they were married Jimmy was determined that Jean shouldn't work. Jimmy himself had been brought up in a wonderful home, with many advantages, but it had all been lost. Jean had come up the hard way. She'd been orphaned and had gone to work at fifteen.

Old Hawkeye had seen her hand Jimmy a long flat package one day.

But they were getting along fine now and had wonderful hopes of soon really belonging to each other. Jimmy's salary as head of the notion department in the basement wasn't large, but Jean knew he'd get a better one soon.

Business was brisk and steady since it was now the week before Christmas Day. Jean and Jimmy walked home together when the store closed, as they usually did, almost too tired for a movie or a walk along the river. They didn't allow themselves many pleasures and sometimes were so tired, they just said goodnight at the door of Jean's rooming house. Jimmy lived a number of blocks further down the street.

But they'd always have a little time together when the store closed. Once every week Jean would say, "Did you bring your bundle?" And Jimmy would say he simply couldn't. But Jean would laugh at him teasingly. "Honestly, Jimmy, I want to do it for you," and at last he'd give in.

JEAN HADN'T the slightest idea that old Hawkeye had seen her hand Jimmy a long, flat package one day when he'd been working late in the stock-room. She'd done this before since it was the most convenient way. And Hawkeye was always snooping around. He'd even overheard Jean and Jimmy talking one day. Jean was saying, "You must bring the things to me. It's helping us to get ahead. And nobody will ever know."

Jimmy had said, "But, honey, it's not right."

Jean had laughed. "I only do it because I love you. You know that."

Jimmy's voice was husky with love. "You're so sweet, Jean. I believe you'd do anything for me."

And all the time Hawkeye was keeping his gimlet eyes on Jimmy. But Jean knew he hadn't done anything wrong.

And then the next time Jean handed Jimmy the long flattish package (Jimmy was working late that night again), they both felt a heavy hand on their shoulders. Hawkeye said, "You two kids come with me."

He took them to Mr. Purvis, the store owner. "It's a clean case, boss." Hawkeye opened the package. "Ha, shirts. Just what I thought. She steals them for him."

Mr. Purvis said tiredly, "They're not new. They're freshly laundered."

Jimmy's face was crimson, but Jean said proudly, "We're engaged, Mr. Purvis, and Jimmy has to have so many clean shirts. It's so dusty in the basement, so I launder them for him."

Well, it was a clean case at that, and what was more Jimmy received his promotion right then and there, and Mr. Purvis gave them three days off, so they had a Christmas wedding after all.

Many Places Associated With Christmas

Each year, thousands of letters in the U.S. are mailed from Bethlehem—Bethlehem, Pa.; Bethlehem, Conn., and Bethlehem, N. H. These towns were named many, many years ago, and imaginative Americans the country over send in letters to be remailed bearing the symbolic postmark of Bethlehem.

The story associated with the naming of Bethlehem, Pa., is especially moving. On Christmas Eve in 1741, it is said, Moravian pioneers who had come to the new world in search of religious freedom, gathered in a log cabin in the snow-swept Pennsylvania countryside. Thankful for their new refuge, they sang carols joyfully; then Nicholas Louis, Count Zinzendorf, took up a taper and led the gathering into the stables where a few cows and horses stirred.

"Let us call our village also Bethlehem," he said, and all agreed. From a humble beginning over 200 years ago, Bethlehem, Pa., is now a thriving industrial city of 62,000.

Santa Claus also has been honored in the naming of American cities. The story of the christening of Santa Claus, Ind., contains an awesome note in keeping with Christmas Eve.

The government had turned down the request of a little settlement in southern Indiana 100 years ago because an older town in the state bore the same name of Santa Fe. As the villagers gathered in celebration of Christmas Eve, they pondered a new name, finding each suggestion unsuitable as they turned it over in their minds in order to select the right one.

In the midst of their deliberations, a blinding light was seen outside. Rushing to the window, they saw a flaming star crash against a distant hill, leaving a crater that still can be seen today.

Awed by the spectacle, the residents of the settlement considered the event as a special omen, and they gave their community the name of Santa Claus to commemorate Christmas.

"Was your wife's reducing diet a success?"
"Yes, she's completely vanished."

Immanuel Baptist Church 286, Belvidere-av, will have its annual Christmas program Dec. 23, at 7:30 p. m. The program will begin with reading of scripture by Hermon Wolters followed with prayer by David Gidley. Paul Wilson will give the "Welcome."

The "Why" Of Christmas

Christmas means many different things to all of us. It means bells, stars, gifts get-togethers and most of all it means Santa Claus and/or the celebration of the Christ child's birth in the lowly manger. Sometimes we feel people emphasize the material or commercial side of the holidays too much . . . then again, others don't have enough Christmas spirit in the "Santa Claus way."

That is why we like the following poem written by Mrs. Pearl Fast, 269 Pasadena-av, to answer the curiosity of the small youngsters in her Sunday School Class. Their question at this season was, "Why do we have Christmas?"

WHY DO WE HAVE CHRISTMAS?

Why do we have Christmas?
Surely you must know.
It is Jesus' birthday.
The Bible tells us so.

Many years ago He came to earth,
Bringing joy and peace,
Happiness to all mankind
Who from their sins would cease.

He brought love to all the world
The greatest ever known.
He gave to us His love and care
That love with others we might share.

It was He who said,
"Love thy neighbor as thyself,"
"Let the children come unto me,
For of such is the kingdom of heaven," said He.

So on Christmas we give our gifts
To others that we might show,
The love God had for us
When he gave his son so long ago.

Jesus was born across the sea
Many years ago
And we praise God for this gift
Of happiness He did bestow.

So to Him we give our love,
Giving our gifts, as God did give His son,
Knowing we will happier be,
Showing our love for each other, you see.

Gifts for girls and gifts for boys
Happiness for this day.
Why do we have Christmas?
Why because it's Jesus' birthday.

How many shopping days till Christmas for you. It depends more than you may realize, says the Safety Council of the Columbus Chamber of Comerce on your reasonable carefulness in trying to [illegible]

In Passing

By ESTHER WEAKLEY

It is time again to wish that old but always new wish: "A Merry Christmas." I wish it most sincerely. Poets can say it better than I, so this space-filler will be filled with Christmas poems this week. Poems are all reprinted—you will recognize some of them.

"What sweeter music can we bring

CHRISTMAS HYMN FOR MOTHERS

Jesus was but a little Boy,
As mine is now, and Mary's feet
Went many errands with great joy
To make His hours more sweet.

And Mary's hands were hands of good,
Toiling for husband and for Son;
The holy angels understood
And blessed each service done.

And Jesus, looking from the Cross,
Knowing what was at last to be,
Comforted Mary for her loss
With all eternity.
Marguerite Janvrin Adams.

ANOTHER LITTLE BOY

He really was so small that day
When He was nestled on the hay,
He did not need a Christmas tree
With candles burning steadily.
He never had a tiny train
With switch and track; then, again,
Perhaps the other boys He knew,
Seeing that His wisdom grew,
Said He wasn't any fun!
(I guess He is the only One
Who has a birthday all the years
With candles on a tree!) His tears
Soon dried when Joseph said He could
Carve a little ball from wood.

When He grew tired of playing toss,
do you think He carved a little cross?
Jean Comeans Long.

THE BABE OF CHRISTMAS

The Babe of Christmas slept. Mary
Held Him within her arms
And prayed that God would keep
Him safe,
Secure from every harm.

The Babe of Christmas woke. Mary
Gazed fondly at her Son—
Her Son and yet the Son of God . . .
The miracle was done.
Olive Weaver Ridenour

CHRISTMAS STAR

That scintillating Christmas star
Which shepherds followed from afar,
Still sends its penetrating ray
To guide humanity today.
Bright rays that loftily enshrine
And radiate with light divine.
A joyous life-inspiring beam
That leaves a benedictive gleam.
Elsie C. Perry.

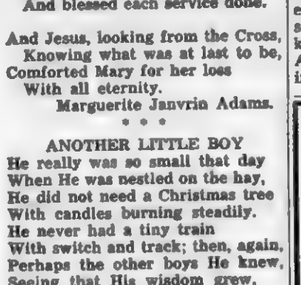
CHRISTMAS STORY

The baby Christ came simply to His earth,
He had forever-shining stars to light His tiny form,
He had the sun-grown, yielding hay to keep Him warm,
And the eternal mystery of woman giving birth.



The gilded trapping and the signet rings
He left as toys, for small, forgotten kings.
Mary Holmes.

Safety Council Gives Out Tips On How To Keep Christmas Safe

Because she tried to light a Christmas candle in her home, one little five year old girl did not celebrate Christmas last year. Her mother and grandmother were in the kitchen when she screamed in the living room. They found her writhing on the floor, her dress in flames. She was rolled in a rug to smother the flames, and police rushed her to the hospital, where she died. Mother and grandmother suffered painful burns on the hands.

Then the day after Christmas 1950, another tree fire put a man in the hospital with serious burns. Defective tree wiring caused this fire which produced $3,500 damages. These are but two of the more than 1,200 Christmas tree fires in the United States last year. Everyone of them destroyed precious gifts or valued property or produced serious personal injury or death.

The Fire Safety Division of the Ohio State Safety Council offers these suggestions on Christmas trees and decorations to make your Yuletide safer:

Keep your tree in a container of water from the moment you bring it home to the time it is discarded. Before setting the tree up make a new cut, at an angle, on the base. Keep the tree away from all sources of heat. Dropping needles are a signal that the tree is too dry, remove it from the house at once.

Candles should be far removed from all holiday greenery and decorations. Last year an 18-inch candle fell out of the holder, setting fire to the table decorations only a few moments before one family sat down for dinner. Boughs from the tree and other greenery get pretty dry indoors, keep them away from all heat.

Smoking while trimming or dismantling a tree, while wrapping and unwrapping packages, is an almost sure way to require a visit from the Fire Department. If you need a smoke, retire to some other area, relax and enjoy it.

All decorations should be nonflammable, of metal, glass, mica or asbestos. If you must imitate snow beneath or on your tree—use only flame proof material—stay away from cotton or paper.

Check your tree-light strings now for loose connections, frayed cords and broken sockets. Purchase only the sets that bear the approval label of the Underwriters' Laboratories. Metallic tinsel or icicles must not touch sockets or any metal of the tree lighting string.

Turn the lights off when no one is in the room. Even though you are not far away—a fire could gain considerable headway before you noticed it.

On Christmas eve, or Christmas morning, as you are opening the gifts, have a waste basket handy to put damaged wrappings in. You will reduce the fire risk, and the chance of stepping on something hidden by the wrapping.

Candle-light processions are impressive, but those who carry the lighted candles must be careful that the flame does not touch the robe of any in the procession or the garment of any in the audience. Better use the safer electric candle.

When it comes to the day that the Yule tree has to be removed, do not burn it in your fireplace or furnace. The tinder dry, resinous wood flames too fiercely, sparks fly everywhere. If your city does not have a Twelfth Night tree burning ceremony, check with your officials about the safe disposal of the tree.

Right now—or as soon as you can—call the family together. Tell everyone the Fire Department phone number. Write it down and put it near your telephone. Impress on each one that in case of fire, the first thing to do is to call the fire department. Tell the fireman your address, whether you live upstairs or down, so they can get there quickest. CALL THE FIREMEN FIRST, then try to put out the fire.

On Sunday, Dec. 23, 7:30 p. m., the choir of the Warren Avenue Church of the Nazarene will present the Christmas Cantata, "The Choir of Bethlehem," by Noel Benson, under the direction of Mrs. John E. Glass.

To the casual observer, it is just another typical night in Bethlehem, sleepy town of many generations. Excepting, of course, that the population is more than double, for all the descendants of David have come to register as ordered by Herod. For many, there is no room.

And yet, there is more about this night! And there are some whose faith and wisdom give them eyes to see. Near the hour of midnight, a darkened sky suddenly shimmers with a light of ethereal beauty, and angels appear to sing a great psalm:

"Glory in the highest,
And on earth, peace to men of good will."

A new star fires itself to brilliance near the edge of town, bathing in its light the stable where a Galilean carpenter named Joseph has taken refuge with his bride, a queenly young girl named Mary. For them, there had been no room.

The star rests above the humble shelter, sending down golden rays that illuminate the area in a strange, unearthly manner.

In the distance appear a group of Magi, wise men of Persia. They have followed the now resting star and are heavily laden with gifts of gold—presents for a new-born king. Along the roads hear the shouts of the citizens, led by angels, who come to adore.

There in the stable, wrapped in swaddling clothes and laid in a manger, the Christ-child awaits.

"Christmas"

Christmas is the time of year
That brings you lots of joy and cheer.
On Christmas morning you get up fast,
To see what Santa has brought you at last,
And under the Christmas tree,
What will you see?
Lots of toys for you and me.
The boys receive a ball and bat,
The girls delight in coat and hat.
Oh! so many things you will find,
Toy soldiers in a very straight line.
And so to each girl and boy,
I hope your Christmas will bring you joy.

Santa Claus, Indiana, Received Famous Name Christmas Eve, 1882

Although many towns have named directly or indirectly associated with Christmas, there is but one town named Santa Claus, in Indiana.

Except for a lucky break, the town would have had another name and hence would not have enjoyed the annual fame that it gathers around the Yuletide season.

The original intention to name the town Santa Fe fell through when the officials at Washington suggested that the town be named something else, since there was already a Santa Fe in New Mexico.

Christmas Carols Play Important Part In Holiday Observances Over World

Again at this Yuletide season the strains of Christmas carols are floating into the hearts and homes of millions of people, carrying the spirit of Christmas. It is at this holiday season that the impulse to sing grips everyone, from the crooning infant to the oldest and most confirmed "monotone."

There are many kinds of carols, some for every mood and taste. Hymns or chants celebrating the Nativity have been sung since the earliest days of the Christian church. Some of the carols, like "Deck the Hall with Boughs of Holly," "Good King Wenceslas" and the wassailing songs, have no direct relation to the Nativity, yet they are fully expressive of various phases of the Christmas spirit.

Best loved and most frequently sung of the carols is "Silent Night." It was Christmas time in the hamlet of Obernsdorf, South Germany, in 1818 that this beautiful song was composed. A young priest, Father Josef Mohr, was returning from the bedside of a parishioner when he looked down upon the sleeping hamlet surrounded by snow. It lay there silent in the dark night, lighted only by the bright stars and a few glimmering candles. That first Christmas, he thought, must have been like this and there came to him these words:

"Silent Night, Holy Night!
All is calm, all is bright . . ."

In his study he finished the verses, then took them to Franz Gruber who caught the spirit of a hymn. "Silent Night" was sung for the first time in the little wooden church in Obernsdorf that Christmas Eve. Later a group of Austrian Tyrol mountain folksong singers introduced the carol to other parts of the world including America. Published in 1840, it has been translated into almost every language and is a favorite throughout the world.

"Oh, Come All Ye Faithful!" or "Adeste Fideles" is another hymn of the ages which apparently is destined to live for centuries. It has been translated into 76 languages.

The words are sometimes ascribed to St. Bonaventura, bishop of Albano, in the thirteenth century. It was most commonly believed, however, that it was not written until the seventeenth or eighteenth century. The hymn often is called the Portuguese hymn because it was sung in the Portuguese chapel in London about 1785 to the tune now inseparable from it:

"Oh come, all ye faithful, joyful and triumphant;
Oh come ye, oh come ye to Bethlehem . . ."

An American song which carries the spirit of Christmas is the sweet and beautiful carol, "It Came Upon the Midnight Clear." The poem was written by Edmund H. Sears, a New England minister, in a religious journal. The music is by the American composer, Richard S. Willis, who was struck by the unusual beauty of the poem and "just set down the notes that fit the words":

"It came upon the midnight clear
That glorious song of old . . ."

One of the most popular Yuletide hymns, "It Came Upon the Midnight Clear" follows the traditional carol style. The first two stanzas depict the angels hovering over the earth and singing their joyous song, the third brings words of comfort to the weary and the fourth prophesies the happy days when all the world shall join in the angel's song.

"O Little Town of Bethlehem," another American contribution to the famous Christmas songs of the world, was written by Phillips Brooks, a Boston minister. On a trip to the Holy Land, Brooks stood on the starlit hills on Christmas Eve and looked down upon the little city of Bethlehem lying still and peaceful in the night. On the next Christmas, back in America, he wrote the song that was to become famous:

"O Little town of Bethlehem
How still we see thee lie . . ."

Written for Sunday school singing, the song at first was anonymous but, when the hymn gained immediate favor, Brooks admitted authorship. Many musical settings of this beautiful poem have been made, the two most commonly used being by the English composer, Joseph Barnby, and the American composer, Louis H. Redner.

Charles Wesley, younger brother of John Wesley, founder of the Methodist denomination, shares with Isaac Watts the honor of being the greatest producer of hymns. His "Hark! The Herald Angels Sing," first published in 1739, is among the most popular Christmas carols although it has undergone many changes.

"Hark! the herald angels sing,
Glory to the new-born King . . ."

The music is by that distinguished composer, Felix Mendelssohn-Bartholdy and hence was written long after Wesley died.

Watts' principal contribution to the world's holiday joy is the carol, "Joy to the World." The tune, "Antioch," is an adaptation of Handel's oratorio, "Messiah."

"Joy to the world, the Lord is come;
Let earth receive her King . . ."

Watts, too, was a minister. While officiating as pastor of Market Lane church in England his health failed although he was still a young man. He turned to writing verse and became a great poet.

"The First Noel," meaning the first Christmas, is one of the oldest songs about the coming of Christ. One of the ancient medieval carols, it probably is about 400 years old. The poetry is crude, merely a peasant's attempt to present the New Testament story in rhyme (thus making it easy to remember) but thoroughly sincere and devout. The music likewise is simple, being practically one little strain sung three times, but it is vigorous, joyous, fresh and virile.

"The first Noel the Angel did
Was to certain poor shepherds
in fields as they lay . . ."

Caroling or wassailing is an old English custom. The original words of this traditional English Christmas song began "Here we come a-wassailing" and continued in the chorus "Love and joy come to you, and to your wassail too."

The old song commonly was sung by groups of ol revelers, particularly young women, who went about offering a hot drink, a merry song and a pretty curtsey in exchange for a small gift. The word "wassail" comes from the Anglo-Saxon Waesheel," meaning "Be in health."

And, of course, Merry Christmas would be less merpy to both children and adults without that little jingle, "Jingle Bells," to jingle all the way through the Yuletide season with its mythical one-horse sleigh—which in most parts of America belongs to another day. But, sans the sleigh bells and the sleigh, who is there, child or adult, who does not love that gay and rollicking Christmas ditty to which dear old Santa Claus comes skimming into town or to isolated country homes behind his eight tiny deer.

The Gay Philosopher says:
"A lot of good could be done for the world if nobody cared who got credit for it."

The Safety Council of the Columbus Chamber of Commerce says that holiday traffic and winter conditions combine to make December a very DANGEROUS month. Remember, extra careful driving is one gift you can give everybody you meet and everybody who rides with you in your car. Make this a cheerful, CAREFUL holiday season.

"Manger Service" To Highlight Church Of Christ Program

A "Manger Service" will be the highlight of the Christmas worship service Sunday night at the Hilltop Church of Christ (Disciples), 122 S. Burgess-av. The service will be held Sunday evening at 7:30.

The program will be built around the expectation of the coming of Christ, His coming and the meaning of His birth. The Senior Choir and Junior Choir will furnish the music for the occasion.

Gifts which will be brought to the manger during the service will be distributed in the following manner: Cash gifts will be sent to the Cleveland Christian Home for Children, a Disciple-sponsored home. Clothing gifts will be sent to members of Disciple churches in Jamaica, many of whom lost all of their possessions in a summer hurricane. Toys will be given to a local agency.

Christmas Is The Time For Gnomes

Queer and gnome-like creatures abound during the Christmas season when all of toyland's little folk make their appearance. Apparently unafraid of the odd dolls is the girl above as she embraces one of Santa's creations.

December, The Month of Joy Can Become One of Sorrow

December, the traditional month of joy and festivity, may soon come to be the most tragic month of the year. Only July, which is aided by a large Independence Day list of deaths, exceeds December's list of fatal accidents.

Casualties, on the highway and in the home, make December a month that safety people regard with fear and trembling. About 500 Ohioans will die by accident in this month. 45% of these deaths will occur in homes, 30% will be on our streets and highways.

Falls, fires and gas poisonings will be the big killers in the home. Pedestrian injury, collision between motor vehicles and collision of vehicle with railroad train will produce most of the traffic fatalities.

A good many falls result from wet footwear on polished floors. Wipe your feet, stamp the snow from your shoes, to assure better footing in the kitchen, the entrance hall or on the cellar steps.

Holiday preparation can produce a lot of tripping hazards. Keep wrappings, trimmings, and other gadgets off the floor—and especially off the stairs. Keep extra "help" out of the kitchen. Too many cooks bump into things and spill the broth, then some one skids into the accident statistics.

Many evenings it is dark by five o'clock. Turn on the lights. You have to see a hazard to avoid it. And there's nothing more inviting to the folk coming home than a lighted cheerful-looking dwelling.

Fire at holiday time seems doubly terrible, blackened ruins are a poor substitute for the customary Christmas decorations. Never try to hurry a fire by using kerosene, gasoline or any other flammable liquid, in kindling a blaze. Whole families are wiped out every year by this practice. Bundle up — you'll not freeze—to stay comfortable until the fire has had a chance to grow naturally.

Get the habit of removing ashes each day. Put them in metal containers. Apparently cold, gray ash can hold enough heat to ignite paper cartons or wooden partitions that they touch.

Be sure all holiday decorations are flame proof. Keep candles away from greenery and parcel wrappings. Do not smoke while wrapping or unwrapping gifts or while trimming the Christmas tree.

Gas poisonings usually come from carbon monoxide. Be sure that all fuel burning devices are vented to the outdoors. That's the big answer to indoor poisonings.

But most of these gas cases involve the automobile. It takes only five minutes to make a deadly atmosphere in a closed garage when the car's engine is running. Prop doors open if the engine must run indoors.

Back the car outdoors for the warm-up. It will take only a few minutes longer. When driving in slow traffic, have at least one window open about an inch to provide fresh air.

The usually nasty weather of December, and shopping urgency, contribute heavily to the pedestrian injury list. Allow plenty of time for your errands, carry parcels and umbrellas so you can see in all directions. Remember the weather and your dark colored clothing makes it harder for a driver to see you at night. Cross streets only at intersections where motorists expect to see pedestrians cross.

The record shows that one-fourth of accidents at railroad crossings are cases where the auto hit the train! Be alert for signs and signals that tell you are nearing a railroad track. Be ready to stop before you reach it. Stop when any signal, bell, flashing lights, gate or watchman indicates a train is coming.

ATTEND THE CHRISTMAS SERVICES.

December 20, 1951 — THE HILLTOP RECORD — CHRISTMAS GREETING SUPPLEMENT — Page Seventeen

Holly Now Grown All Over Country

Grown on the hillsides of the coastal states from Maine to Texas and up the Mississippi valley to Missouri, holly is a pretty but slow-growing plant.

Leaves are evergreen, the margins of which are provided with rather widely separated spines. Weak and close-grained, the wood is exceptionally white, making it highly desirable in the manufacture of woodenware, cabinets and interior finishing.

As a result of scientific discoveries holly cuttings will take root quickly when they are treated with hormonelike substances. Christmas holly has been converted into potted plants. These plants can be set out as a permanent ornament for landscapes.

Growth regulating substances —indole butyric acid and naphthalene acetamide—are on the market in liquid or powdered form under various trade names. The chemicals are applied to plantings of fresh cuttings kept moist, cool and well shaded.

Stockings are being hung beside the chimney with care . . . in hopes that St. Nicholas soon will be there . . . The Maxwell youngsters are so good these days . . . mama and papa Maxwell are certainly amazed . . . Quotes papa, "too bad Christmas comes only once a year" . . . but mama exclaims, "Oh no my dear!"

Sixteen eyes twinkle with delight . . . and wish for the best on Christmas-eve night . . . The two oldest boys, Robbie and Dave . . . quite wise for their years, have borrowed mama's stockings so it appears . . . Dwight and Billy are already fast asleep but Margie, Tommy, Cathy and baby Dan joyfully sing . . . made room for our stockings so Santa can bring . . . dolls and trains, candy and Oh-everything!

A big family is fun papa says he thinks . . . but mama adds it's more fun when they're tucked in their beds all fast asleep.

Now the moral of this story, I'm sure you'll agree . . . is that Christmas brings joy, merriment and glee . . . whether you're one or one hundred, rich or poor . . . Christmas Spirit in America . . . has been blessed more and more.

PS. Just in case you happen to read this, Santa, Mr. and Mrs. Bob Maxwell and their eight GOOD little children live at 184 Highland-av. The six youngsters in the picture are Robert, David, Margie, Danny, Tommy and Cathy. Dwight and Billy were already in bed.

Campfire Girls Hold Christmas Party

Pictured above are the girls who assembled at the Harold Fox home last week for the first Christmas party of the We-Ki-O-Wa, a newly invested Campfire Group. First row, left to right: Mary Draper, Susan Wade, Brooke Cowles and Judy Fox. Second row: Diane Rohr, Brenda Menz, Judy Merriam, Judith Jester, Joyce Henry and Nancy Leibensperger. Back row: Dixie Larsen, Jane Leighninger, Diane Westlake, Sharon Bowen and Harriet Slabaugh.

It was a gala Christmas party for the girls of the We-Ki-O-Wa Campfire Girls last week when they assembled at the home of Mr. and Mrs. Harold Fox, 236 S. Westgate-av. The party marked the first Christmas for the girls as regular Campfire Girls; prior to this they had been a Brownie group.

Highlight of the party however was the atendance of one of their members, little Susan Wade, daughter of Mr. and Mrs. Curtis Wade, 185 N. Ogden-av, who saw this party with the eyes of a complete newcomer. It was Susan's first party. This little tyke, as many readers will remember, last year was a complete invalid as a result of several brain operations. Susan is now well on the road to recovery and the Christmas party last week was one she will ever remember.

This same group of girls have been together since the Sixth Grade in school, according to their leader, Mrs. Robert Draper, and assistant leader, Mrs. Harold Fox.

As entertainment during the party Moore the Magician kept the girls in an uproar with his feats of magic and ventriloquism.

Santa To Stay On Hilltop To Aid Community Council

Mildred Phalor, librarian at Hilltop Branch Library, holds one of the puppets which will perform in the play "Rumpelstiltskin" on Dec. 27.

Santa will remain on the Hilltop even after Christmas to help the Hilltop Comunity Council with its annual Christmas party on Thursday, Dec. 27, at 1:30 p. m. at the Glenwood Recreation Center for all Hilltop children of elementary school age. A puppet show and a shadow show will be presented by Hilltop librarians, Mildred Phalor, Mrs. Harry Emrick, Ruth Hastings and Jeanne Grady. Girl Scout and Camp Fire Groups will entertain with carols and movies will be shown by Jack Downing of the Y.M.C.A. Each child will receive a candy and fruit treat. Surplus candy and fruit will be given to the Juvenile Research as has been the custom in past years.

Mrs. Dorothy Thompson is chairman of the party with the following committee: Mrs. H. C. Booth, Mrs. Guy Boots, Mrs. Eleanor Gaskill, Jack Downing, F. N. Reister and Howard Bennett.

The Council will sponsor community carol singing Sunday, Dec. 23, from 5 to 5:30 p. m. on Glenwood Hill in front of the recreation center. Hilltop youth groups are invited to participate.

New HBA Prexy Outlines Plans For Next Year

Donald F. Smith, newly elected president of the Hilltop Business Association, last week outlined a program of numerous improvements for the Hilltop and asked that the association make every effort during the coming year to bring them about.

He has suggested extension of Mound-st to Demorest-rd, purchase of the lots on Chase-av, north of West High by the board of education to be used for playgrounds and recreation; erection of an ampitheatre in Glenwood Park; new street lights for Sullivant-av; widening of Broad-st from Hague to the city limits; extension of W. "Mrs. Santa" Does Double Duty At Columbus State School

Have you met Mrs. Santa? If you have you know the work she is doing as chairman of the Columbus State School Christmas Drive. It is hoped that the drive will make the holidays merry for many "girls and boys" at the 1601 W. Broad-st school who are forgotten by their families and friends.

Mrs. Santa in private life is Bernice Fox, R.T., an X-ray technician at the school, who for the past two years has devoted nearly all of her pre-holiday time to speaking before groups and sending letters to others asking their cooperation in supplying the school's "lost souls" with Christmas gifts. Last year, the first year for an organized drive at the school, Mrs. Fox set 650 gift items as the goal—they received over 6000 and everyone at the school was rememebered by Mrs. Santa.

Bernice Fox came to the hospital in 1946 and carried on personal drives for gifts, working with friends and organizations, until last year when Supt. Roger Gove agreed that the drive should be a function of the school itself. She became known as "Mrs. Santa" when, dressed in a colorful Santa costume, she would talk at churches and clubs which would in turn bring her gifts for the institution.

This year scores of local organizations are helping with the drive according to Mrs. Fox and special aid is being given by Sally Flowers, who has made it her personal Christmas project, the Moore's stores where gifts are being collected; William Wiley of the Hamilton Milk Co., who has authorized the drivers to pick up gifts, and of course many, many others.

The public is urged to think of the unfortunates at the school and buy an extra gift for them. In return they are invited to visit the school on Dec. 24 and see Santa himself arrive. Mrs. Fox estimates that 1700 of the school's pupils will be able to come out and greet Santa. Many others will wait for him to come visit them inside.

Mrs. Fox is active in other activities besides being Mrs. Santa. She lives at 289 Dana-av with one of her two sons, Joseph Fox who is with the Ad-R-Holt Advertising agency. Her second son, Rusty, a graduate of Aquinas High, is now with the 51st Airbourne Division in Korea.

She is a member of the Educational Advisory Council of the Red Cross and teaches Red Cross first aid. President of the Columbus Society of X-ray Technicians, she is editor of the "Buckeye Rays", official publication of the Ohio Society of X-ray Technicians. The jovial, friendly countenance of Mrs. Santa is what one would expect of someone so closely associated with the headman at the North Pole.

Hillcrest Church To Repeat Annual Service

Repeating its impressive service of former years the Hillcrest Baptist Church announces another late hour Christmas Eve candlelight service, to be held Monday night, at 10 p. m.

This event each year has been attracting large attendance. There will be a candle lighting ceremony, and the traditional manger-side adoration scene.

Supported by the choir the service this year will include a 25-minute cantata, "The Shepherd's Christmas," (Lucas) with Robert E. Snyder directing the choir and Mrs. P. V. Crosier serving as organist. Soloists will be Joan Swicegood, alto, Jack Swicegood and Donald Murphy, tenors, and Robert Freshman, bass.

The service will be concluded with a 10-minute Christmas message by the pastor and congregational carolling.

Early Christmas Service To Be Held At Westgate

An early Christmas Eve service for the whole family has been planned at Westgate Methodist Church. The service will begin at 8 p. m. in the sanctuary. Carols will be sung by the congregation and by a ladies' trio and men's trio.

The service will conclude with the congregation lighting their candles and dedicating themselves to the real meaning of Christmas.

"Okay, what's your excuse for being late this morning?"

"There were eight of us in the house, and the alarm clock was only set for seven." (This joke is celebrating its centennial.)

CHRISTMAS LECTURE . . . "Now this is a Christmas tree," big brother appears to be telling the toddler. "It grows in the living room only once a year, and it always has a lot of nice presents under it."

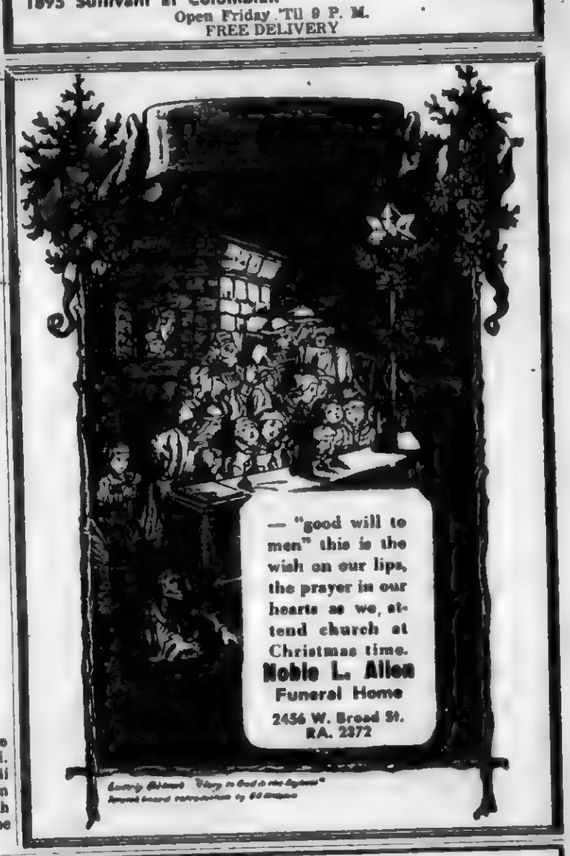
Games for All Make Christmas Family Party

Christmas is the time for family get-togetherh. One of the best ways to make these gatherings memorable for all concerned is to engage in games which the whole group can play.

A nice one to start off with would be a Sugar Plum Hunt. Have one member of the family hide Christmas candies ahead of time in various nooks and corners around the house. At a given signal everyone starts hunting and gathering the pieces. The one who gathers the greatest number would be given a prize.

The Christmas Puzzle is another good one to get things going. Look through some magazines, which are filled with pictures of Santa Claus at this time of year. Cut out enough of these to go around, paste them on stiff cardboard, and cut them into pieces. Then put each group of pieces in a separate paper bag. At the signal, everyone opens a bag and starts putting the puzzle together.

The Xmas Scramble Contest is good for a group with older children in it. This is simply a contest to see who can unscramble a group of words the fastest. Just for fun, see if you can work out the following—astna, erireden, ehsgil, dynca, goalknct, erte, trapesn, hupac, alsore, and niborh.



Chili Shortcake

Menu thoughts are turning to cool day favorites—including chili. For a different dish combine chili with corn bread. Split the corn bread squares, toast and serve with hot chili between and over the layers.

Westgate School Resumption Near

The hope was expressed early Wednesday that the now three-month long dispute over construction of the new Westgate Elementary School might be brought to an end within the next 10 days. Both parties concerned in the dispute, The Ang Construction Co., general contractor and Frank A. Davis and Son, non-union electrical contractor have been in conference trying to iron out their difficulties in order that the work be resumed.

Solution of the affair was seen when the non-union firm made an offer to sell its contract to the project's general contractor. Thus far however a price on the contract has remained a debatable question with no agreement as yet having been reached.

A. E. George of the Ang Co., told the Hilltop Record early Wednesday morning that he had made an offer to the Davis Co. to buy out their contract of $23,000 and to give a 10 per cent profit in addition. George said that his offer to the Davis firm had been refused.

Frank Davis of the electrical firm, through his attorney Fred Hauck, said Wednesday that he had made an offer to the Ang firm to sell his contract but that the construction firm had refused his offer. The amount for which he offered to sell the contract was not divulged.

In the meantime the Columbus Board of Education has been marking time and awaiting the outcome of negotiations. A special meeting they had previously arranged between the National Labor Relations Board in Cincinnati and a representatives of the City Attorney's office was cancelled when the board learned of the negotiations between the two firms.

Westinghouse Opens First Offices Here

A temporary office for staff officials of the new Westinghouse plant, now being built on W. Broad-st, was opened Wednesday, Dec. 26, according to E. L. Smith, works manager.

An eight room farmhouse on the plant site, 3884 W. Broad-st, has been remodeled to accommodate engineering, production and industrial relations personnel. Approximately 40 Westinghouse men who have been assigned to the jet engine project will make their headquarters here, Mr. Smith said.

It is this group of men who have been working at the Westinghouse South Philadephia, Pa., plant of the company's Aviation Gas Turbine Division, and who later next year will go to the AGT division's Kansas City, Mo., jet plant for additional training prior to the start of production at the Hilltop plant.

"But those are husky dogs," replied Mrs. Pat Hanning who had answered the door bell ring.

"I don't care how husky those dogs are lady. "You'll have to get

Joy and Sadness Mingle For Hilltop Mothers
As News Filters Through From Korean Front

Mrs. Estell and Mrs. Matthews visit each other and compare notes and news concerning their sons who are overseas. Mrs. Estell's son in a POW camp and Mrs. Matthews' son as yet unreported.

By Pat Martindale

One Hilltop mother was made happier than words can ever tell when the name of her son, Pfc. Howard Estell was included on the prisoner of war list given to the war department by the Korean Communists last week, and made public Tuesday, Dec. 18.

Mrs. J. L. Estell, 227 N. Eureka-av, the receiver of the good news, has a much brighter outlook for the New Year now that she can look forward to her 20-year-old son's return home; but hope grew dimmer for Mrs. Jean Matthews, an acquaintance of Mrs. Estell, whose son, Jimmy Ashbaugh, has been missing in action since Dec. 8, 1950.

Like most [illegible] Mrs. Matthews, 1594½ N. Ogden-av, sat by her television, waiting to hear Jimmy's name read, until the wee hours of the morning, but the news didn't come and she wept bitter tears of disappointment until she could cry no more.

Heartbroken, Mrs. Matthews has now given up all hope for her son's safety. She received Jimmy's last letter on Nov. 11, 1950, and on Jan. 11, 1951, a telegram came from the war department saying he was missing in action.

On Feb. 28, 1951, a Catholic chaplain wrote that he was with Jimmy at the time of an invasion by the Chinese. He said that Jimmy had been wounded in the leg and that he was taken to a first aid station on a truck with other wounded soldiers and that while receiving medical attention the attack came. That was the last he ever saw of the 18-year-old youth.

Unlike the Estell family, Mrs. Mathews had no incentive for Christmas. "At the present time I can feel nothing but bitterness for this war," she said, "although I am very happy for Mrs. Estell and all of the mothers whose sons are still alive.

Both Howard Estell and Jimmy Ashbaugh were students at West High School before entering the service.

Snider Tract Is Again In News

The controversial Snider tract off land located at Demorest-rd and Sullivant-av came back into the news this week when it was learned by The Hilltop Record that approval was given on Dec. 18 by Franklin County Commissioners to subdivide the tract.

A plat was presented the commissioner body by John Waldo and Joe Fodey as trustees to subdivide 33.648 acres of the 77.736 acre tract. The new subdivision is to be known as Rosary Subdivision.

At press time the Record was unable to determine whom Waldo and Fodey represented as trustees. Court house records likewise did not indicate their affiliation.

Earlier this year the Snyder property was the storm center of a bitter fight by the Camp Chase Civic Association to prevent the establishment of a low cost housing project here.

Hilltopper Said To Be Missing On Korean Front

Marine Pfc. Bud Russell Forgrave, 22, son of Mr. and Mrs. Russell Forgrave, 169 S. Westgate-av, was last seen Nov. 28 when his outfit in Korea was engulfed by thousands of Chinese, according to information received this week by his parents. Forgrave was with the 7th Marines when only six of his company escaped the Chinese onslaught.

The Forgraves have heard from two of the six in response to letters of inquiry. Both said they had been wounded and blacked out. One said he last saw Pvt. Forgrave heading toward a higher ridge. The local serviceman formerly attended Central High School.

New HBA Prexy Outlines Plans For Next Year

Donald F. Smith, newly elected president of the Hilltop Business Association, last week outlined a program of numerous improvements for the Hilltop and asked that the association make every effort during the coming year to bring them about.

He has suggested extension of Mound-st to Demorest-rd, purchase of the lots on Chase-av, north of West High by the board of education to be used for playgrounds and recreation; erection of an ampitheatre in Glenwood Park; new street lights for Sullivant-av; widening of Broad-st from Hague to the city imits; extension of W. ALL AUTOMOBILE MANUFACTURERS ADVISE...
Drain Motor Oil More Often in WINTER!
HERE'S THE REASON

Your car engine manufactures as much as a gallon of water for every gallon of gasoline burned. Most of this water passes out through the exhaust pipe. Some slips past your piston rings into the crankcase.

High engine temperatures keep most of this "blow-by" moisture from condensing. But in winter, and on short trips, cold engines and slower driving leave the crankcase cold—ideal for condensation. When it's cold outside, it literally rains inside your crankcase!

This condensed water drips into your oil. Unburned fuel from extra cold-weather "choking", together with acids and other by-products of combustion enter the oil. Oil, water, acid and unburned gasoline are churned together into a thick, gummy substance called cold-sludge.

Cold sludge plugs oil screens, piston rings and oil lines, preventing proper oil flow and lubricance. It increases oil consumption. Hurts gasoline mileage. This plus the extra wear of acid action leads to engine damage and repair bills. There's an [illegible] simple, effective solution to [illegible] summertime oil out of the crankcase [illegible]

A Hope For The New Year

It's a new year coming up within the next few days, and we'll all close the books on 1951 with its sorrows, heart aches, joys and happy days. The year just closing will become locked away as just another milestone on the road of life.

This past twelve month period has been good to many persons in our community, but on the other hand it has also been a period of tragedy for many others and the main cause of tragedy and heart break has been the appalling toll of lives exacted in traffic accidents.

Every Mothers Plea is that some measures be taken to reduce the accident toll. In these pages during the past year we have recorded the details of many tragic events. It has not been a pleasant task but on the other hand the recording of such stories may have in some manner or the other made some driver or pedestrian in our community a bit more conscious of the dangers that are present in todays traffic.

A reduction in the fatalities in the school age group is one bright spot in the picture during this past year. Deaths in this group went down enough to counteract the rise in 0 to 4 year old children dead from accidents and to give 1951 the lowest child accident death figure on record.

Every authority on accident prevention agrees that only public safety education can materially change conditions relating to traffic accidents; that only an informed, safety conscious public can control these mishaps.

During this next twelve month period this newspaper is pledging itself to an intensive campaign designed to make this community and every person living here, aware of the many hazards in traffic which have already taken too great a toll of our friends and neighbors.

As we approch the festive days of New Years we urge that everyone exercise the greatest of caution. The life you save may be your own.

And the hope is, that during 1952 when we again look back the West Side will have the best safety record of the entire city.

A Logical Resolution

This time last year many of us were making resolutions for the New Year. Few of us kept our resolutions.

Most of us wondered what was in store for us in the coming year. Many of us have lived that year without anything unusual happening one way or the other.

There are many of our friends and loved ones who are not with us this year. There are a few who will mark 1951 as the most outstanding year of their entire life; but as a whole, it has been just another year. Yet, during that year, if we look back, we will find that there were many things we could have done a little better.

There's an old adage that says something about profitting by ones' mistakes. Of course the same mistakes may never happen again so the question is, "How do we keep from making mistakes in 1952?" Maybe we won't but suppose instead of making a long list of resolutions this year we make only one — and stick to it — and see if we profit by it at the end of next year, even if it is only in the satisfaction of having been a better person.

The resolution? The golden rule of course; "Do unto others as you would have them do unto you."

Give'er a Good Whirl!

INDEPENDENCE is a beautiful thing, but it would seem that with so many taking it senselessly and not seriously the only things getting along together today, and holding up under it all, are suspenders.

And regardless of what is said about the aloofness of Gen. MacArthur, he's still "old hat" to most of us.

The problem of getting kindergarten children on the right school busses in New York was solved when the sides of the busses were painted with pictures of animals. Now, each child knows whether he goes home on the rabbit bus, the chicken bus or the cow bus. "SMALL BUSINESS"

By C. WILSON HARDER

From every quarter there pours into Washington indications that small business is gaining increased support in the battle to keep alive free enterprise.

• • •

Despite every possible delay, and every possible obstruction, the Small Defense Plants Administration, an agency ordered by Congress, has started functioning, located in the Old Washington Post Bldg., 1327 E Street N.W.

C. W. Harder

• • •

The first major action of the new agency throws into public view a long existent skeleton in the closet.

• • •

Telford Taylor, head of the Small Defense Plants Administration, calls upon all government procurement agencies to prohibit prime defense contractors to put so-called "set-off" clauses in the subcontracts they in turn award to small firms.

• • •

The defense program lag rapidly shapes up into a public scandal. Taylor brings into limelight a major cause of the delay.

• • •

The facts are that in these times said to be fraught with grave national peril, huge corporations receiving most of the prime defense contracts, are using the defense agencies of the United States Government as common collection agency.

• • •

These prime contractors have been permitted, in awarding subcontracts to independent businesses, to provide that before any payment is made on the defense contract, the prime contractor can deduct any amounts owed by the small business to the big prime contractor on past civilian production relations.

Thus, defense contracts are being used by some huge corporations to enforce collections of past debts that have no connection with defense efforts.

• • •

The delay in defense production because of these "set-off" clauses has been tremendous. The small plant securing a subcontract usually must get financing to handle the contract.

• • •

And while a sub-contract on defense work is considered adequate collateral for a production loan, banks have understandibly shied away from loaning production funds on sub-contracts that permit the corporation holding the prime contract to hold up payments for amounts claimed due resulting from past relations on non-defense work.

• • •

This practice has long been opposed by the American Bankers Association, as contrary to much purposely "planted" propaganda, the nation's independent bankers are most anxious to finance small business.

• • •

The fact that they have not done more in this direction during the past decade is due to "booby-traps" that big corporations, and jerry-built emergency agencies, often headed by "loaners" from these corporations have set up for small business.

• • •

Between the newly organized Small Defense Plants Administration, and the Senate Small Business Committee, headed by Sen. John Sparkman of Alabama, many facts such as this will be brought to the public in the near future. While much is being made of mink coats and deep freezers, these will become quite petty by comparison.

• • •

Disclosures such as just made by Taylor involve billions, not thousands.

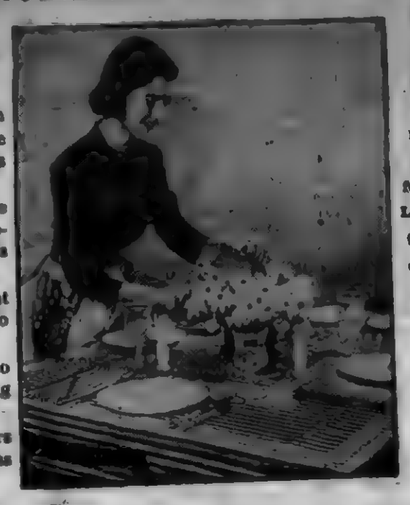
New Lollipop Cloth Can't Be Licked

Acetate Tablecloth Is Easily Laundered

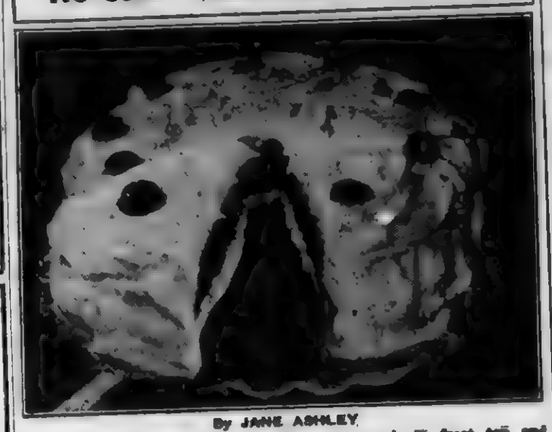
BY EDNA MILES



THE alert homemaker, always on the look-out for fresh accessories to brighten her home, may well cast her eye in the direction of a new damask tablecloth and napkins recently introduced by a well-known firm.

This cloth, which may earn her interest through virtue of long-lasting brightness and laundering ease, should receive a vote from the junior department of the family as well.

Lollipop stripes in red, leaf green, yellow, blue, mint green—all on a white background—are sufficiently gay to appeal to all age groups.



Made of acetate rayon yarn, the cloth lends itself well to either party occasions or simple family meals, depending upon the formality of the table setting.

There's no need to worry about accidents, either, makers claim. Lipstick marks or fruit stains on cloth and napkins rinse right out with a gentle sudsing, they say.

This young mother plans a gay meal for her family. Lollipop-striped tablecloth and centerpiece of fresh daisies help make a feast of the simple fare.

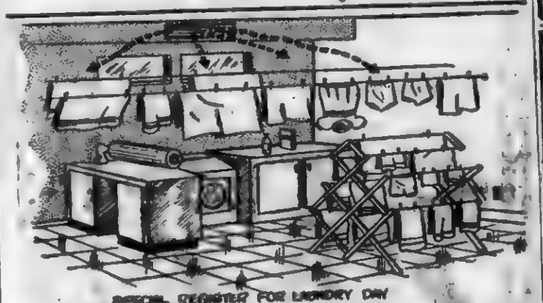
As Told to Betsy Blake

Though **FRANKIE THOMAS** *(who plays the title role in "Tom Corbett, Space Cadet," 24th century science fiction adventure story over ABC-TV) is not a Bostonian by birth, he favors New England food. And one of his favorite meals is the popular Brown Bread-Baked Bean supper. "But," says Frankie, "to suit my taste the bread must be home-made and served warm and 'moist the way my mother does it." Here is her recipe:*



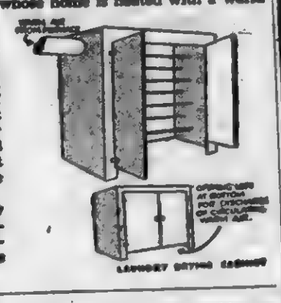
MOLASSES BRAN BROWN BREAD

- 1 cup ready-to-eat bran
- ½ cup seedless raisins
- 2 tablespoons shortening
- ½ cup New Orleans molasses
- ½ cup hot water
- 1 egg
- 1 cup sifted flour
- 1 teaspoon baking soda
- ½ teaspoon salt
- ½ teaspoon cinnamon (if desired)

Measure bran, raisins, shortening and molasses into mixing bowl. Add hot water, stirring until shortening is melted. Add egg and beat well. Sift together flour, soda, salt, and cinnamon; add to bran mixture. Stir only until combined. Fill 2 greased cans (baked bean cans, 4½ inches deep, 3¾ inches across) about ⅔ full; or spread in greased loaf pan (9½x4½ inches). Bake in moderate oven (350° F.) about 45 minutes for canned bread or about 35 minutes for loaf bread. Remove from cans or pan, slice and serve hot.

Yield: 2 loaves, 4½x2¾ inches, or 1 loaf, 9½x4½ inches.

COMFORT TIPS . . . by Claire Collins



SPECIAL REGISTER FOR LAUNDRY DAY

Laundry drying can be a problem, especially on damp, muggy days or when it's raining or snowing outside. But this problem need not necessarily perturb the housewife whose home is heated with a warm air heating system.

By installing an extra [illegible] register in the side of the warm air duct running through the laundry room, the system can be used to dry the family wash. Or, if space limitations are such that compactness is a "must," your local sheet metal man can build you a laundry drying cabinet through which warm air from the furnace can be circulated.

This is just another method by which the warm air heating system can be utilized to provide convenience as well as comfort in the home.

It Happened Here

By Pat Martindale

Several nights before Christmas a little incident took place that made one smile and at the same time whisper "God bless our American spirit."

Firemen had been called to extinguish a minor blaze on the Hilltop which took only a few minutes. Returning from their run the fire truck moved very slowly on the icy streets. In the driver's seat a fireman rang the bell and on the sides and back of the truck the entire company sang Christmas carols loud and sweet.

If anyone had had trouble capturing the Yuletide Spirit up to then that would surely have helped had they seen or heard our firemen.

Have come to the conclusion that it's the little things in life that are the most inspiring after seeing such a display of good spirit.

Watch well for cars and keep cautious during the tricky half-light of dusk, or whenever visibility is reduced by snow, fog or murky weather.

To pull your car out of a skid on slippery pavement, the Safety Council of the Columbus Chamber of Commerce says—do this: Turn the front wheels in the direction in which the rear end is sliding and apply the brakes with a light pumping pressure.

Here's Versatile Goodness for the School Lunch Box

By BETTY BARCLAY

From America's fields of plenty comes billions of tiny-but-mighty wheat grains, each one bearing vitamins, protein, and minerals. These storehouses of energy may reach your kitchen in several forms: bread, flour, and cereal—that versatile and popular member of the "Basic 7." Remember—each Basic 7 group contains certain types of body-building nutrients, so that the properly balanced daily diet must include all groups.

One of the popular ready-to-eat cereals is whole wheat flakes, steamed and flaked cereal with the familiar grape-nut flavor. A cup of wheat flakes furnishes not only low-cost protein, but over ten per cent of the thiamine (your morale vitamin), the iron, the phosphorus, and the niacin that you need for the day.

You can feature whole wheat flakes for breakfast . . . for an afternoon snack . . . or for recipe use. This healthful food item, as an ingredient in the following tested and approved cereal cooky recipe, can go back-to-school right along with the kids:

Peanut Cereal Cookies

½ cup sifted flour
½ teaspoon double-acting baking powder
½ teaspoon soda
¼ teaspoon salt
4 tablespoons shortening
½ cup brown sugar, firmly packed
1 egg, unbeaten
¾ cup (1-ounce package) wheat flakes
½ cup chopped salted peanuts, with or without brown skins

Sift flour once, measure, add baking powder, soda, and salt, and sift again. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add egg and beat well. Add flour gradually, mixing well. Add flakes and peanuts and blend. Drop from teaspoon on greased baking sheet; flatten slightly with fork. Bake in moderate oven (375° F.) 8 minutes, or until done. Makes 2 dozen cookies.

Every dangerous piece of equipment can be handled the right way . . . the safe way . . . But it takes knowledge.

A gala dance will be held Saturday night at the Glenwood Recreation Center to celebrate the coming of 1952. Howard Mauger's band will play from 8 to 11 p. m. There is no admission and all Hilltoppers are invited to help bring in the New Year at this community affair.

Glenwood Center will be closed on New Year's Day.

The winter program at Glenwood is highlighted by the basketball league playing every night. On Monday night the City West Church Leagues will play, on Tuesday night the Central girls will play and on Wednesday, Thursday and Friday nights the Center's boys' leagues will play. Saturday mornings have been set aside for Glenwood Center's Junior Boys' leagues.

Square dances at the center will continue on Thursday nights until further notice. The Buckeye Rhythm Boys will play for the dances. Every one is invited to enjoy the festivities of old American folk dancing and square dancing.

Glenwood will hold its local elimination contest for checkers, chess, shuffleboard and ping-pong. Individuals attending should sign up with John Roth. These tournaments will be in preparation for the city-wide tournament Jan. 12.

Christmas programs at the center were well attended. Parties were held by various groups and the week-long festivities were highlighted by neighborhood caroling followed by dances on Thursday and Saturday nights. Much merriment and entertainment was the result of the talent show on Friday night.

Working Girl's Boudoir Wardrobe Should Be Practical

This brushed rayon gown in coral was designed for the paycheck girl. It's edged in white Venice lace, has a mandarin collar, white pearl buttons, and is slitted at the sides for comfort.

BY EDNA MILES

THE girl who earns her own living and must therefore get an entire wardrobe from her paycheck each season quickly becomes a shrewd shopper. When she shops, she looks for practicality as well as fashion.

In choosing boudoir fashions, she passes up gold-etched tricot and the pleated nylon nets in favor of gowns and pajamas that are charming but inexpensive. And, in making her selections, she looks for fashions that are young, that are comfortable, that launder well.

Designer Myrtle Mayfield has done a series of just such gowns and pajamas for Colura in high fashion colors and in warm and washable brushed rayon.

These have a styling that's definitely young. They're done in warm, glowing colors: aqua, coral, pink and sand. Some have clean touches of white in big pompons while others are sparked by bright ribbons.

The mandarin collar, the Peter Pan collar and the dolman sleeve appear in these gowns and pajamas, both for fashion and for comfort. Flowing cuffs are used, too, and often they are piped in a contrasting color.

Warm wear for a wintry night is the over-all pajama in aqua brushed rayon. Waist-length jacket has a wide slit collar touched with coral ribbons.

There should be no question about it! There's no use getting angry at your hens if they begin to act coy around the nests.

It's time to swing into action with a feeding program designed to furnish not only the basic nutrients such as proteins, carbohydrates and fats, but also the equally important vitamins and minerals so often missing in ordinary rations.

Clarence Kidds Wed 60 Years Christmas Eve

Sixty years of married life is the happy, enviable record of Mr. and Mrs. Clarence A. Kidd, 119 Hawkes-av, On Christmas Eve, 1891, before a gathering of families and friends in Granville, O., their vows were spoken. To them were born three children: J. Marshall Kidd; Hubert Tallant Kidd, who died as a casualty of World War I; and Martha Elizabeth Poultry. Now there are six grandchildren and three great-grandchildren.

They moved to Columbus in 1893, then a struggling city with horsedrawn streetcars, and eventually built the home on Hawkes-av where they have lived for the past 45 years. As is the common lot of mankind, bad times, as well as good, have come their way. During the disastrous flood of 1913 they survived in the upstairs of their home for seven days until rescue came. Wars have left their mark, but still they say gratefully, "We are so lucky we have each other."

Mr. and Mrs. Kidd celebrated with open house for relatives and friends the afternoon and evening of Dec. 24 at the home of their son and daughter-in-law, Mr. and Mrs. J. Marshall Kidd, 94 Montrose Way.

Drain Motor Oil More Often in WINTER!
Heavy condensation caused by cold weather, short trips and stop-start driving . . . plus fuel dilution caused by choking . . . are the things that build up winter sludge in engines. The only way to get rid of it is to drain the oil often.
Here's what SLUDGE does to engines

This is "cold sludge" which contaminates oil, sticks to engine parts.

Clogged oil screen . . . caused by ice and sludge can result in costly overhaul.

Dirty piston rings...fouled by cold sludge cause high oil consumption, poor gasoline mileage and repair bills.

In Passing

By ESTHER WEAKLEY

Several readers of the Hilltop Record and West Side News have asked that the articles "What Is a Boy" and "What Is a Girl" be reprinted.

These popular articles were written by Mr. Alan Beck, and distributed by The New England Mutual Life Insurance Co., 501 Boylston-st, Boston, Mass. Copies suitable for framing may be obtained free of charge, by writing to this address. Permission to reprint the articles was graciously given by Mr. Beck. Am sure they will be enjoyed more than anything I could write for "In Passing."

WHAT IS A GIRL?

Little girls are the nicest things that happen to people. They are born with a little bit of angel-shine about them and though it wears thin sometimes, there is always enough left to lasso your heart—even when they are sitting in the mud, or crying temperamental tears, or parading up the street in mother's best clothes.

A little girl can be sweeter (and badder) oftener than anyone else in the world. She can jitter around, and stomp, and make funny noises that frazzle your nevres, yet just when you open your mouth, she stands there demure with that special look in her eyes. A girl is Innocence playing in the mud, Beauty standing on its head, and Motherhood dragging a doll by the foot.

Girls are available in five colors—black, white, red, yellow or brown, yet Mother Nature always manages to select your favorite color when you place your order. They disprove the law of supply and demand—there are millions of little girls, but each is as precious as rubies.

God borrows from many creatures to make a little girl. He uses the song of a bird, the squeal of a pig, the stubbornness of a mule, the antics of a monkey, the sprryness of a grasshopper, the curiosity of a cat, the speed of a gazelle, the slyness of a fox, the softness of a kitten, and to top it all off He adds the mysterious mind of a woman.

A little girl likes new shoes, party dresses, small animals, first grade, noise-makers, the girl next door, dolls, make-believe, dancing lessons, ice cream, kitchens, coloring books, make-up, cans of water, going visiting, tea parties, and one boy. She doesn't care so much for visitors, boys in general, large dogs, hand-me-downs, straight chairs, vegetables, snow suits, or staying in the front yard. She is loudest when you are thinking, the prettiest when she has provoked you, the busiest at bedtime, the quietest when you want to show her off, and the most flirtatious when she absolutely must not get the best of you again.

Who else can cause you more grief, joy, irritation, satisfaction, embarrassment, and genuine delight than this combination of Eve, Salome and Florence Nightingale? She can muss up your home, your hair, and your dignity—spend your money, your time, and your temper—then just when your patience is ready to crack, her sunshine peeks through and you've lost again.

Yes, she is a nerve-wracking nuisance, just a noisy bundle of mischief. But when your dreams tumble down and the world is a mess—when it seems you are pretty much of a fool after all—she can make you a king when she climbs on your knee and whispers "I love you best of all!"

WHAT IS A BOY?

Between the innocence of babyhood and the dignity of manhood we find a delightful creature called a boy. Boys come in associated sizes, weights, and colors, but all boys have the same creed: To enjoy every second of every minute of every hour of every day and to protest with noise (their only weapon) when their last minute is finished and the adult males pack them off to bed at night.

Boys are found everywhere—on top of, underneath, inside of, climbing on, swinging from, running around, or jumping to. Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them, and Heaven protects them. A boy is Truth with dirt on its face, Beauty with a cut on its finger, Wisdom with bubble gum in its hair, and the Hope of the future with a frog in its pocket.

When you are busy, a boy is an inconsiderate, bothersome, intruding jangle of noise. When you want him to make a good impression, his brain turns to jelly or else he becomes a savage, sadistic, jungle creature bent on destroying the world and himself with it.

A boy is a composite — he has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the imagination of a Paul Bunyan, the shyness of a violet, the audacity of a steel trap, the enthusiasm of a firecracker, and when he makes something he has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, woods, water (in its natural habitat) large animals, Dad, trains, Saturday mornings and fire engines. He is not much for Sunday School, company, schools, books without pictures, music lessons, neckties, barbers girls overcoats, adults, or bedtime.

Nobody else is so early to rise or so late to supper. Nobody else gets so much fun out of trees, dogs and breezes. Nobody else can cram into one pocket a rusty knife, a half-eaten apple, 3 feet of string, an empty Bull-Durham sack, 3 gum drops, 6 cents, a sling shot, a chunk of unknown substance, and a genuine super-sonic code ring with a secret compartment.

A boy is a magical creature—you can lock him out of your work shop, but you can't lock him out of your heart. You can get him out of your study, but you can't get him out of your mind. Might as well give up—he is your captor, your jailer, your boss, and your master—a freckled-faced, pint-sized, cat-chasing bundle of noise. But when you come home at night with only the shattered pieces of your hopes and dreams, he can mend them like new with the two magic words: "Hi, Dad!"

Here's a life-line for motorists from the Safety Council of the Columbus Chamber of Commerce. Wintertime is danger-time. Ease up in a freeze-up! And wise up to all weather hazards.

West High Senior Prom Scheduled

The 12A class of West High School will hold its formal dance Wednesday, Jan. 16, in the West High gym.

Committees for the dance will be refreshments, headed by Roy Martin, and Martha Barker; decorations by Jim Martin and Nancy Miller; publicity, Ron Krams and Irene Batteinger; entertainment, Jack Hagans and Jerry Cline.

To prevent skids as much as possible, do this: Keep your speed down . . . allow plenty of space for gradual stopping . . . use your tire chains on ice and snow . . . Allow an extra margin of caution at all times. And take your time—it's wintertime.

Bible Comment:

Idolatry Was Sin Of the Israelites In Early Centuries

ONE can hurt himself by taking extra credit or more spoils than are deserved in a victory, no matter what type of fight.

A real leader's contribution to the success or defeat of a nation can never be underestimated—and is most often misunderstood. Israel's Achan is a fitting example.

Achan was a very intelligent man, a clever leader, a man of indelible charm. How such a man succumbed to temptation is a story not easily understood. But, succumb, he did.

His infamous act did not go unavenged, however. Achan later confessed coveting and purloining 200 shekels of silver and a wedge of gold and for his greed was stoned and burned alive.

The mercilessness of the Israelites, as when they punished Achan, stemmed from their belief that their nation was weakened and endangered by the extent to which any individual set his gain or interest above the welfare of the [illegible].

Today, with investigations of high government officials going on almost constantly, we see that our modern day leaders receive no such harsh punishment as did Achan for plundering.

We are told that perhaps the greatest weakening sin of the Hebrews was idolatry which led to a distinct moral decline.

We, today, have idolatries equally as perverting as did the ancients. Power, pleasure or money—how many of us have not made a god of one of these? How many in high places? Small wonder the public's increasing disgust with many government officials who have been found incompetent.

We must have leaders whose ideals are mirrored in their personal lives—leaders with exemplary lives whom we can trust to lead us.

The people cannot tolerate another Achan. They must have implicit trust in their leaders.

YET WHAT SATISFACTION THERE IS IN GETTING THIS DECISION MADE

"Some other day," we say, as somehow we hate to face one of life's most important decisions—the choice of a family burial estate.

But how sensible to choose it now. Then this family matter will be a family decision. Everyone concerned can have his say, so decide today to visit Sunset Cemetery and make your selection.

The old year has been good to us despite the many heartaches. The New Year will bring many changes and it is our wish that each change may improve our approach to life therefore making it a HAPPY NEW YEAR.

THE Gates of the year

All of us stand at the gates of the New Year.

All of us will enter them soon.

What shall we carry with us? The regrets for things left undone in the old year? Or shall we shoulder our hopes for the New Year—and pass bravely through the gates . . .

It is a temptation to carry the old regrets with us—the plans, the dreams, the ambitions never quite realized. It is hard to leave them behind.

But the New Year calls for courage, and a "free step". We cannot carry the old regrets forever. Now is the time to drop them, to back up our new resolutions with action, and with the courage that comes from the Church, march happily into this brave New Year.

Carry your good memories of bygone days, for they are light. But cast the regrets aside—they can only be burdens. Enter the gates of the New Year with courage and hope and *faith*, and the road will be clear ahead.

With the hope that you will make this year count as one of your best years, and with the thought that a lifetime is measured by action—not hours—your Church wishes you and your dear ones the happiest of New Years.

Cast away from you all your transgressions . . . and make you a new heart and a new spirit.

Woman Produces the Evidence To Solve Purse Snatching Case

Dreama Roberts, 22, of Huntington, W. Va., produced the evidence that may convict Jerry Fuerry, 33, and James L. Teasley, 35, both of Springfield, O., of grand larceny in last Thursday's purse snatching at the Westgate Maintenance Co., 2616 W. Broad-st.

Mrs. Selma Dethy, 3019 Parkside-dr, noted that her purse containing $37.50 was missing after the two men had come into the W. Broad-st office. They returned to their car and where Miss Roberts was waiting and drove to a Westgate alley and discarded the purse. When they saw they were spotted by an off-duty patrolman, Don Householder, they retrieved the purse.

Householder called headquarters and gave them a report on the happenings together with a description of the car and the license number. Within a half hour state highway patrolmen apprehended the trio at Harmony, O., on Route 40.

Detectives were puzzled when they found only $3 of the missing $37.50. A check of the purse, discarded a second time in an alley near the scene, disclosed it still contained $14.50. That meant $20 was still missing.

Under further questioning Miss Roberts admitted that she had swallowed a $20 bill as they fled state highway patrolmen. She "produced" the evidence Saturday in a perfectly natural way and was released by police when her story was proven true.

Fuerry and Teasley were related Saturday and charged with grand larceny. Detectives noted that the case had been cleaned up.

Mission Gifts Total $4,705

Sabbath school members of the Eastwood Seventh-day Adventist church have given foreign mission offerings totaling $4,705.10 during 1951, Mrs. C. N. Brown, 341 Columbian-av, church treasurer, reported this week.

To this amount will be added the special quarterly mission offering taken recently to aid medical and educational work in Latin America.

The local church had set a goal of $200, part of an estimated $315,000 to be collected today in the Seventh-day Adventist churches of North America. Approximately $50,000 of the offering is earmarked for construction of a surgical unit at the Montemorelos, Mexico, mission hospital and new buildings for the denomination's training school at Mandeville, Jamaica.

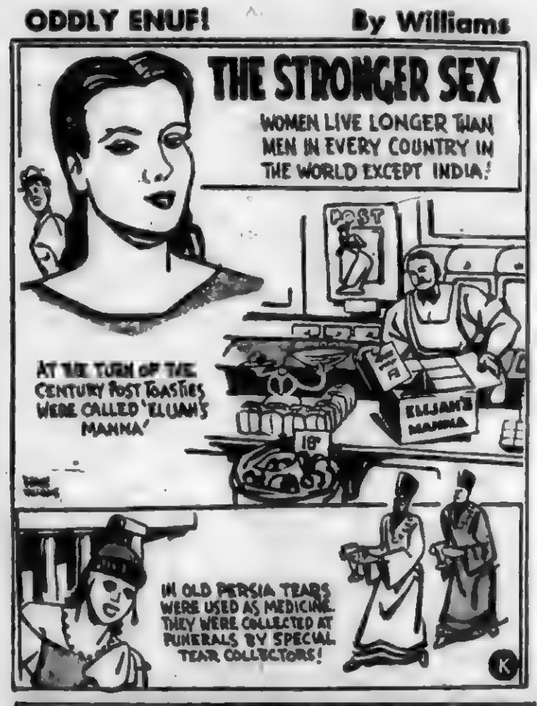
Bible Comment:

Israel Was Saved Through Deborah's Strong Influence

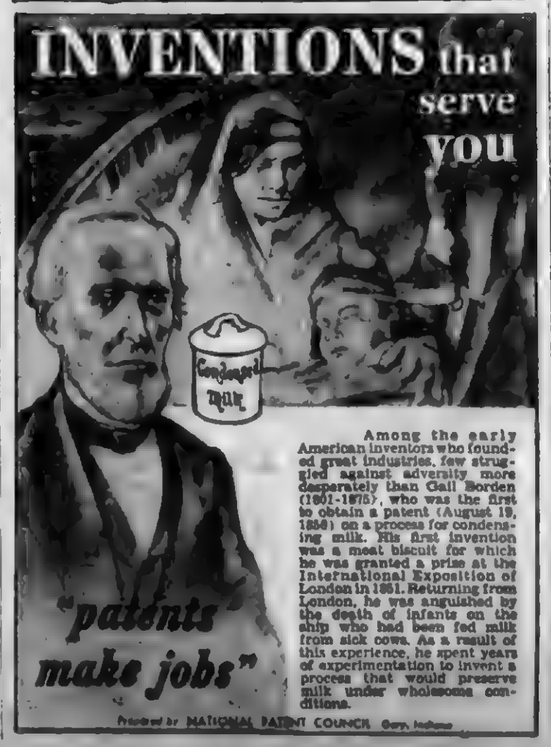
AMONG the Israelites, in the prophetess Deborah's day, women were honored, yet they were considered inferior to men, so consequently they held an inequal place.

Should anyone doubt woman's influence on man during all times in all ages it would be well to recall the example of Deborah who eventually saved her people and her country.

It was Deborah's great influence that set her apart in a position to change the course of history. Of all Israel's women we are told she was the most influential. The children of her land frequently consulted her where she dwelt beneath a palm tree. Her advice, her judgments and decisions cheered many a heart and kept alive a hope in her people.



For 20 years the conquered Hebrews had been in bondage, cowed into subjection by King Jabin of Canaan and his ruthless Captain [illegible]



Deborah who had won the greatest confidence of her people became the leader of an underground movement whose purpose was to secure the Israelites' release from bondage.

At the proper time she sent for the soldier Barak and asked him to lead forces against Captain Sisera. But although her strategy was sound, Barak refused. He turned down her plea not because he was a coward but because, realizing the odds against him were so overwhelming, he felt his men would surely all be slaughtered. Barak finally consented to go if Deborah would accompany him.

With her magnetic presence to buoy them up Barak and his men won a tremendous victory at Mt. Tabor. Sisera fled to later meet death at the hand of Jael. And Deborah? This member of the "inequal sex" became an outstanding inspiration to women right down to this day.

ODDLY ENUF! By Williams

The Low Down On High Ridgers

A warm welcome to our new neighbors who just moved in on Butler-av. MR. AND MRS. JOSEPH GROLLEMUND settled in their home before the holidays started.

Congratulations to MR. AND MRS. MICHAEL TONER who had a little son for their Christmas present. He was born Dec. 10.

No, HERB RUMFIELD wasn't looking for Santa Claus atop his roof last Thursday night. 'Tis right, he was up there at midnight with his floodlight, but he was mending a leaky crevice on his roof.

Just learned that BILL ZAHN played Santa Claus at one of the downtown stores this past month. Says he had fun, especially when his little nephew was on his knee and told him his uncle had a tooth out just where his was. The truth will come out—just like a tooth.

"Not quite as big as they had other years," says EDNA WHEELER about her Christmas tree. They have been wanting a white artificial tree for several years, and this year their hopes came true.

She received a card from the WEAVERS who spent Christmas with her mother.

Also heard from the GERRY RENTSCHLERS who spent the holidays in Allentown, Pa., with his folks.

Knitting at home is GARY BROWNLEE—not with his hands though. It's his leg that is knitting itself since he fell on the ice three weeks ago. He's getting along fine.

Losing his professional standing ART SCHOLER fell from the ladder when he was putting the star on top of the tree. His injuries were minor, however, and he's no worse for it now.

New Year's Eve parties will be held at the various neighbors' houses. We'll be visiting each other about midnight, as usual.

HAPPY NEW YEAR!

HUSKIES—

(Continued From Page One)

them in out of this storm," replied the officer.

A few moments later the officer was a bit red-faced when he learned that the reference to huskies meant that the dogs were sledge dogs, whose natural habitat demands that they stay in cold weather. The three dogs, one a Malamute, one a Siberian and the other a Samorede had just arrived in Columbus with their owner, Pat Hanning, from the far reaches of the Rocky Mountains in Colorado.

Pat Hanning who has lived for 40 years on the Hilltop came home from his Hidden Lakes Lodge near Lyons, Colorado, a resort which he operates there for fishing and hunting parties. Home again for the holidays he brought with him three of his 30 or more husky dogs. They are the first to appear in Columbus and with the cold weather experienced in recent weeks are thoroughly enjoying themselves when they can be taken from the garage they were forced into by complaints to neighbors to the Humane Society.

The dogs, according to Hanning, are used in the Rockies for sledge freighting in the deep snows and for rescue work in the mountain areas as well as for tobogganing and taxi service. The dogs are said to be one-eighth wolf.

Hanning formerly resided on the Hilltop at 314 Columbian-av. He attended Highland School, and West High, graduating from the latter in 1929. His lodge is located in a scenic South St. Vrain region of Colorado where he is president of the South St. Vrain Business Association and is also the head of the Mountain Police Association.

Referring to his husky dogs, Pat said, "Lots of folk would have you believe that these dogs are vicious but that is untrue. As long as they are well fed and cared for they are the same as any other pet. Up in the north country where the dogs are permitted to forage for their own food they do in time revert back to their wolf strains, but they are not the type of dog referred to by Jack London."

Juniors In Boy-Girl Show

The talent of West Junior High will combine with that of senior high to present one boy and girl sales tax show Jan. 10.

Some of the acts that will appear from junior high, are a novelty song, sang by six 8A girls, who register in room 238. The girls will present "Making a Train" and are Susan Moore, Shirley Hill, Maureen Krems, Betty Trickel, Shelby Adams, and Bonnie Trickel.

Nancy Wilson will be singing "I Ran All the Way Home", and Carol Carmeans will sing and yodel accompanied by a senior high girl playing the guitar.

Three accordions will share the spotlight. The three are Helen Gyton, Fred Lanch, and Ken Carpenter.

Well known in junior high shows, Carol Temple will dance to "Undecided."

Karen Paul will entertain with a song entitled, "Can't Help Lovin' That Man of Mine."

Norman Latorre, a new student at West this semester will also sing.

The Safety Council of the Columbus Chamber of Commerce suggests this New Year's resolution for every family in America: Resolve to make sure your home is a safe, livable home this year and henceforth. This means a home inhabited by a careful family who make a consistent effort to keep accident hazards out of their home.

Smoke Gets In Trustee's Eyes But Fire Chief Moffitt Stays

If you saw smoke coming from the Franklin Township Hall on New Years Day it probably was due to the heated five hour argument going on inside the building.

It was the first meeting of 1952 for the Franklin Township Trustees but a more than usual interest was shown when over 30 residents of the various sections of the township showed up.

It all came about when word got out that John Guy, newly elected trustee, was going to ask for the resignation of James Moffitt, township fire chief.

The trustees opened their meeting at 10 a. m. in a small room at the rear of the hall and after asking to be heard, the group of 30 individuals waited 40 minutes and when session was forthcoming they marched on the small room with Constable John Qualette trying to hold them back.

When the trustees consented to hear the group representatives of those present, including George Gusler, William Maurer, Harold Derrer, Floyd Campbell, and W. Walters asked, "Why is Chief Moffit being asked to resign?"

When the question was directed to Gus Peoples, president of the board, who did not answer directly, Guy then stated, $3600 is pretty expensive for a telephone operator." Guy is also reported to have said, "The people will not dictate to me."

Harry Shonting, third member of the board, stated he had not been informed of any such decision.

The meeting took on heated proportions and tempers flew with an occasional outburst of profanity.

Clerk Paul Wichterman was instructed by the trustees to go across the street to the fire house to advise Chief Moffitt to stay away until the meeting was over. After this had been done one of the spokesmen for the crowd proceeded to produce Moffitt who verified that he had been asked to resign.

Also a point in the argument was that of whether the communications system should be changed.

The heated arguments brought up a review of the recent political campaign and Guy, bailiff in Judge Rose's Court of Domestic Relations, was accused of improper electioneering practices.

When the meeting broke up at 3 p. m. with no noon time intermission the trustees had agreed to keep Moffit in his present position at the present rate of pay until April 1.

The next meeting of the board is scheduled for Feb. 1 at the Briggsdale fire house. Line forms at the right! Standing room only!

Paving Of Local Streets Asked To Aid Building

Two petitions filed this past week with the city and county by Pat Tonti and Brookshire Park Inc. requesting the paving of two more Hilltop thoroughfares marked the first step toward the development of a new one and one quarter million dollar building project. Paving has been asked for S. Harris-av from Eakin-rd to the corporation limit and for Vandenberg from S. Richardson to Harris-av.

Tonti has already awarded a contract to pave S. Richardson-av from Eakin-rd south to the corporation limit to George Igel and Co. Construction of 108 new units has already begun on S. Richardson-av by the Brookshire firm which is owner and developer of the project.

Included in the building program too, is the possibility of construction of a new Drive-In Bank for the Hilltop at a site which has not as yet been revealed. It was learned this week that Mary B. Tonti is currently completing negotiations for the new building which is expected to be completed by early May.

Alfred Tonti of the Brookshire Park firm this week said, "Our firm has in construction now the first 10 of a hundred units which will be built on the Hilltop during this next year. These will consist of singles, doubles and a number of three bedroom, one and one-half story homes, all of which will be available through FHA."

During the year of 1951 Ray Tonti, Harold Yeager and Alfred Tonti built a total of 121 new units in the Hilltop area. These consisted of 52 singles in Broadtown Addition west of the city limits, 15 homes on Eakin-rd between Richardson and Ogden-avs, 16 apartments at W. Broad and Burgess-av and 15 units on S. Powell-av.

Fifty doubles are planned for this forthcoming year as rental property, according to Alfred Tonti who ic acting as agent for them. "These," he said, "will help ease the pressing need for good rental property on the Hilltop. Most homes are now owner occupied making it very difficult for anyone desiring to rent a home."

Death Claims 'Little Billy' Bumgarner

Services of Billy Bumgarner, three-year-old son of Mr. and Mrs. Neil Bumgarner, 21 S. Burgess-av, will be held this afternoon at 3 p. m. at the O. R. Woodyard funeral home. Billy was stricken for three months with cancer of the bone and little hope was ever held for his recovery. A tragic climax to the family's Christmas celebration was his death on New Year's ...

Billy had made many friends through the stories appearing in the Hilltop Record and other newspapers. Cards and gifts were still reaching the Bumgarners at Christmas time.

Surviving together with his parents are a brother, Thomas L., maternal grandparents, Mr. and Mrs. H. W. Schurr, 554 Whitethorne-av, and paternal grandmother, Mrs. Esther Williams of Echo, Ohio.

March Of Dimes Polio Drive Is Now Underway

Final plans for the 1952 March of Dimes polio fund drive have been completed, according to Thomas A. Sabrey, chairman of the drive for the eighth consecutive year. The annual house-to-house solicitation will be conducted by 3500 women volunteer workers under the direction of Mrs. Glen H. Kraft, 259 E. Longview-av, and Mrs. Bart Mead, 5380 Cherry Bottom-rd, Gahanna, co-chairmen of the Women's Division.

Mr. Sabrey said, "In former years, we have looked to our Women's Division for the major portion of Franklin County's share of the national March of Dimes goal. This year, more than ever, we are counting on them because the last four years have been the heaviest polio years on record, with more than 132,000 cases being reported. More money is needed to provide adequate patient care, to train special personnel and to continue vital research leading to a cure for polio."

Thirty-six colonels from every section of Columbus and Franklin County will assist Mrs. Kraft and Mrs. Mead in the supervision of the house-to-house solicitation beginning the first week in January.

Women from this community who are listed in the group of colonels for the drive are: West Side, Mrs. Joe Stevenson, 253 Cypress-av; Hilltop, Mrs. Howard Lloyd, 128 N. Eureka-av; Westgate Mrs. Don Rice, 288 S. Algonquin-av, and Mrs. Lawrence Mack, 176 S. Algonquin-av; Prairie, Pleasant, Jackson and Franklin-twps, Mrs. John Kell, of Grove City, and Washington, Norwich and Brown-twps, Mrs. John Yore, Amlin.

Orphaned Children Are Feted At Christmas Party Provided Through Efforts of Jack Sherick

Pictured above amidst a group of the several hundred orphans whom he entertained at a gala Christmas party at his dance studio Sunday is genial Jack Sherick who for the past 11 years has become known as the "Santa Claus" of Columbus orphaned children.

Sunday afternoon marked the eleventh consecutive year that Jack Sherick acted as host and god father" to more than 300 orphans from St. Vincent, St. Anne and Hare Orphanages. As "Uncle Jack" watched and smiled the dance studios he operates at 68½ E. Long-st, reverberated to gales of childish laughter and merriment.

Candies, ice cream, soda pop and cookies added the party motif to the affair which saw many celebrities of stage, radio and television adding their bit to the party by providing a show of several variety acts that elicited "oh's" and "ah's" from the boys and squeals of delight from the little girls.

High point of the program however was the appearance of Santa Claus following the variety acts and games and this jovial gentleman distributed hundreds of individual gifts to the kiddies, all bought and paid for by Jack Sherick.

Actors who contributed their time and talents to making the party a complete success for its eleventh successive year were Jack Savant with his musical bowls and bells; Jess Sides and his comic unicycle and high bike act; Jackie Lee, comic violin virtuoso, and Sally Flowers with George McGarvey, who emceed the affair.

After the last little tot had left the large ballroom to return by bus to the orphanages, Jack Sherick sat wearily in the room and said, "It was a grand party for those kids, the eleventh as a matter of fact. Takes a lot of work and planning, but it's worth every bit of it."

We looked at the empty ballroom, with all its Christmas presents gone and now hugged tightly by some little orphaned child and it seemed that there still remained an echo of childish laughter and voices saying, "Merry Christmas, Uncle Jack."

A Girl Wins Stork Derby

A girl is the winner!

Carla Lou Daniels, five pound and one ounce baby daughter of Mr and Mrs. R. E. Daniels of 1513 Little-av came across the finish line as the winner of the annual Hilltop Record Stork Derby for 1952.

In addition to being the first born in the Hilltop Record Derby little Miss Daniels also became the first born in the city during the new year. She was born in Grant Hospital at 12:00 a. m., Jan. 1, according to certification made by Dr. Lovell W. Rohr, attending physician.

Community Council Will Elect Jan. 9

On Jan. 9, at 8 p. m. the Hilltop Community Council will hold an election of officers for the coming year. The council asks that all Hilltop organizations, schools and churches appoint representatives to attend the meeting. The meeting will be held in the social room at Glenwood Recreation Center.

A Brochure is soon to be released by the Hilltop Council on past activities and future aims, for the benefit of civic minded groups and individuals, who wish to help in the betterment of the community. Although the council is composed of Hilltop organizations it is felt that too few Hilltoppers are familiar with the Hilltop Council's work, and that civic problems should be brought before the council. Council meetings are held every second Wednesday of the month.

New Rome To Vote On Charter Status

Voters of New Rome will trek to the polls on Tuesday, Jan. 8, to decide by special election whether or not that community will continue as an incorporated village. The result of the election will determine if the community of 57 registered voters will return the charter of incorporation to the state.

The election Tuesday is the result of lack of interest expressed at the polls in the last November election when less than 20 voters went to the polls and fewer than ten even ballotted for the 12 village write-in candidates. A tie resulted in the mayoralty election with both Joseph Smith and Gideon Rosech denying they wanted the post. Smith finally was decided as mayor on the flip of a coin. Another blow followed when other write-in winners refused to accept office.

Finally, "more in exasperation than frustration," according to the Board of Election officials, a petition was prepared and submitted to the village council requesting that the charter issued by the State of Ohio be surrendered. The council wrote the ordinance and the Board of Elections set the Tuesday election date.

There is a mixture of opinion in the small village today as the approaching election draws nearer and seems to spell the "death of a village."

Mrs. Donald Garnett, 5346 W. Broad-st, president of the Board of Public Affairs said, "I hate to see the charter relinquished, but realize that is what will most surely happen because there are not enough people to take office. The giving up of the charter means the loss of street and traffic lights as well as other improvements we have worked so hard for. It also means the return of the waterworks to the county."

Retiring Mayor Gideon R. Roesch 34 West-st says, "I think it will be the best thing ... relinquish the charter rather than to struggle along with the few interested people in the community. It is best when a condition creates a severe handicap in endeavoring to handle

School Delay Appears At End With Agreement

"I want to see that Westgate School building built, and it is for that reason alone that I have reached a tentative agreement with the Ang Construction Co. for the buying up of my contract." That was the statement issued early Wednesday by Frank A. Davis, electrical contractor on the project.

Davis said that all major issues had been tentatively agreed upon and that the only issue yet remaining was concerning materials that he has on the job.

In making his announcement to The Hilltop Record, Davis referred to a meeting held last week with the Camp Chase Civic Association and efforts made at that time to smooth out the difficulties which have arisen and delayed the school construction. He said, "I am disturbed greatly over the principal of this issue where an independent builder might be forced to pay tribute in order to carry out a contract. It is not the American way of life."

Davis firm is non-union and the workmen employed by the Ang Construction Co. are union and refuse to work under open shop conditions. The tentative agreement reached by Davis and A. E. George of Ang. is the sale of Davis contract to the general contractor in order that the school construction might continue.

Hilltop Male Chorus Plans Jan. 7 Meeting

First meeting of the Hilltop Male Chorus in preparation for the annual Hilltop Minstrels of Feb. 21-22 has been scheduled for Monday, Jan. 7, at 7:30 p. m. in Glenwood Methodist Church, according to announcement made this week by Bill Marot, president.

Pete Forester, director of the minstrel show this year, will be on hand at the meeting as will Clark Eberle, director of the chorus. Eberle will have complete show material available in order to start work at the Monday evening meeting.

It was pointed out this week that this year's minstrel show will be just that, a real old time minstrel show with plenty of action by the chorus. The first half of the show will be exactly one hour long and consist entirely of a male cast. After the fifteen minute intermission period the show continues presenting a number of variety acts.

Eberle, the chorus director, said this week that current plans call for a 50 voice chorus this year. He also said that there are prospects for the chorus to make several appearances throughout the year.

Oakley-av Boy Is Coasting Victim

A young boy sliding at Glenwood Recreation Center suffered painful injuries when his sled hit a tree last Thursday.

Jefferson Cheek, Jr., 10, 66 S. Oakley-av, suffered a possible rib fracture and a back injury when he lost control of his sled on the local slide.

He was taken to Mt. Carmel Hospital by the fire department emergency squad and was later removed to Children's Hospital.

Hilltop Conservation Club Planning Annual Fox Drive

The Hilltop Conservation Club's annual fox drive will be held Sunday, Jan. 6, at 10 a. m. with the hunters meeting at Biggert-rd and Big Darby Creek, according to Irvin Taylor, chairman of the drive. Armed with shot guns only, the club expects close to 300 to partake in the drive which will cover 30 acres owned by the club and several adjacent farms whose owners are cooperating with the group.

Prizes will be awarded and the women and wives of the club will serve lunch on the club grounds. Last year five fox were taken and it is the opinion of local farmers and woodsmen that there will be even more this year.

The 30 acres owned by the club has picnic facilities, a children's playground and trap grounds. Since its purchase in 1949 the land has been planted with numerous hedge, pine and hardwood plants. This year an acre of corn was left standing for the wildlife and the club carries on winter feeding at the grounds. The picnic and playground facilities are available to youth groups and children's organizations free of charge and may be had for other groups for a minimum fee.

The conservation club is now in the second month of its membership drive which will continue until March 1. Two competing teams headed by Irvin Taylor and W. L. O'Neill are each hoping to win a free dinner from the other. Anyone wishing particulars about memberships may call either team captain or C. M. Price, secretary of the organization at RA. 2877 or the group's president, E. L. Close at RA. 3854.

Try these suggestions for spiritual guidance and strength.

1. Keep a regular time each day for Bible reading.
2. Read thoughtfully and prayerfully. Try to imagine the situations.
3. Read carefully and unhurriedly, with mind alert and without interruption. "Time exposures," not snapshots should be the rule.
4. Read expectantly, with anticipation. Seek a personal message in each day's passage.
5. Let God through the Bible speak directly to you, ever willing to receive and practice. Your inner response to God's message is vital. When He condemns, bow penitently. When He offers light, place your hope on it. When He commands, obey.
6. Copy out a key verse to carry with you. Refer to it and repeat it throughout the day.

Dear Editor:

The old year is past. The things we have said and done are gone forever. They cannot be recalled. We can have memories of them, but that is all.

If the retrospection brings pleasures, then we are happy. If it has brought remorse, then all we can do is to try to atone for them, but the scars remain. They can not be erased.

It might be well for each one to take an inventory of things said and done in the old year to see what our record shows—whether our lives are on the upgrade or downgrade.

One never knows who may be following in our footsteps. If perchance some are following, what direction are we leading them?

In pondering this question, these lines came to me and I pass them on to those who may read them, maybe they will cause some one to pause and meditate.

We have reached another milestone
Placed along our life's pathway;
It may be few or many milestones
As we count this New Year's Day.

Milestones always mark the distance
We have traveled on our way;
Causes us to pause and ponder
Over things both sad and gay.
As we look into the background
Of our checkered life's career,
We wonder if our pathway
Has brought comfort, hope and cheer,

Have we made the journey brighter

For the ones who come along
O'er the pathway we have travelled
As the days have come and gone

Have we thoughts of selfish comforts,
Forgetful of another's woe,
Never easing pain and sorrow,
Sensual pleasure all we know?
The greatest service we can render
To our fellow man today,
Is to give our lives for others,
Help to drive despair away.

Make the load a little lighter,
Drive the tears of care and gloom
From the eyes of fellow travelers,
For the happier things make room.
Then the milestones will mean something
More than only selfish gain;
Think of others, do for others,
Bring them joy instead of pain.

Milestones come and milestones go
With the swiftly passing years;
We have left our stamp on others,
Marks of joy or marks of tears.

May our milestones bring contentment,
No remorse for things we've done;
All our pathway strewn with gladness,
Peace and joy and victories won.

SMALL BUSINESS

"Carrying coals to Newcastle" has long been an American expression for idiocy. For generations Europe, and especially England, France and Germany, has had surplus coal.

• • •

And undoubtedly, England would have a coal surplus today if miners went to work. But after centuries of control by a super - monopoly, followed by a bungling Socialistic control, England's mines are not getting the coal out.

C. W. Harder

• • •

It is not difficult to guess the solution being followed.

• • •

The Marshall Plan is solving that situation. Not only is American sending 20 million tons of coal to Europe, but American taxpayers are also being assessed transportation costs.

• • •

Actually, the burden on taxpayers is at least quadrupled.

• • •

Coal being shipped to [redacted] costs $6.60 per ton average at the mine. But by the time that same coal is landed in England, or Europe, the cost has jumped from $24.00 to $28.00 per ton.

• • •

Now there appears in Washington representatives of big firms who control this nation's coal arm in arm with John Lewis, head of the miner's union. Their wants are simple.

• • •

They merely want the Marshall Plan to raise the shipments of coal to Europe from 20 million tons to 30 million tons.

• • •

Thus comes into sharp focus, the close working agreements between monopoly industry and monopoly labor unions.

Many publicized disagreements between Big Labor and Big Business are as phony as the Bing Crosby-Bob Hope feud. It's all in the spirit of good clean fun pursuing an old game of misleading the general public.

• • •

For a long time, due to petroleum, better usage of fuels, and chaotic strikes, the American coal industry has been on the down grade. Mine owners who form a pretty tight monopoly, want to hold high profits. Or, the other hand, John Lewis claims greater coal production is needed for his miners.

• • •

Yet, that claim does not ring true at a time when production of copper and other metals does not meet the needs due to a shortage of miners, and when copper producing areas are extensively advertising for miners.

• • •

Naturally, if coal miners go into other mines and other unions Lewis loses dues and power. It is also a safe presumption that small coal outfits are getting little, if any, of this foreign business.

• • •

And naturally, [redacted] mine workers are most happy to work with John on this matter. As long as American taxpayers will pay the cost of giving away coal, and as long as American consumers will pay more for coal, they have everything to gain and nothing to lose.

• • •

Many Congressmen, now at home, are becoming educated by the small and independent businessmen. Gradually, this fact is sinking in.

• • •

Government wasting of the people's money is a weapon for building monopoly in the nation. Industrial and labor monopolies are using a weak minded government to perpetrate one of the greatest hoaxes in history.

Girl Scout Troop No. 360 displayed the above craft achievements when they held an open house for parents and friends recently.

To celebrate their first year of scouting, Girl Scout Troop No. 360, of Sullivant Gardens, opened wide the door of their brand-new troop room. All parents and adults interested in scouting were invited to attend the Open-House.

The girls who range in ages from 10 to 14 years, have made progress in this one year. A wide and varied field of craft and study was on display for guests to view. Items made in camp, on the trail, and in the troop-room were there. The troop's leaders, Mrs. J. A. Gatwood and Mrs. J. H. Palmer helped the girls make curtains, slipcovers, decorate with paint and brush, and in general, claim the once bare room for their own.

This troop has worked hard; they have high goals for the coming year. They have been active in community service, nature trails and first aid. They plan to go into civilian defense soon.

Fence THAT "STANDS UP"

Here's an economical fence that's got real "backbone." It's the only fence with the check-absorbing PIONEER KNOT . . . the semi-flexible knot that gives slightly under pressure, then comes back straight. Continental Fence is tough, too . . . made of special analysis copper steel with a uniform zinc coating . . . and it's FLAME-SEALED for extra protection against rust. Next time you're in, take a look at this Continental Fence . . . it's a mighty good "buy."

THE Open road

There are two ways of looking at this picture—and either way, you would be right.

First, it's a nice picture with a good theme. A country church, blanketed by snow, stands white, silent and majestic against a winter sky.

But it's a significant picture, too. For note this—with all the work that winter brings to farms, the members of this farming area served by this church will still find time to clear away the drifts on the "church road"—to keep that road an open road.

And why?

Block off this church from the American countryside, and you would be stifling away a great symbol—one that generations of farm families have depended upon, and whose meaning is still as fresh as the spring miracle of crops growing in the fields.

When there were no schools, this church taught. When there were no other meetings places, this church served. And today, as always, this country church reflects the true spirit of its congregation as a place where the traveler knows that here—at any time—he can count on an open road—to an open door. . . .

. . . We ourselves glory in you in the churches of God. . . .

Joe Briggs Says:
A man could retire nicely in old age if he could dispose of his experience for what it cost him.
And one of the costliest experiences can be that of suffering a loss without being adequately insured. You'll have a lot more for that retirement if you spend a little now for the insurance you need. We'd like an opportunity to talk it over with you in a friendly fashion.
